

PRELIMINARY OFFICIAL STATEMENT DATED SEPTEMBER 24, 2024

In the opinion of Wyatt, Tarrant & Combs, LLP, Bond Counsel, (i) under the Internal Revenue Code as presently enacted and construed and subject to the conditions and limitations set forth herein under the caption "TAX TREATMENT," interest on the 2024A GO Bonds is excludable from gross income for federal income tax purposes and (ii) the 2024A GO Bonds are exempt from ad valorem taxation, and the interest thereon is exempt from income taxation, by the Commonwealth of Kentucky and all of its political subdivisions and taxing authorities. See "TAX TREATMENT" herein.

\$139,720,000*

JEFFERSON COUNTY SCHOOL DISTRICT, KENTUCKY
GENERAL OBLIGATION BONDS, SERIES 2024A

Dated: Date of Delivery

Due: As shown herein

Interest on the above captioned bonds (the "2024A GO Bonds") is payable semiannually as described herein. The 2024A GO Bonds will initially be issued as book-entry bonds registered by the Bond Registrar hereinafter identified in the name of a nominee of The Depository Trust Company ("DTC"), which will act as securities depository for the 2024A GO Bonds. Individual purchases of 2024A GO Bonds may be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple of \$5,000. Principal of and interest on the 2024A GO Bonds shall be payable to DTC, which in turn will remit such principal and interest to the beneficial owners of the 2024A GO Bonds through DTC's participants as described herein in "Appendix G – Book Entry System".

The 2024A GO Bonds and the interest thereon are general obligations of the Jefferson County School District (the "District"), a county school district organized and existing under Section 160.010 of the Kentucky Revised Statutes ("KRS"). As general obligations of the District, the 2024A GO Bonds are payable in accordance with KRS Chapter 66 from all lawfully available amounts received or receivable by or on behalf of the District (including but not limited to ad valorem property taxes, occupational license fees, insurance premium taxes, excises, utility and service revenues, and any other receipts from taxes, excises, permits, licenses, fines, or other source of revenue of, or of revenue distributions to, the District), including any aid to, or revenues or entitlements of the District duly withheld or intercepted by the Kentucky School Facilities Construction Commission (the "Commission") in accordance with a Participation Agreement (defined below), to the extent permitted by law (collectively, "Pledged Receipts"). No liability shall attach to the elected officials, officers, agents, employees, or representatives of the District for the payment of the 2024A GO Bonds, including without limitation the Board of Education of Jefferson County, Kentucky (the "Board"), a body politic and corporate of the Commonwealth of Kentucky (the "Commonwealth"), organized and existing under KRS 160.160(1) to manage and control the District.

The District deems this Preliminary Official Statement to be final for purposes of Securities and Exchange Commission Rule 15c2-12 (the "Rule"), except for certain information herein which has been omitted in accordance with the Rule and will be provided in the final Official Statement.

The 2024A GO Bonds are offered when, as, and if issued by the District and received by the Underwriter, subject to prior sale, to withdrawal or modification of the offer without notice, to the approval of legality by Wyatt, Tarrant & Combs, LLP, Bond Counsel, and to certain other conditions. Certain legal matters will be passed on by Kevin Brown, Esq., General Counsel to the District. The 2024A GO Bonds will be available for delivery on or about October __, 2024.

Dated: October __, 2024

* Subject to adjustment as described in the Official Terms and Conditions of Bond Sale.

This Preliminary Official Statement and information contained herein are subject to change, completion or amendment without notice. These securities may not be sold nor may an offer to buy be accepted prior to the time the Official Statement is delivered in final form. Under no circumstances shall this Preliminary Official Statement constitute an offer to sell or the solicitation of any offer to buy, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

REGARDING USE OF THIS OFFICIAL STATEMENT

AUTHORIZED INFORMATION AND REPRESENTATIONS

No dealer, broker, salesman or other person has been authorized by the District, the Board, the Fiscal Agency Group (identified above and defined below), or the Underwriters (defined below) to give any information, or to make any representations, other than those contained in this Official Statement. Moreover, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing. This Official Statement does not constitute an offer to sell, or the solicitation of any offer to sell, or the solicitation of any offer to buy, nor shall there be any sale of, the 2024A GO Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. Except where otherwise indicated, the information set forth herein has been obtained from the District and the Board and other sources that are believed to be reliable but is not guaranteed as to accuracy or completeness, and is not to be construed as a representation, by the Fiscal Agency Group or the Underwriters. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall at any time or under any circumstances imply that information or expressions of opinion herein are correct as of any time subsequent to this date or that there has been no change in the affairs of the District or the Board since the date hereof.

In connection with this offering, the Underwriters may overallot or effect transactions that stabilize or maintain the market price of the 2024A GO Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

REGISTRATION EXEMPTIONS

The 2024A GO Bonds have not been registered with the U.S. Securities and Exchange Commission under the Securities Act of 1933, as amended (the “Securities Act”), nor has the Bond Resolution adopted August 20, 2024 authorizing and approving the issuance of the 2024A GO Bonds (the “Bond Resolution”) been qualified under the Trust Indenture Act of 1939, as amended (the “Indenture Act”), in reliance upon exemptions contained in the Securities Act or the Indenture Act. The 2024A GO Bonds have not been registered under any state securities or “blue sky” laws where the 2024A GO Bonds will be offered for sale, in reliance upon exemptions contained in such laws. In making an investment decision, investors must rely upon their own examination of the District and the Board and the sources of payment, security for, and other terms of the 2024A GO Bonds, including the merits and risks of an investment in the 2024A GO Bonds. No federal or state securities commission or other regulatory authority has recommended an investment in the 2024A GO Bonds and none of them has confirmed the accuracy or determined the adequacy of this Official Statement. Any representation to the contrary may be a criminal offense.

PRELIMINARY OFFICIAL STATEMENT

The District has deemed this Preliminary Official Statement final as of its date, with respect to the 2024A GO Bonds, for purposes of Rule 15c2-12 (the “Rule”) of the U.S. Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended (the “Securities Exchange Act”), except for such information as is permitted to be omitted in accordance with the Rule.

FINAL OFFICIAL STATEMENT

In accordance with the Rule, the District will deliver, within seven business days after the sale of the 2024A GO Bonds to the Underwriters, a final Official Statement with respect to the 2024A GO Bonds, dated the date of sale of the Series 2024A GO Bonds, including the information that was omitted from this Preliminary Official Statement as permitted by the Rule.

JEFFERSON COUNTY SCHOOL DISTRICT, KENTUCKY
GENERAL OBLIGATION BONDS, SERIES 2024A

** Subject to adjustment as described in the Official Terms and Conditions of Bond Sale.*

SUMMARY STATEMENT

The purpose of this Official Statement, including the cover pages and appendices, is to set forth certain information in connection with the offering by the Jefferson County School District (the “District”), a county school district organized and existing under KRS 160.010 of its General Obligation Bonds, Series 2024A (the “2024A GO Bonds”) in the aggregate principal amount set forth above. The 2024A GO Bonds are being issued to finance the acquisition, construction, and equipping of the school building facilities more particularly described in “THE 2024A PROJECT” below (collectively, the “2024A Project”). The 2024A GO Bonds shall be the first Series of Bonds issued pursuant to the Bond Resolution, and shall be on a parity and without priority or distinction as to source of payment and security with each other Series of Bonds issued pursuant to the Bond Resolution after the issuance of the 2024A GO Bonds.

Certain capitalized terms used in this Official Statement and not otherwise defined have the meaning given to those terms in “Appendix E - Summary of Certain Provisions of the Bond Resolution; Continuing Disclosure Certificate; Definitions”.

JEFFERSON COUNTY SCHOOL DISTRICT

The District is governed by a seven-member Board of Education of Jefferson County, Kentucky (the “Board”), a body politic and corporate of the Commonwealth organized and existing under KRS160.160(1) to manage and control the District. The members of the Board represent individual election districts and serve staggered four year terms. The members of the Board elect a chairperson and vice chairperson from among the members. The Superintendent of the District is Secretary of the Board and its executive officer. Dr. Martin “Marty” Pollio assumed the role of acting interim Superintendent of Schools of the District on July 2, 2017. He was appointed Superintendent of Schools of the District on February 11, 2018 and is currently serving under a four-year contract effective through June 30, 2025.

The District’s boundary is coterminous with Jefferson County, Kentucky. It is the largest school district in Kentucky and approximately the 30th largest public school system in the nation. Serving 93,418 students in preschool through grade 12, the District included a total of 165 schools and learning centers for FYE 2024: 88 elementary schools, 21 middle schools, 18 high schools, 18 special needs schools, and 20 other learning centers. Enrollment and average daily attendance for the District for the current year and the past five years can be found in “Appendix A - Operating, Financial and Tax Base Information of the District”.

The following table summarizes certain financial information relating to the District and is qualified by reference to the more complete information contained herein:

Assessed property valuation (2023-24 school year)	\$97,249,551,484 ⁽¹⁾
Total bonded debt outstanding (estimated as of 09/01/24)	\$543,849,686
Less: Bonded debt payable from other sources (SFCC) ⁽³⁾	(\$68,766,722)

Net local bonded debt	\$475,082,964
Net debt as a percent of assessed valuation	0.489%
Population: Jefferson County (U.S. Census estimate as of July 1, 2024)	782,969
School enrollment (as of 6/30/24)	93,418
(1) Excludes property removed from the assessed valuation for property tax purposes pursuant to the homestead exemption described below under “CERTAIN LIMITATIONS ON TAXATION AND OTHER TAX MATTERS”.	
(2) Total outstanding bonded debt of the District less SFCC participation. See “STATE SUPPORT OF EDUCATION – Kentucky School Facilities Construction Commission” below and “Bonded Indebtedness Outstanding of the District” in Appendix C.	
(3) Payment expected to be available from the Kentucky School Facilities Construction Commission, as described below under “REVENUE SOURCES WITHIN THE JEFFERSON COUNTY SCHOOL DISTRICT – Kentucky School Facilities Construction Commission”.	

THE BONDS

Authority

The 2024A GO Bonds have been authorized by (i) the Bond Resolution adopted by the Board on August 20, 20204 authorizing and approving the issuance of the 2024A GO Bonds (the “Bond Resolution”), and (ii) the provisions of KRS Chapter 66 (the “Act”). For further information about the Bond Resolution, see “Appendix E – Summary of Certain Provisions of the Bond Resolution; Continuing Disclosure Certificate; Definitions.”

Kentucky House Bill 727

2024 Kentucky House Bill 727 (“HB 727”), 2024 Ky. Acts Ch. 126, enacted March 28, 2024, and effective July 15, 2024, allows Kentucky school districts, such as the District, to issue general obligation bonds, pledging to their payment the full faith, credit, and taxing power of the school district, to finance the acquisition, construction, and equipping of school building facilities.

KRS 160.160(6), as amended by HB 727, provides that if a board of education that issues general obligation bonds fails to make, not less than ten (10) days prior to the date of any interest payment due on the bonds, upon notification to the Kentucky Department of Education (“KDE”) by the paying agent, bond registrar, or trustee for the bonds not less than three (3) days prior to the interest due date, KDE shall withhold or intercept any funds then due such school district to the extent of the amount of the required payment on the bonds and remit the amount to the paying agent, bond registrar, or trustee and thereafter KDE shall resolve the matter with the board of education and adjust remittances to the school district to the extent of the amount paid by KDE on the school district's behalf.

Prior to the enactment of HB 727, Kentucky school districts could not issue general obligation bonds to finance school building facilities. Instead, a school district finance corporation established by the school district under KRS Chapter 58 would typically issue lease revenue bonds to finance the acquisition, construction, and equipping of school building facilities and would lease the

facilities to the school district under an annually renewable lease pursuant to which the school district would make lease rental payments in amounts equal to and at the same times as the debt service payments due on the lease revenue bonds. Accordingly, prior to the enactment of HB 727 and the issuance of the 2024A GO Bonds offered hereby, the District typically financed its acquisition, construction, and equipping of school building facilities through the issuance of School Building Lease Revenue Bonds by the Jefferson County School District Finance Corporation. See Appendix C herein regarding the outstanding School Building Lease Revenue Bonds issued by the Jefferson County School District Finance Corporation on behalf of the District.

Description

The 2024A GO Bonds are issued as fully registered bonds in denominations of \$5,000 or integral multiples thereof. Semiannual interest on the 2024A GO Bonds is payable March 1 and September 1, commencing March 1, 2025 (each, an “Interest Payment Date”) at the rates per annum set forth on the inside cover of this Official Statement (computed on the basis of a 360-day year of twelve 30-day months). Each 2024GO Bond shall bear interest from the Interest Payment Date to which interest has been paid as of the date on which such 2024GO Bond is authenticated or, if such 2024GO Bond is authenticated prior to a date to which interest has been paid, from its original issuance.

The 2024A GO Bonds will initially be issued as book-entry bonds registered by the Bond Registrar hereinafter identified in the name of a nominee of The Depository Trust Company (“DTC”), which will act as securities depository for the 2024A GO Bonds. Purchases of the 2024A GO Bonds may be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple of \$5,000. Principal of and interest on the 2024A GO Bonds shall be payable to DTC, which in turn will remit such principal and interest to the beneficial owners of the 2024A GO Bonds through DTC’s participants, as more fully described below under “Securities Depository; Ownership of Bonds”.

Bond Registrar and Paying Agent

Truist Bank has been appointed by the District as the Bond Registrar and Paying Agent for the 2024A GO Bonds.

Redemption

Optional Redemption. The 2024A GO Bonds maturing after March 1, 2032, shall be subject to redemption prior to maturity, at the option of the District, in whole or from time to time in part, in any order of maturity (less than all of a single maturity to be selected by lot), on any date on or after March 1, 2032, for which the requisite notice can be given under the Bond Resolution, at the redemption price of par plus accrued interest to the date of redemption.

The Paying Agent shall give notice of any redemption by first-class mail, postage prepaid, not more than sixty (60) nor less than twenty-five (25) days prior to the redemption date, to the registered owner of each 2024GO Bond to be redeemed, at such owner's address as it appears on the registration books maintained by the Paying Agent.

Security and Sources of Payment

As general obligations of the District, the 2024A GO Bonds are payable in accordance with KRS Chapter 66 from all lawfully available amounts received or receivable by or on behalf of the District (including but not limited to ad valorem property taxes, occupational license fees, insurance premium taxes, excises, utility and service revenues, and any other receipts from taxes, excises, permits,

licenses, fines, or other source of revenue of, or of revenue distributions to, the District), including any aid to, or revenues or entitlements of the District duly withheld or intercepted by the Kentucky School Facilities Construction Commission (the “Commission”) in accordance with a Participation Agreement (defined below), to the extent permitted by law (collectively, “Pledged Receipts”). No liability shall attach to the elected officials, officers, agents, employees, or representatives of the District for the payment of 2024A GO Bonds, including without limitation the Board.

To secure the payment of the 2024A GO Bonds, the District pledges and grants a security interest in and a lien on the Pledged Receipts and all Funds and Accounts (as defined below) established and held under the Bond Resolution, including the investment income, if any, on such Funds and Accounts. The aforesaid pledge, lien, and security interest shall be prior and superior to any lien, pledge, or security interest created by the District to secure (i) any bonds or notes hereafter issued by the District which are not issued under the Bond Resolution and which are payable from any of the Pledged Receipts, and (ii) any other claims or obligations of any nature hereafter arising or hereafter incurred by the District which are not issued under the Bond Resolution and which are payable from any of the Pledged Receipts. Except as may be otherwise expressly provided in an amendment or supplement to the Bond Resolution for a particular series of Bonds issued pursuant thereto, the foregoing lien, pledge, or security interest in the Pledged Receipts for the 2024A GO Bonds constitutes security for all other series of Bonds issued under the Bond Resolution and the interest thereon without preference, priority or distinction of one Bond or Series of Bonds over another Bond or Series of bonds.

Pursuant to the Bond Resolution, the proceeds received by the District from the sale of the 2024A GO Bonds shall be applied as follows: [i] there shall be deposited to the credit of the Cost of Issuance Account sufficient proceeds as necessary for payment of Financing Costs incurred in connection with the issuance of the 2024A GO Bonds; [ii] there shall be deposited to the credit of the Project Fund from the proceeds of the 2024A GO Bonds an amount sufficient to pay the costs of acquisition, construction, and equipping of the Project; and [iii] there shall be deposited to the credit of the Bond Fund any remaining proceeds after the deposit and payments made as set forth above. As defined in the Bond Resolution: (x) the “Cost of Issuance Account” shall be funded and used to pay any and all duly authorized expenses of the issuance of the 2024A GO Bonds; (y) the “Project Fund” shall be funded and used for payment of costs of the 2024A Project; and (z) the “Bond Fund” shall constitute a “sinking fund” within the meaning of Section 66.081(1) of the Act, and shall be funded and pledged for the retirement of all Bonds outstanding under the Bond Resolution. “Funds and Accounts” means, collectively, the Bond Fund, the Cost of Issuance Account, and the Project Fund established under the Bond Resolution.

The District in the Bond Resolution covenants and agrees that it shall set aside as received and pay into the Bond Fund, not less than ten (10) days prior to each Payment Date, all or such portion of the Pledged Receipts as will be sufficient to pay when due, in immediately available funds, the principal of, premium, if any, and interest on all Bonds outstanding under the Bond Resolution, including the 2024A GO Bonds, and all other General Obligation Debt, at or before their maturity or earlier proceedings for redemption.

Participation Agreement

Although the District is required to pay and maintain sufficient amounts in the Bond Fund for payment of the principal and interest requirements on the 2024A GO Bonds, the Board has entered into a Participation Agreement to be dated as of the date of delivery of the 2024A GO Bonds (the “Participation Agreement”), between the Board and the Commission under which the Commission has agreed to pay annually to the Bond Registrar for the 2024A GO Bonds an amount (calculated based on the debt service on the 2024A GO Bonds resulting from the competitive sale thereof) estimated to be approximately 13.1% of the annual principal and interest requirements for the 2024A GO Bonds (the

“Agreed Participation”), subject to the Commonwealth of Kentucky’s constitutional restrictions limiting the commitment to the biennial period. The obligations of the Commission are limited to the biennial fiscal period of the Commonwealth, in this case terminating June 30, 2026, and June 30 every two years thereafter, provided that if the Commission elects not to continue to pay the Agreed Participation, it shall give notice to the Board and the original purchasers of the 2024A GO Bonds, at least sixty (60) days before the expiration of the biennial fiscal period then in effect. There is no assurance the Kentucky General Assembly will appropriate sufficient funds to enable the Commission to pay the Agreed Participation or that the Governor of the Commonwealth will not veto the appropriation from time to time. Amounts contributed by the Commission during the period the Participation Agreement is in effect are to be applied only to the principal and interest requirements of the 2024A GO Bonds.

As described above, each Participation Agreement between the District and the Commission shall be security only for the Series of Bonds for which the Participation Agreement was entered into unless otherwise provided therein.

Securities Depository; Ownership of Bonds

The 2024A GO Bonds initially shall be registered in the name of the Securities Depository or the Securities Depository Nominee, and ownership thereof shall be maintained in Book-Entry Form by the Securities Depository for the account of the Agent Members thereof. Initially, the 2024A GO Bonds shall be registered in the name of Cede & Co., as the nominee of DTC, New York, New York. See “Appendix G - Book-Entry System” attached hereto, for further information on DTC and the book-entry system.

Except as provided below under this subheading, the 2024A GO Bonds may be transferred, in whole but not in part, only to the Securities Depository or the Securities Depository Nominee, or to a successor Securities Depository selected or approved by the District or to a nominee of such successor Securities Depository. The person in whose name any 2024GO Bond shall be registered shall be the absolute owner thereof for all purposes, and payment of or on account of the principal of and premium, if any, and interest on such 2024GO Bond shall be made only to or on the order of the registered owner thereof or his legal representative. Neither the District nor the Bond Registrar shall have any responsibility or obligation with respect to [i] the accuracy of the records of the Securities Depository or any Agent Member with respect to any beneficial ownership interest in the 2024A GO Bonds, [ii] the delivery to any Agent Member, any beneficial owner of the 2024A GO Bonds or any other person, other than the Securities Depository, of any notice with respect to the 2024A GO Bonds, or [iii] the payment to any Agent Member, any beneficial owner of the 2024A GO Bonds or any other person, other than the Securities Depository, of any amount with respect to the principal, premium, if any, or interest on the 2024A GO Bonds.

So long as any 2024A GO Bonds are registered in Book-Entry Form, the District and the Bond Registrar may treat the Securities Depository as, and deem the Securities Depository to be, the absolute owner of such 2024A GO Bonds for all purposes whatsoever, including without limitation [i] payment of principal, premium, if any, and interest on 2024A GO Bonds, [ii] giving notices of redemption and other matters with respect to the 2024A GO Bonds, [iii] registering transfers with respect to the 2024A GO Bonds, [iv] selection of 2024A GO Bonds for redemption, and [v] for purposes of obtaining consents under the Bond Resolution. Notwithstanding the definition of the term “Bondholder” or “Holder” or “Holder of Bonds” in the Bond Resolution, as referencing registered holders of the 2024A GO Bonds, the Bond Registrar shall be entitled to rely on written instructions from a majority of the beneficial owners of the 2024A GO Bonds with reference to any consent required from the registered holders pursuant to the terms of the Bond Resolution.

If at any time the Securities Depository notifies the District that it is unwilling or unable to continue as Securities Depository with respect to the 2024A GO Bonds, or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act or other applicable statute or regulation and a successor Securities Depository is not appointed by the District within ninety (90) days after the District receives notice or becomes aware of such condition, as the case may be, then the above provisions in this subheading on the book-entry only system shall no longer be applicable and the District shall execute and the Registrar shall authenticate and deliver certificates representing the 2024A GO Bonds to the Bondholders.

Registration and Transfer

Interest on each Bond not registered in Book-Entry Form to a Securities Depository shall be payable by check mailed by the Bond Registrar to the Holder thereof as of the Record Date, at the address shown on the registration books kept by the Bond Registrar or at such other address as is furnished to the Bond Registrar in writing by such Holder. The principal of and premium, if any, on the 2024A GO Bonds not registered in Book-Entry Form to a Securities Depository shall be payable, without exchange or collection charges, in lawful money of the United States of America on their presentation and surrender as they respectively become due and payable, whether at maturity or by prior redemption or acceleration, at the designated corporate trust office of the Bond Registrar. On request of a Holder of at least \$1,000,000 in aggregate principal amount of the 2024A GO Bonds, all payments of principal of, premium, if any, or interest on the 2024A GO Bonds shall be paid by wire transfer in immediately available funds to an account designated by such Holder.

Principal of, premium, if any, and interest on 2024A GO Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee shall be payable by wire transfer from the Bond Registrar to the Securities Depository or its nominee. So long as any 2024A GO Bonds remain Outstanding, the Bond Registrar shall keep and maintain at its designated corporate trust office complete registration records in respect of the 2024A GO Bonds and shall provide for the registration of transfer and exchange of the 2024A GO Bonds in accordance with the terms of the Bond Resolution, subject to such reasonable procedures and regulations as the Bond Registrar may prescribe.

Except as may be otherwise provided in the Bond Resolution for 2024A GO Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, each Bond shall be transferable or exchangeable only on the presentation and surrender thereof at the designated corporate trust office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Holder or his authorized representative.

Except as may be otherwise provided in the Bond Resolution for 2024A GO Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, 2024A GO Bonds shall be exchangeable for a Bond or Bonds of the same maturity and interest rate and in Authorized Denominations, within a single maturity in an aggregate principal amount or amounts equal to the unpaid principal amount of the Bond or Bonds presented for exchange. The Bond Registrar is authorized to authenticate, deliver and exchange 2024A GO Bonds in accordance herewith. Each Bond delivered in exchange for a surrendered Bond shall constitute an original contractual obligation of the District and shall be entitled to the benefits and security of the Bond Resolution to the same extent as the Bond exchanged shall be canceled by the Registrar and the Bond Registrar shall maintain a complete record of all exchanges, transfers and cancellations of 2024A GO Bonds and shall make a report thereof to the District on request.

Except as may be otherwise provided in the Bond Resolution for 2024A GO Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository

Nominee, no service charge or other transfer fee shall be charged in connection with any transfer or exchange of a Bond. However, the registered owner of any Bond may be required to pay an amount equal to any tax or other governmental charge, if any, that may be imposed in connection with the transfer or exchange of any Bond.

The Bond Registrar shall not be required to transfer or exchange any Bond for the period beginning fifteen (15) days prior to the selection by the Bond Registrar of 2024A GO Bonds to be redeemed prior to maturity and ending on the date of mailing of notice of any such redemption.

On the receipt by the District and the Bond Registrar of evidence satisfactory to them of the loss, theft, destruction or mutilation of any Outstanding 2024A GO Bonds, and of indemnity satisfactory to them, and on surrender and cancellation of such 2024A GO Bonds if mutilated, the District may execute and the Bond Registrar may authenticate and deliver, on the lapse of such period of time as they may deem advisable, a new 2024GO Bond of like series, tenor and maturity bearing the same or different serial number, to be issued in lieu of such lost, stolen, destroyed or mutilated 2024GO Bond. The District and the Bond Registrar may require the payment of costs for each such new 2024GO Bond issued, and the furnishing of indemnity satisfactory to the District and the Bond Registrar. The Bond Registrar shall incur no liability for anything done by it under the foregoing procedures in the absence of its gross negligence or fault.

KENTUCKY DEPARTMENT OF EDUCATION SUPERVISION

The laws of the Commonwealth of Kentucky, and the regulations of the KDE issued thereunder, generally require that a local school district submit to KDE for its prior approval the district's plans for the funding, financing, design, construction, renovation, and modification of school facilities. House Bill 678 of the 2022 Regular Session of the Kentucky General Assembly (2022 Ky. Acts, Ch. 185) temporarily eliminated this requirement of prior approval for local school districts which elect by resolution to proceed without such prior approval and which so notify the Department. Per HB 727, the temporary elimination of prior approval is extended until June 30, 2027. The District has adopted such a resolution and has so notified KDE.

Notwithstanding HB 678, as extended by HB 727, KDE's supervision of local school districts continues to apply to other areas of local school finance, including supervision of general operations such as the examination of business methods and accounts of a school district, requirements of prompt, detailed reports of receipts and expenditures and the annual approval of the district's operating budget. All local school boards which have entered into contracts for the issuance of bonds must maintain insurance protection in an amount equal to the full insurable value of the buildings financed by the bonds. KDE has advised the Issuer that Kentucky has a perfect record of no defaults in payment of its revenue bonds for school purposes. The Issuer believes that KDE's supervision and control is a major contribution to this record.

THE 2024A PROJECT

The 2024A Project and Sources of Funds

The 2024A GO Bonds are being issued to finance (i) the construction of a new building for the W.E. DuBois Academy Middle and High Schools; (ii) heating, ventilation and air conditioning system (HVAC) renovations and the addition of a classroom at Atherton High School; (iii) HVAC renovations at Byck Elementary School; (iv) the construction of a new early childhood center within the District; (v) replacement of the HVAC central plant at Marion C. Moore School; (vi) boiler replacements at Auburndale Elementary School, Newcomer Academy, and Stopher Elementary School; and (vii) partial

roof replacements at Camp Taylor Elementary School, Highland Middle School, Jeffersontown Elementary School, Shacklette Elementary School, Shelby Traditional Academy, and Southern High School (collectively, the “2024A Project”).

The sources and uses of funds for the 2024A Project are as follows:

Sources of Funds

Principal Amount of 2024A GO	\$ _____
Bonds	
Original Issue Premium/Discount	_____
TOTAL	\$ _____

Uses of Funds

2024GO Project Fund	\$ _____
Underwriter’s Discount	_____
Costs of Issuance*	_____
TOTAL	\$ _____

* Costs of issuance includes the fees of the Fiscal Agency Group, Bond Counsel, and the Bond Registrar/Paying Agent.

DISTRICT FACILITIES PLAN

The Board approved amendments to its District Facilities Plan on April 26, 2022, which were approved by KDE in May of 2022, providing for new construction and renovations throughout the District. The resources necessary to finance the plan are expected to come from several sources, including the Board’s available funds, bonds supported by the Commission, bonds supported by the Board’s revenues, and bonds supported by full faith, credit and taxing power of the District. Except as specifically described herein, there can be no assurance that the Board will not amend or revoke the plan or that the District or the Commission will issue or support bonds or other funding for the plan in its current form or as hereafter amended.

REVENUE SOURCES WITHIN THE JEFFERSON COUNTY SCHOOL DISTRICT

Ad Valorem School Tax

Pursuant to KRS 160.470 the Board levies an annual ad valorem tax per \$100 of the assessed valuation of general real property, motor vehicles, tangibles and distilled spirits located within the District. Proceeds of the tax may be used to fund the general operating expenses of the Board, including payment of debt service on General Obligation Debt. Pursuant to KRS 160.476, the annual rate of ad valorem tax levied by the District also includes a school building fund tax to be used for the acquisition, construction, and equipping of school buildings and the sites thereof and to pay debt service on debt incurred for such purposes. See “Appendix A - Operating, Financial and Tax Base Information of the District” for more information.

Capital Outlay Allotment

Kentucky law provides for an annual payment by the Commonwealth to the Board to pay for capital construction or acquisition. Since the 1990-91 school year, the capital outlay allotment has been calculated as \$100 times average daily attendance (see “STATE SUPPORT FOR EDUCATION” below). Funds from the capital outlay allotment are not directly pledged for debt service, but as a practical matter, and to the extent needed, may be applied to payment of debt service on General Obligation Debt.

Occupational License Fee

The Board currently imposes, for general school purposes including operations, an annual occupational license fee of three-quarters of one percent (0.75%) on (i) salaries, wages, commissions and other compensation earned by persons residing within the District for work done and services performed in Jefferson County, Kentucky (the “County”); and (ii) the net profits of businesses, occupations and professions located in the District from activities conducted in the County. See “Appendix A - Operating, Financial and Tax Base Information of the District” for more information.

CERTAIN LIMITATIONS ON TAXATION

KRS 160.470 generally restricts school districts from levying ad valorem property taxes that would generate revenues in excess of the previous year’s revenues. There are three principal exceptions: (1) KRS 160.470(9), (2) KRS 160.470(10), and (3) KRS 157.440(1).

Under KRS 160.470(9)(a), school districts are directed to levy a “minimum equivalent tax rate” of thirty cents (\$0.30) for general school purposes. The equivalent tax rate is defined as the rate which results when the income collected during the prior year from all taxes (including occupational fees and utilities license taxes) levied by the District for school purposes is divided by the total assessed value of property plus the assessment for motor vehicles certified by the Kentucky Department of Revenue. Failure to levy the minimum equivalent rate subjects the members of the Board of the District to removal.

KRS 160.470(10) provides that a school district may levy a general tax rate that will produce revenue from real property, exclusive of revenue from new property, that is four percent (4%) over the amount produced by the compensating tax rate defined at KRS 132.010(6).

The exception provided by KRS 157.440(1)(a) permits school districts to levy an equivalent tax rate as defined in KRS 160.470(9)(a) which will produce up to fifteen percent (15%) of those revenues guaranteed by the program to Support Education Excellence in Kentucky (“SEEK”). Levies permitted by this section of the statute are not subject to public hearing or recall provisions as set forth in KRS 160.470. Effective with the 1990-91 school year, the Commonwealth is directed to equalize the revenue generated by this levy at one hundred fifty percent (150%) of the statewide average per pupil equalized assessment. For the biennium ending June 30, 2025, this levy is set at \$1,211,000.

Section 170 of the Kentucky Constitution exempts from property taxes the first \$6,500 of residential property maintained as the permanent residence of taxpayers 65 years of age or older or who have been classified as totally disabled under a United States government or railroad retirement system program. The exemption applies to real property “held by legal or equitable title, by the entirety, jointly, in common, [or] as a condominium ...” maintained as the permanent residence of the owner. KRS Chapter 132 permits counties and school districts to adjust their local tax revenues through increases in taxes on non-exempt property by amounts equivalent to the revenues lost through application of this homestead exemption. By statute, the \$6,500 exemption “shall be construed to mean \$6,500 in terms of the purchasing power of the dollar in 1972. Every two (2) years thereafter, if the cost of living index of the United States department of labor has changed as much as one percent (1%), the maximum exemption shall be adjusted accordingly.” See “Appendix A - Operating, Financial and Tax Base Information of the

District” for the current total homestead exemption amount in the District and the current individual exemption.

STATE SUPPORT FOR EDUCATION

Kentucky funds its system of public schools through the Support Education Excellence in Kentucky (“SEEK”) funding formula which is a shared state and local funding mechanism that guarantees a certain minimum amount of per pupil funding for each school district and provides incentives for school districts to raise funds above that minimum amount through additional local taxation. The SEEK program is a “tiered” system of three related components: the adjusted base guarantee, Tier I, and Tier II.

Adjusted Base Guaranteed Funding Level

KRS 157.360 guarantees a base funding level, which is a guaranteed amount of revenue per pupil to be provided to each school district and used for regular operating and capital expenditures. KRS 157.320(2). The base funding guaranteed to each school district is determined in each fiscal year by dividing the total annual state SEEK appropriation by the state-wide total of pupils in average daily attendance (“ADA”) in the preceding fiscal year. KRS 157.360. Each school district is guaranteed to receive an amount equal to the base funding level for each ADA pupil in the District in the previous year, adjusted by certain factors such as the number of at-risk and/or exceptional students located in the District, transportation costs, etc. KRS 157.360(2) and 157.370; 702 Kentucky Administrative Regulations (“KAR”) 3:270, Section 2(4). The statewide base guarantee, with these additions and adjustments, is the school district's adjusted base guarantee. 702 KAR 3:270 (SEEK funding formula), Section 2(4)(a).

While the state guarantees that each district will receive this minimum level of funding, the state does not provide all of the funds. Each district is required to provide a level of funding from local taxes (ad valorem property taxes and the permissive school taxes - occupational license fees, utility gross receipts license taxes, and/or excise taxes), the "required local effort," that is based upon the total assessed value of property plus the assessment for motor vehicles within the District. KRS 157.360(17), 157.390(5), and 157.615(6).

Required Local Effort to Fund Adjusted Base Guarantee. KRS 160.470(9) requires that each school district levy a “minimum equivalent tax rate” of \$0.30 per \$100 of assessed property value for general school purposes. The equivalent tax rate is defined as the rate which results when the income collected during the prior year from all taxes (including ad valorem property taxes and the permissive school taxes) levied by the District for school purposes is divided by the total assessed value of property plus the assessment for motor vehicles certified by the Kentucky Department of Revenue. KRS 160.470(9) and 702 KAR 3:270, Section 1(8). Each school district determines the amount of revenue that would be generated by the levy of a \$0.30 ad valorem tax rate. Once that amount is calculated, each school district must levy a \$0.30 ad valorem tax rate (or its equivalent) by raising that amount through ad valorem taxes on property and through the permissive school taxes. Each school district's portion of the adjusted base guaranteed funding level it will receive from the state, therefore, is reduced by the amount of all local taxes collected by the District that is equal to 0.30% of the total value of assessed property in the District. Revenue collected by a district above this required local effort is dealt with in the next tier of the SEEK formula. In levying the \$0.30 minimum equivalent tax rate, any annual increase in ad valorem taxes on real property beyond the 4% annual limitation imposed by KRS 160.470(8) is not subject to the recall provisions of that Section.

State Funding of the Adjusted Base Guarantee. KRS 157.330 establishes the state SEEK fund, which is funded from biennial appropriations from the Kentucky General Assembly for distribution

to school districts. The state is required to provide from this fund that portion of each district's adjusted base guarantee not funded by the required local effort. Each school district receives from the state SEEK fund the District's adjusted base guarantee less the amount of the local tax revenues generated for school purposes by the \$0.30 minimum equivalent tax rate. KRS 160.470; 702 KAR 3:270, Section 2(4)(b). In addition to the required local effort and the state portion of the adjusted base guarantee, each district has the option of generating additional revenues through additional local effort.

Tier I Funding Level

KRS 157.440(1)(a) provides that each school district may levy an equivalent tax rate which will produce not only the required local effort but also up to an additional 15% of those revenues guaranteed by the SEEK program (known as “Tier I” funding). 702 KAR 3:270, Section 2(5). In levying this rate, any increase in ad valorem taxes on real property beyond the 4% annual limitation imposed by KRS 160.470(8) is not subject to the recall provisions of KRS 160.470(8). Each school district participating in Tier I funding is eligible for state equalization funds if its assessed property value per pupil is less than 150% of the statewide average per pupil assessment. This ensures that districts which make a similar effort receive the same amount of Tier I revenue per student, regardless of the District's property wealth.

Tier II Funding Level

KRS 157.440(2)(a) permits school districts to levy up to an additional 30% of those revenues guaranteed by the SEEK program plus the revenue produced by the 15% levy comprising the Tier I funding (known as “Tier II” funding). Districts are allowed to raise additional revenue up to 30% of the total adjusted base guarantee plus Tier I and, if levied, the FSPK Nickel (see below). KRS 157.440(2)(a). Revenues raised through local taxation (ad valorem property taxes and occupational license fees, utility gross receipts license taxes or excise taxes) in excess of those counted against a district's required local effort and Tier I efforts are deemed Tier II funds. There is no state funds equalization involved in Tier II funding. A school district seeking to levy taxes at a Tier II funding level cannot, without prior voter approval, levy a general property tax rate that exceeds the maximum rate that could have been levied on all property in the prior year. KRS 157.440(2)(a) and KRS 160.470(1). To ensure equity of opportunity in Kentucky schools, no school district may provide funding in excess of Tier II funding. However, no district is compelled to levy an equivalent tax rate lower than the rate levied in the 1989-1990 school year. KRS 157.440(1)(e).

State and Local Funding for Capital Outlay and Facilities Construction

The Facilities Support Program of Kentucky (“FSPK”, also known as the Building Fund, School Facilities Construction Commission Funds, and SEEK Capital Outlay) provides state funding to meet the facility needs of school districts as shown on each district's facility plan. KRS 157.611(1).

SEEK Capital Outlay. KRS 157.390(3) and 157.420(4) establish a formula which results in an allocation of the biennial state SEEK funds for capital expenditures in school districts at \$100 per ADA pupil which is included in the SEEK allotment for the current biennium (\$4,100 for FY 2023 and \$4,200 for FY 2024). The SEEK capital outlay is required to be segregated into a Capital Outlay Allotment Fund which may only be used for: (1) direct payment of construction costs; (2) debt service on voted and funding bonds; (3) lease rental payments in support of bond issues; (4) reduction of deficits resulting from over expenditures for emergency capital construction; and (5) a reserve for each of the categories enumerated in 1 through 4 above. These capital outlay funds are part of the state funded portion of the adjusted base guarantee.

FSPK Nickel. School districts must levy a minimum equivalent tax rate of \$0.05 per \$100 of property assessment to participate in the FSPK program (known as the “FSPK Nickel”). KRS 157.440(1)(b) and 157.620(1). If the funds from the FSPK Nickel levy are committed to debt service, the FSPK provides equalized funding for school systems at 150% of the statewide average per pupil assessment. This FSPK Nickel is in addition to the \$0.30 minimum local effort required for SEEK. KRS 157.440(1)(b). In levying this rate, any increase in ad valorem taxes on real property beyond the 4% annual limitation imposed by KRS 160.470(8) is not subject to the recall provisions of that Section. KRS 157.440(1)(d).

Kentucky School Facilities Construction Commission

The Commission is an independent agency and instrumentality of the Commonwealth established pursuant to KRS 157.611 through 157.640 for the purpose of assisting local school districts in funding the cost of school construction and major renovation projects, in accordance with their school facilities plans approved by KDE, in excess of available local resources. The Commission assists a local school district by (i) issuing school building revenue bonds to finance a capital construction project of the District, or (ii) participating in the District’s bond issue by allocating specified annual amounts, subject to biennial appropriation of such amounts by the Kentucky General Assembly, toward the debt service on the bonds. Notwithstanding any such participation of the Commission in a local school building bond issue, the local school district is responsible for making all debt service payments due under such General Obligation Debt if such annual amounts are not appropriated by the General Assembly and paid by the Commission.

It is anticipated that the Commission will participate in the payment of an amount that approximates 13.1% of the annual debt service requirements on the 2024A GO Bonds, subject in each case to biennial appropriations by the General Assembly. See “THE BONDS – Kentucky House Bill 727” for more information and “Appendix C – Bonded Indebtedness Outstanding of the District and Debt Service Requirements for the 2024A GO Bonds” for the outstanding bond issues of the Corporation in which the Commission has participated and the estimated annual Commission participation amounts.

LITIGATION

In the opinion of the Board’s General Counsel, as of the date of the issuance of the 2024A GO Bonds, there is no litigation of any nature pending or, to such counsel’s knowledge, threatened, which in the opinion of such counsel presents greater than a remote risk of being decided adversely to the Board, and which, if decided adversely to the Board, would restrain or enjoin the issuance or delivery of the 2024A GO Bonds, question the authority of the Board to enter into the Participation Agreement, materially affect the financial condition of the Board as set forth in this Official Statement or materially and adversely affect the 2024A GO Bonds, the security for the 2024A GO Bonds, or the Board’s ability to make all debt service payments as the same shall become due and payable.

TAX TREATMENT

In the opinion of Wyatt, Tarrant & Combs, LLP, Bond Counsel, under existing law and as of the date of issuance thereof, (i) interest on the 2024A GO Bonds is excluded from gross income for federal income tax purposes and (ii) under the Constitution and laws of the Commonwealth of Kentucky, the 2024A GO Bonds are exempt from ad valorem taxation, and the interest thereon is exempt from income taxation, by the Commonwealth and all of its political subdivisions and taxing authorities.

For the purpose of rendering the opinions described above, Bond Counsel will assume compliance by the District with the requirements of the Internal Revenue Code that must be met

subsequent to the issuance of the 2024A GO Bonds in order that interest thereon be and remain excluded from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the 2024A GO Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the 2024A GO Bonds. The District has covenanted to comply with such requirements in a Tax Compliance Certificate executed by the District upon the issuance of the 2024A GO Bonds.

Other than as stated above, Bond Counsel expresses no opinion as to any federal, state, or local income tax consequences arising from the ownership or disposition of, or the accrual or receipt of interest on, the 2024A GO Bonds. Purchasers of 2024A GO Bonds should consult their own tax advisors regarding such tax consequences as are applicable to their individual circumstances.

The Series 2024A GO Bonds have not been designated by the District as “qualified tax-exempt obligations” (commonly known as “bank qualified” bonds) under Section 265(b)(3) of the Code.

The exclusion from gross income for federal income tax purposes of the interest on the 2024A GO Bonds may have certain adverse consequences in other respects for certain taxpayers, including but not limited to financial institutions, insurance companies, C corporations, S corporations, foreign corporations, recipients of Social Security and Railroad Retirement benefits, taxpayers that are deemed to incur or continue indebtedness to acquire tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of such other tax consequences will depend upon the particular tax status and other items of income and expense of the owners of the 2024A GO Bonds. Bond Counsel expresses no opinion regarding such other tax consequences.

FISCAL AGENCY GROUP

This Official Statement was prepared and distributed by, and RSA Advisors, LLC and Robert W. Baird & Co. Incorporated (collectively, the “Fiscal Agency Group”). The information set forth herein was obtained from the Board, the District, and other sources believed to be reliable but is not guaranteed as to accuracy or completeness, and is not to be construed as a representation, by the Fiscal Agency Group.

UNDERWRITING

The 2024A GO Bonds were purchased at a competitive sale held on September 24, 2024, for underwriting to the public by _____ at a purchase price of \$_____ (equal to the \$_____ aggregate principal amount of the 2024A GO Bonds, plus or minus original issue premium or discount of \$_____, less underwriter’s discount of \$_____).

The initial public offering prices set forth on the inside cover page of this Official Statement may be changed by the Underwriter and the Underwriter may offer and sell the 2024A GO Bonds to certain dealers (including dealers depositing 2024A GO Bonds into investment trusts) and others at prices lower than the offering prices set forth on the inside cover page.

RATINGS

Moody's Investors Service, Inc. (“Moody's”) and S&P Global Ratings (“S&P”), a business unit of Standard & Poor's Financial Services LLC, have assigned the ratings of the 2024A GO Bonds set forth on the cover page hereof. Certain information may have been submitted to the rating agencies which is not included in this Official Statement. The ratings reflect only the views of the rating agencies. Any explanation of the significance of the ratings should be obtained from the rating agencies.

There is no assurance that either or both of the ratings might not be lowered or withdrawn entirely by the respective rating agencies. Any such downward change in or withdrawal of either or both of the ratings might have an adverse effect on the market price of the 2024A GO Bonds.

APPROVAL OF LEGALITY

Certain legal matters incident to the authorization, issuance and sale of the 2024A GO Bonds are subject to the approval of Wyatt, Tarrant & Combs, LLP, Louisville, Kentucky, as Bond Counsel to the District. The form of opinion of Bond Counsel to be delivered in connection with the issuance of the 2024A GO Bonds is contained in Appendix F hereto.

Bond Counsel has reviewed the information contained in this Official Statement under the headings of “THE BONDS” and “TAX TREATMENT”, and the summaries of documents contained in Appendix E hereto, and is of the opinion that such information is an accurate summary of the instruments and information described therein.

Bond Counsel has not otherwise participated in the preparation of this Official Statement and has not verified the accuracy or completeness of the information in the Official Statement except to the extent described above. Without limiting the generality of the foregoing, Bond Counsel has not undertaken to review the accuracy or completeness of the financial, or statistical information contained in this Official Statement or its appendices.

The information contained under the heading “LITIGATION” in this Official Statement has been reviewed and approved by Kevin Brown, Esq., as General Counsel to the Board and the District.

UNDERTAKING TO PROVIDE CONTINUING DISCLOSURE

In a Continuing Disclosure Certificate to be delivered to the underwriters of the 2024A GO Bonds as of the date of original issuance of the 2024A GO Bonds (the “Continuing Disclosure Certificate”), the Board undertakes for the benefit of Bondholders to provide or to cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of such event, to the Electronic Municipal Market Access system (“EMMA”) at <http://www.emma.msrb.org>:

[i] certain financial information and operating data relating to the District; and

[ii] notices of the occurrence of certain events.

This undertaking is being made by the Board in order to assist the underwriters of the 2024A GO Bonds, in complying with the requirements of subsection (5) of section (b) of Rule 15c2-12 (the “Rule”) promulgated by the Securities and Exchange Commission (the “SEC”).

The Continuing Disclosure Certificate, including the specific nature of the information to be contained in an annual report or a notice of an event, certain limitations on the Board’s undertaking, and provisions permitting the amendment and termination of the Continuing Disclosure Certificate, is summarized below in this Official Statement, at “Appendix E - “Summary of Certain Provisions of the Bond Resolution; Continuing Disclosure Certificate; Definitions.”

Among other things, the Continuing Disclosure Certificate provides that the Board may terminate its obligations if the District ceases to be an “obligated person” with respect to the 2024A GO Bonds (within the meaning of the Rule). The Continuing Disclosure Certificate provides that any right to enforce it shall be limited to obtaining specific enforcement of the Board’s obligations thereunder, and

that failure by the Board to comply with the Continuing Disclosure Certificate shall not be an event of default under the 2024A GO Bonds or the Bond Resolution.

The Board from time to time may elect (but is not contractually bound) to provide other periodic reports or financial information, or notice of the occurrence of other events, in addition to those described in the Continuing Disclosure Certificate.

The Board has not during the past five years failed to comply, in any material respect, with any previous undertaking in a written contract or agreement specified in the Rule.

APPROVAL OF OFFICIAL STATEMENT

The District has approved and caused this Official Statement to be executed and delivered by its Superintendent. This Official Statement is deemed “final” by the District as of the date hereof for purposes of SEC Rule 15c2-12(b)(1), except for information permitted by the rule to be excluded. The District will deliver a certificate simultaneously with the issuance of the 2024A GO Bonds to the effect that as of the date of issuance of the 2024A GO Bonds, and after due inquiry of responsible officers and employees of the District, the Official Statement did not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

The financial information supplied by the District and reported herein is represented by the Board to be correct. Only accounts required by Federal and State laws, rules and regulations to be audited annually by independent certified public accountants have been so audited and the financial information extracted from their annual audits and presented herein is incomplete to the degree that accounts not required to be so audited have not been included in the annual audits conducted by the District’s independent certified public accountants. A copy of the most recent audit is contained in Appendix D.

The financial and related data regarding capital outlay allotments, assessments, tax rates and school tax collections, classroom attendance and receipts and expenditures contained in this Official Statement have been extracted from official records of the District.

The distribution of this Official Statement has been authorized by the Board.

**JEFFERSON COUNTY SCHOOL DISTRICT,
KENTUCKY**

Dr. Martin Pollio Superintendent

APPENDIX A

OPERATING, FINANCIAL AND TAX BASE INFORMATION OF THE DISTRICT

Operating Information

The District serves the public education needs of Jefferson County, Kentucky. Enrollment and average daily attendance for the District for the past five years are as follows:

<u>Year</u>	<u>Enrollment</u>	<u>Average Daily Attendance</u>
2022-23 ⁽¹⁾	97,912	83,587
2021-22 ⁽¹⁾⁽²⁾	98,506	87,753
2020-21 ⁽¹⁾⁽²⁾	98,506	87,753
2019-20 ⁽¹⁾⁽²⁾	98,506	84,323
2018-19	98,506	84,323

Source: Jefferson County School District

- 1 For FY2021-FY2024, the legislature will be funding districts for full-day kindergarten instead of half-day.
- 2 According to guidance from the KDE, due to COVID-19 remote learning, official enrollment and ADA numbers were not calculated for FY2019-FY2022.

Financial Data

The District maintains its books and records on the modified accrual method of accounting. This practice is the accounting method prescribed by KDE for local school districts. Adjustments have been made for financial statement presentations. These adjustments are described in the audited financial statements for the fiscal year ended June 30, 2023 (a copy of which is included as Appendix D).

The following tables summarize the activity of the major funds used by the District in managing its business affairs:

(THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK)

General Fund

	<u>2022-23</u>	<u>2021-22</u>	<u>2020-21</u>	<u>2019-20</u>	<u>2018-19</u>

Public Service – Tangible	5.6	5.3	5.9	5.7	5.6
Distilled Spirits	5.6	5.3	5.9	5.7	5.6

Amount of Homestead Exemption

In fiscal year 2022-23 approximately \$21,983,600 of property was exempted from property taxes in the District, with approximately \$436,555,197 estimated for 2023-24. The local general property tax rate on non-exempt property has been adjusted to recover tax revenues equivalent to the revenues lost through application of the homestead exemption.

The Kentucky Department of Revenue has set the maximum homestead exemption on real estate owned by qualified individuals at \$46,350 for the 2022 and 2023 tax periods. By statute, the amount of the homestead exemption is recalculated every two years to adjust for inflation. The 2023-2024 exemption reflects a \$5,850 increase over the 2021–2022 exemption of \$40,500. To qualify for the homestead exemption, a person must be at least 65 years old during the tax period or have been classified as totally disabled by any public or private retirement system. The property must also be owned, occupied and maintained by the taxpayer as a personal residence on the January 1 assessment date. The amount of the homestead exemption is deducted from the assessed value of the property subject to taxation.

School Tax Collections

The following represents Property Taxes levied and collected in the District for the last five years.

<u>Fiscal Year</u>	<u>Amount Levied</u>	<u>Amount Collected</u>	<u>Percent Collected</u>
2023	\$679,298,315	\$645,609,875	95.0%
2022	643,990,091	611,504,542	95.0%
2021	571,206,069	544,761,795	95.4%
2020	543,290,378	515,985,211	95.0%
2019	516,657,825	492,751,403	95.4%

APPENDIX B

**GENERAL INFORMATION FOR LOUISVILLE/JEFFERSON COUNTY METRO
GOVERNMENT**

LOUISVILLE/JEFFERSON COUNTY, KENTUCKY

The combined area of the former City of Louisville and Jefferson County (“Louisville Metro”) is located in the north-central portion of Kentucky on the south bank of the Ohio River. It is located in the geographic center of the Ohio River Valley region at a focal point where railroads, highways and the Ohio River converge, offering excellent accessibility to all major markets and is close to the population center of the United States. Louisville Metro, the largest city in the state, is a commercial, industrial, medical, educational, cultural and financial center for the greater metropolitan area. *Places Rated Almanac* has consistently ranked Louisville among the ten most livable American Cities. The 2022 census estimate of population for Jefferson County was 765,590 people. Louisville Metro covers a land area of approximately 385 square miles.

The total number of Jefferson County residents employed in 2022 was an estimated 394,608. According to the U.S. Census Bureau’s American Community Survey, employment in Louisville/Jefferson County was estimated as follows: manufacturing firms in the county reported 46,889 employees; transportation, warehousing and utilities provide 37,420 jobs; 92,929 people were employed in education services, healthcare and social assistance; financial, real estate, rental and leasing positions accounted for 31,353 employees; 42,439 accounted for jobs in retail trade; and 42,091 people were employed in professional, scientific, management, administrative and waste management services.

The Board of Education of Jefferson County, Kentucky

Jefferson County Public School District Louisville, Kentucky

We hereby submit the Annual Comprehensive Financial Report (“ACFR”) for Jefferson County Public Schools (the “District” or “JCPS”), a K-12 public school system, for the year ended June 30, 2023. The completeness, accuracy, and clarity of these financial statements and data herein are the responsibility of the District’s Chief Financial Officer.

This ACFR is presented in three distinct sections: Introductory, Financial, and Statistical. The Introductory Section includes this letter of transmittal, a list of our Board Members and an organizational chart. The reader may use this information to understand the District and our financial condition. Accordingly, we will discuss the Jefferson County economy and tax base, a brief history of the District and education in Kentucky, and our major accomplishments.

The Financial Section contains the general purpose financial statements. Annual audits are required legally by Kentucky Revised Statute 156.265. These statements were audited by Dean Dorton Allen Ford, PLLC, an independent Certified Public Accounting firm. Their opinion is included on page 1 of the financial section. We would like to direct the reader to Management’s Discussion and Analysis on pages 4 – 14 of the financial section. This provides an introduction to the financial statements and some financial highlights.

The Statistical Section presents numerous unaudited tables designed to present more detail and trends apparent within the District and Jefferson County.

The report has been prepared by the Finance Department following the requirements and guidelines prescribed by the Governmental Accounting Standards Board and recommended by the Government Finance Officers Association. We believe the data presented is accurate in all material respects and that it is presented in a manner designed to fairly reflect the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain the maximum understanding of the District’s financial activity have been included.

Personalized and engaging learning experiences

Economic Outlook

As discussed further on page 13 of the Management’s Discussion and Analysis in the Financial Section, Jefferson County has a diverse and strong economy but is affected by national social, health and economic trends. The District receives its revenue largely from two sources related to the economy: locally-assessed real estate and property taxes, and locally-assessed occupational taxes. Additionally, the District receives state revenues derived from state income taxes, sales taxes and other taxes, but these state revenues are subject to many non-economic factors, such as political considerations and an allocation formula based on local revenue, student attendance, and transportation expenses. Beyond these sources, we also receive grant and general revenues from federal, state, and local governments, and private sources that are either unqualified gifts or grants based on non-tax determinants.

Real estate and personal property, other than automobile, taxes are assessed by the Property Valuation Administrator (“PVA”) annually, and the value is set as of January 1. After taxpayers are afforded a period to dispute the assessment, bills are prepared by the Jefferson County Sheriff and sent to the taxpayers on November 1. Real estate taxes, the largest in this total, typically show an increase in both assessments and tax rate. With growth in parts of Jefferson County and typical housing appreciation, local real estate taxes are becoming a greater percentage of our revenues each year as their growth outpaces other revenues. Motor vehicle taxes are assessed as of January 1 of each year. The PVA office uses standardized guides, provided by the Department of Revenue, to determine the value of a vehicle or boat. For years, the District has levied the statutory maximum motor vehicle tax rate, and increases are derived from assessment increases alone. See the Statistical Section for more details and trend analyses on these taxes.

Locally assessed occupational taxes are levied upon Jefferson County residents who work within Jefferson County at a rate of .75% of salary. This tax tends to be an accurate barometer of the local workforce, and, in some ways, the strength of the local economy. In reviewing past years’ revenues, the reader may notice the correlation between occupational tax revenues and the greater United States economy.

State revenues are based on a variety of state taxes and are allocated to the District based on a variety of factors. First, the Commonwealth of Kentucky is inherently a political entity, and the budget is allocated accordingly. Education continues to be a priority of the current government leaders, though funding levels lag behind many adjacent states. Funds are allocated to the various Kentucky school districts by a statutory formula introduced in the Kentucky Educational Reform Act, which is discussed later in this section.

Jefferson County has a long history as a central transportation hub, which fostered a manufacturing center for durable goods, including appliances, cars and trucks. In recent decades, the economy has diversified and is the home of several *Fortune* 500 companies, including Humana, Inc. and Yum! Brands, which includes KFC, Taco Bell, and Pizza Hut. Additionally, headquartered in Louisville is Brown-Forman, makers of numerous beverages such as Jack Daniels Tennessee Whiskey. Louisville is also home to Churchill Downs, United Parcel Service’s (“UPS”) Worldport Facility, employing over 20,000, two Ford plants, and GE Appliance Park.

Total Population	
2018	770,517
2019	776,757
2020	782,969
2021	783,746
2022	778,194

Source: U.S. Department of Commerce, Bureau of the Census

Although long-range challenges exist, the District’s current finances are strong as well. We aspire to achieve great things in public education. To do this, we must set high goals and be strict stewards of the public funds we have. We believe in budgeting conservatively, which allows us to make continual improvements even during sluggish economies.

In order to achieve far-reaching goals, we must maintain far-reaching funding plans. At any time, we forecast instructional needs and financial trends five years into the future. Additionally, we survey the facility needs of our entire district over the next four years. Each project is prioritized by a committee, and only the top priority projects are funded.

As described further in Notes F and H to the financial statements, the District is challenged by pervasively underfunded or underperforming pension plans in which our employees participate in as well as the related other post-employment benefits. Although the District has made all required contributions at actuarially determined rates, failure to do so by the Kentucky legislature and subpar investing performance has created a financial contingency to both the District and the state. This creates a significant level of financial uncertainty that may necessitate drastic corrections in future budget periods.

The current initiatives discussed on pages x and xi of this Introductory Section are major undertakings that may require dedication over many years. As a practice, we pair our recurrent revenue budget with our recurrent expense budget to eliminate liquidity concerns. In addition, all planning is done in concert with our research team to ensure that funds are allocated to programs that get results.

Prepared, empowered, and inspired!

We also place great emphasis on internal controls. School districts have inherent weaknesses in financial structure, with funds being collected at numerous locations and where optimal segregation of duties is not always practical. However, because the cost of internal control should not exceed the anticipated benefits, the objective of these controls is to provide reasonable, rather than

absolute, assurance that District assets are protected and that our financial statements are free of material misstatement.

To offset our inherent risks, the District is committed to strengthening its controls at the central office level, where 99% of revenues are received, and reviewing satellite offices and schools regularly. Central office uses positive pay for its disbursements and staff review bank information daily. Audits are performed using an enterprise-wide risk assessment. We maintain an anonymous fraud hotline to safeguard our assets. Currently, we are tightening segregation of duties and internal controls at satellite offices.

Our Ethics Guidelines further solidify the District’s commitment to always act in the highest ethical manner to preserve the public trust. These guidelines reflect our commitment to creating the Future State of the District and our core values especially relating to respect, diversity, and stewardship.

History of Public Education in Jefferson County

On April 24, 1829, the City of Louisville established the first public schools for children under sixteen years of age and constructed the first school the following year. Although Louisville’s charter specified that education would be free, a tuition of \$1 for primary grades and \$1.50 for other grades was assessed. By 1838, the City of Louisville had a full-service school system. Also in 1838, the remaining areas of Jefferson County outside of the City of Louisville incorporated the Common Schools of Jefferson County school district.

In 1870, Louisville Public Schools established its first two schools for African American students, bringing its enrollment up to 13,502. By this time, the Common Schools of Jefferson County operated 68 schools, including 10 for African Americans. Both districts continued to grow consistently over the decades.

In 1956, all public schools in Louisville and Jefferson County were desegregated at a time when the Louisville Public Schools were 26% African American and the Jefferson County Schools were 4% African American. By court order on April 1, 1975, the Louisville Public

Schools and the Jefferson County Public Schools merged into the present Jefferson County Public Schools district in order to address the racial disparity.

At that time, it was determined that all schools in the new district must maintain racial diversity with the minority population between 15% and 50%. In June 2007, the United States Supreme Court held that some aspects of our student assignment plan did not satisfy the Court's "narrow tailoring" requirement. In May 2008, the District unanimously approved a revised student assignment plan which became effective for the 2009-2010 school year. The new plan uses socio-economic factors including educational attainment, household income, and race averages of a student's geographic region as factors when assigning students to schools other than their home school.

The Kentucky Education Reform Act ("KERA") of 1990 formed the basis for massive change to the state's educational system. One of the most comprehensive, statewide restructuring efforts ever attempted in the United States, KERA changed the formula by which Kentucky school districts receive state funding in an effort to achieve equity and educational adequacy regardless of each district's local economic base. KERA created a Site-Based Decision-Making Council system. Each school would have such a council consisting of parents, teachers, and administrators of the school, who would oversee the financial and instructional decisions of the school and hire the Principal. KERA also established a state-wide accountability system that continues to evolve to meet student needs.

Through the resulting emphasis on data-driven educational accountability, Kentucky has gained a reputation as a cutting edge educational system focusing on accountability. The District, as well, has many years of assessment data. We continuously review our curriculum and initiatives to ensure Jefferson County children are being educated to the height of their ability.

Instruction that inspires!

Jefferson County Public School District Today

The current District is very different than our beginnings. We continue to strive for excellence in our educational and financial operations. As much as the world has changed, so too has the District.

Financially, we adjust conservatively to confront economic challenges, and still have sufficient fund balances to continue our plans for the future. We have a policy of reviewing vacancies, especially central office vacancies, to continuously strive for efficiency. We have reviewed many of our purchasing and distribution systems and made efficiency improvements including moving many of our revenue collections to online card payment systems. Our aim is to efficiently and completely support those who provide services to our students.

There were several years due to remote learning with COVID where official verified student enrollment numbers were not published. However, school was back to in-person learning as of March 2021. For fiscal year 2022-2023 we had 96,533 students:

High	28,988
Middle	20,749
Elementary	34,596
Kindergarten	7,001
Preschool	3,080
Special Schools	2,119

For the 2022-2023 school year, we have 165 schools and learning centers:

High	18
Middle	21
Elementary	88
Multi-Level	3
Pre-K Centers	4
Special	18
State Agency	13

We project that our enrollment is stable, with our 2023-2024 forecast of approximately 94,000 students.

Our schools were founded based on the neighborhood schools concept. The majority of our schools are off the major thoroughfares back in neighborhoods, where traffic disruptions are minimized, and as many children can walk to school as possible. As Jefferson County has grown to its current size and complexity, the District has found the need to increase its educational and environmental offerings. While students have the opportunity to attend a school within their regional cluster and a regular school program, they have many additional choices of schools and programs to best fit their needs and wants.

School Choice: A core philosophy within the District is that parents should be allowed to choose the program and the school their child attends. We feel this allows students and their parents the opportunity to meet certain educational needs based on the individual child. Our schools are also able to differentiate themselves if the Site-Based Decision Making Council and the elected Jefferson County Board of Education approves the change. The District embraces many different schools and programs to meet students' diverse needs, interests, and learning styles.

All schools are resourced and equipped to support student needs

Regular Program: Most schools offer a regular curriculum in a typical school setting. This program is the choice of the majority of our parents and gives the Site-Based Decision Making Council much educational latitude.

Magnet and Optional Programs: The District believes that not all students have the same interests or learn in the same way. We offer choices that let elementary, middle, and high school students select a specialized learning environment or a program that focuses on a particular subject.

Magnet Schools and Programs include traditional schools, Montessori schools, magnet programs, and magnet career academies. Traditional schools require uniforms, daily homework, and parent involvement. They teach at grade level in a structured classroom environment. The Montessori approach to learning is designed to encourage critical thinking, exploration, and self-directed education. Magnet programs offer specialized foci incorporated into the curriculum, such as performing arts, math & science, technology, early college, or International Baccalaureate. Magnet career academies offer high school students programs that focus on training for a specific career. There are more than a dozen magnet career academies, and most of them offer multiple career programs. Many of our magnet career academies have received national recognition in their program area. Fifteen of our high schools have Professional Career Theme Programs in such disciplines as Aerospace, Medicine, Engineering, Information Technology and the Environment.

Optional Program is a small, specialized program within a school, such as Creative Arts and Global Communications Optional Program.

Advance Program is for academically gifted students. It stimulates talented young people to stretch their abilities and requires schools to be creative in providing a range of educational opportunities that promote excellence for each child.

Adults model integrity, respect, creativity, and accountability

Alternative Schools:

Binet School: A center that provides successful learning experiences for those students with multiple disabilities who need a more structured and supportive environment.

Breckinridge Metro High: A high school whose students have been referred to the school by the office of student services, the department of juvenile justice and/or other state and county agencies because of code violations in the regular schools or are court ordered to attend.

Churchill Park School: This special school serves students with moderate to severe functional mental disabilities from ages five to twenty-one. While following state-mandated core content, the program focuses on functional life skills, community-based instruction, and occupational work experience that will allow students to access and be successful in their immediate environment.

Pathfinder School of Innovation: A comprehensive virtual school for grades six through twelve. Pathfinder has a goal of producing exemplary levels of achievement through research-based instruction and data-driven assessments as students work through an on-demand curriculum with live support, intensive progress monitoring, and social, emotional, and behavioral support. Students may pursue regular instruction, advanced placement, dual credit, and career and technical education, just as they would at an in-person school.

Minor Daniels Academy: Middle school and high school students with behavioral challenges may be assigned to Minor Daniels Academy. This school uses restorative pathways to create a supportive environment with the goal that students may return to their home schools.

The Phoenix School of Discovery: Established under the federal guidelines of No Child Left Behind, this school relies heavily on technology to prepare students in grades 6-12 to reach state proficiency levels.

Liberty High: A nontraditional, safety-net school that serves students who meet any of the following criteria:

- One year of high school with fewer than five credits
- One to four years in high school and have fewer than 14 credits
- Frequently absent from school
- Failed four or more classes
- At least 16 years old
- Prefer hands-on, collaborative learning
- Prefer a flexible daily/yearly schedule
- Desire a work-based educational component
- Have diverse learning preferences and whose talents are not being developed.

State Agency Schools: Thirteen unique residential and day treatment centers that work collaboratively with treatment partners to provide a therapeutic or rehabilitative school environment. Students are placed in the State Agency Children’s Program through court commitment, psychiatric hospitalization, or identified need for long term treatment of emotional or behavioral problems.

Georgia Chaffee Teenage Parent Program: A school designed to prevent school dropout due to teen pregnancy and parenting for middle and high school students. This award-winning program includes home-school coordinators and regular classroom instruction with a hospital-quality nursery.

Waller-Williams Environmental: A special school for students with severe and profound emotional and/or behavioral disabilities. Serving K-8th grade in a highly structured environment, this school utilizes a behavior management system where students earn tokens for good behavior and may use these tokens to purchase items in the school store.

Youth Performing Arts School (“YPAS”): One of only 100 schools of its kind in the nation. YPAS offers courses in dance, theater acting, musical theater, vocal music, piano, concert band, concert orchestra, visual arts, design and production. Students take their academic classes at an adjacent JCPS high school.

Adult Education: Total Adult Education enrollment in Adult Basic Education/General Education Development (“GED”) Program was 2,056 earning 152 GED Certificates.

- GED Preparation Classes
- Academic Life Skills ESL Classes
- Family Education Programs
- College & Career Navigation Support
- Workforce Education & Soft Skills Training
- Educational Enrichment Services

A safe and welcoming learning community

Current Initiatives

The District is moving boldly toward a Future State of JCPS that has been re-envisioned through the bold leadership of Dr. Pollio and a daring Board of Education. This Future State focuses on new facilities that support the best educational environments and athletic facilities throughout our District. Teachers in the Future State of JCPS will be exceptionally resourced and paid at levels that reflect their worth to our students, their education and the future of our community. The Future State meets the individualized student needs and gives students one-to-one technology access, individualized student supports, and access to optional programs throughout Jefferson County as well as the right to stay at the school nearest their home if they prefer this educational environment. The Future State of JCPS will accomplish broad goals by focusing on three main pillars: Positive Culture & Climate, the Backpack of Success Skills, and the JCPS Racial Educational Equity Plan.

Engaging learning activities for all students

Positive Climate and Culture: Empowered employees create confident students. The sense of trust that students need to excel in the classroom and in extracurricular activities must be honed with extraordinary care. In addition, students must have the individualized resources they require to be at their best. This includes mental health, suicide prevention, and bullying prevention. To provide these resources and let each student achieve their individual best, we have added mental health practitioners into every school. All staff must come together to work with a passion for the students we are serving and focus on our mission and vision. This is the only way we can be confident in our success and convey that confidence to the parents entrusting us with their children.

Backpack of Success Skills: The Backpack of Success Skills was the first initiative of its kind where students will show how they have become effective communicators, emerging innovators, prepared and resilient learners, globally and culturally competent citizens and productive collaborators. At the end of key transition points in their education (5th, 8th and 12th grades), students will have the opportunity to defend what they've learned thus far in their educational journey using the evidence in their virtual backpack. This endeavor is a critical component of the District's Vision 2020, which includes a targeted focus on improving student literacy and increasing high school graduation rates.

Engaging every student, every day, in meaningful learning is the goal. JCPS is excited to see the transformation occurring in our classrooms as more students are prepared, empowered and inspired to reach their fullest potential. This also allowed us to adjust to non-traditional instruction required by the pandemic since our academic focus was already online.

JCPS Racial Educational Equity Plan: The District's Commitment to Racial Educational Equity policy was established to increase access for students of color, strengthen opportunities, and create a more diverse instructional staff in JCPS. This transformative policy is the first step toward building the academic programs and services that meet the needs of a diverse student population and eliminate achievement gaps. To create this organization-wide transformation, we are in our fourth year of a district-wide professional development initiative. Additionally, our students have created Justice Now projects, transformative and significant equity projects that highlight and act upon racial, gender, and other equity matters. These projects culminated in Justice Fest, a televised event where the student groups promoted their projects to support the changes they champion.

Evidence of Success

The District is working hard on its vision of a Future State. Outstanding performance within the District has been validated by our continued progress while confronting a pandemic and its challenges.

Current Year Highlights/Initiatives

- 6,574 graduates from JCPS schools.
- 71.5 percent of the class of 2023 earning post-secondary readiness standards for higher education or a career.
- 29 National Merit Finalists, 28 National Merit Semi-Finalists and 16 National Merit Commended Scholars.
- 121 rising seniors participated in the coveted Governor's Scholars Program.
- 145 graduates joined the United States Armed Forces.
- Served nearly 10,000 students through summer learning opportunities in conjunction with Evolve 502 and other community partners.
- Gave 102 conditional contracts to graduates of the Teaching & Learning pathway; if they graduate from college with an education degree, they are guaranteed a job in JCPS.
- Johnstontown Road Elementary students recognized in the opinion section of the national publication New York Times.
- JCPS and Pleasure Ridge Park High School host the first-ever Women In Welding competition.
- Novelist, philanthropist and billionaire MacKenzie Scott donated \$20 million to the Jefferson County Public Education Foundation, which provides direct financial support for JCPS.
- Launched the JCPS Adapted Sports program, which offers multiple sport opportunities for students who have a physical disability that impacts mobility.
- Partnered with Care Solace to help find and coordinate mental health and substance abuse treatment for students, staff, and their families.
- Provided free, virtual tutoring available 24 hours per day for students in grades 3-12.
- Received a more than \$3 million federal Project Prevent grant to prevent school and community violence and address student trauma from exposure to violence. JCPS was one of only 11 districts nationwide to receive U.S. Department of Education Project Prevent funding this grant cycle.
- Installed Audio Enhancement systems in every JCPS classroom to help amplify teacher's and student's voices. The technology includes a security button that teachers can press to call for immediate help.
- Partnered with T-Mobile to ensure students have internet access anytime, anywhere.
- Administered 6,000 vaccinations to students or staff by JCPS nursing staff and at JCPS sponsored events.
- Conducted 405,000 school nurse visits with students and staff for sickness or chronic illnesses. 267,170 visits were for sickness or for chronic disease management.
- Sent more than 11,000 COVID tests home to families or staff who requested them.
- Administered more than 5,000 COVID tests for students and staff at school or work.
- Opened two brand new, state-of-the-art school buildings: Indian Trail Elementary and Wilkerson Elementary.
- 17 seniors were awarded \$12,000 scholarships through the Vogt Educational Leadership Scholarship established by Henry V. Heuser, Sr.
- \$70,000 in scholarships awarded to seven JCPS seniors through the JCPS Employee-Sponsored Student Scholarship Fund to go toward four-year tuition and college expenses.

Acknowledgements

We would like to thank all of the staff who assisted with closing the District's financial records and preparing this report. We would be remiss without specifically mentioning the twenty years of hard work as Chief Financial Officer by recently-retired Cordelia Hardin. As a stalwart of stewardship and responsibility, she touched many lives and established the best in financial operations for the District. She will be missed but her systems will benefit the District for years to come.

In addition, we want to thank those at all levels of the District who do their part to provide relevant, comprehensive, quality instruction in person or through remote learning. We are inspired by the diligence of our student-focused educators at all levels of JCPS who are working tirelessly toward the Future State of JCPS.

Respectfully submitted,

Marty Pollio, Ed. D.
Superintendent

Edward D. Muns
Chief Financial Officer / Treasurer

June 30, 2023

To the Citizens of Jefferson County, Kentucky:

We, the Jefferson County Board of Education (the "Board"), are proud to serve as the collective voice and representation for the students, parents, staff, community members and taxpayers of Jefferson County. We are committed to providing clear direction to build the Future State of Jefferson County Public Schools ("JCPS"), and we firmly believe in setting high standards and using data-driven accountability measures to reach our goals.

To support our students at the level they deserve and require, the Board has said in one voice that it plans to make intentional investments in the future of all of our children, including those who may have been traditionally marginalized. These investments must meet the critical elements needed for all JCPS students to fulfill their academic, creative and social potential. This vision of our Future State includes bold strides toward engaging 21st century facilities; targeted resources for our highest-need schools; additional instructional time and continued focus on racial equity initiatives.

This Future State will stand on three pillars:

The Backpack of Success Skills, our first pillar, allows all JCPS students to develop key skills so they can be successful in all areas of influence: school, life and career. Students fill their virtual backpacks with school work and projects throughout their school years and present a defense of their learning accomplishments at the end of fifth, eighth and twelfth grades. This emphasis in online learning has been essential as we adjusted to remote learning due to the pandemic and continue remote learning for those in quarantine.

Our second pillar is school culture and climate. For students to perform at their best, they must be educated in an environment that not only delivers high-yield learning, but also provides them with individualized behavioral, social and emotional supports. To realize this goal, we have added mental health practitioners to all of

our schools to address bullying, suicide prevention and the ongoing mental health challenges affecting our nation. We are aggressively managing the pandemic by providing nursing services in every school and testing throughout our community. In addition, we are ensuring that the curriculum stimulates student interest by investing in career and technical education through the Academies of Louisville programs, which offer hands-on learning opportunities and real-world student apprenticeships.

The third pillar is our Racial Equity Plan. The Board's Racial Equity Policy commits to supporting educational excellence regardless of ethnicity, race, color, national origin, age, religion, marital or parental status, political affiliations or beliefs, gender, self-identification, gender identity or gender expression. The Board recognizes that multicultural education is a continuous development that is necessary to transform the educational process for our students and ensure that our schools are entirely inclusive. The plan includes a significant professional development investment and additional academic supports and extracurricular programs.

Within our governance responsibilities, we are ensuring that all budgetary decisions are directly linked to the Future State of all JCPS students. There are great things in store for our students and the future of our remarkable community.

On behalf of the Jefferson County Board of Education, I am pleased to present this Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023.

Sincerely,

A handwritten signature in black ink that reads "Diane Porter". The signature is fluid and cursive, with a large loop at the end.

For its Annual Comprehensive
Financial Report
For the Fiscal Year Ended

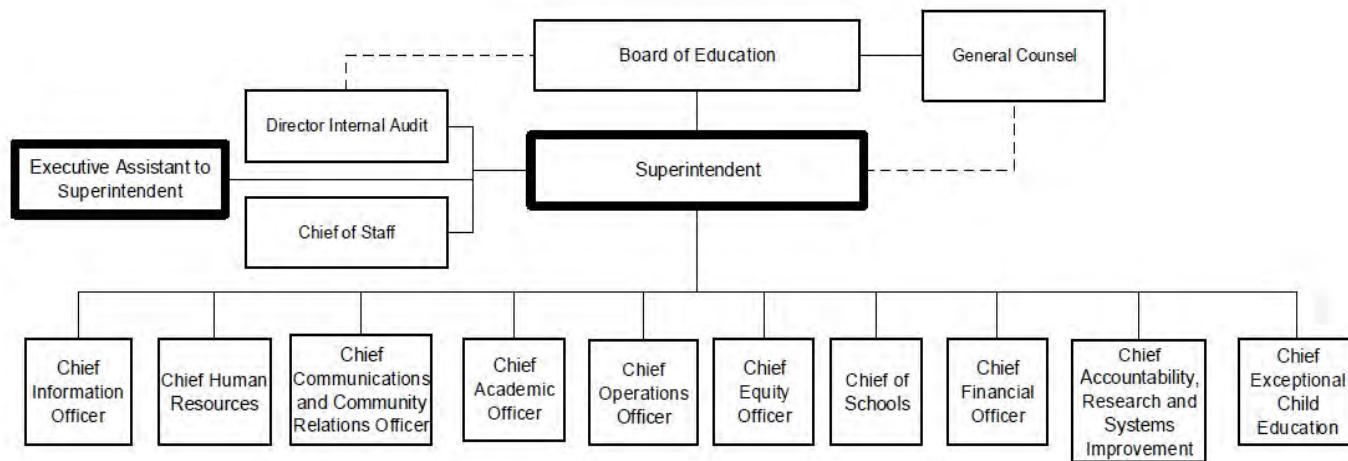

June 30, 2022

Christopher P. Merrill

Executive Director/CEO

This Certificate of Achievement for Excellence in Financial Reporting, awarded by the Government Finance Officers Association, is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment of the District. The District has received this award each year from 2007 through the latest award period for the year ended June 30, 2022.

Board of Education of Jefferson County, Kentucky
Louisville, Kentucky

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Board of Education of Jefferson County, Kentucky (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Jefferson County Public Education Foundation, which represent 100 percent of the assets, net assets, and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Jefferson County Public Education Foundation, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Kentucky Public School Districts' Audit Contract and Requirements* prescribed by the Kentucky State Committee for School District Audits. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 14, Budgetary Comparisons on pages 67 to 69, and Pension and OPEB Information on pages 70 to 82 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Budgetary Comparisons on pages 84 to 88 and Combining Nonmajor Fund Information on pages 89 to 93 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

With regards to the Combining Nonmajor Fund Information on pages 89 to 93, the information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining Nonmajor Fund Information on pages 89 to 93 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

With regards to the Budgetary Comparisons on pages 84 to 88, we have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the Introductory and Statistical Sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Dean Dotson Allen Ford, PLLC

Louisville, Kentucky

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Introduction

Our discussion and analysis of the Board of Education of Jefferson County, Kentucky (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2023. The intent of this Management's Discussion and Analysis ("MD&A") is to look at the District's financial performance as a whole. It should be read in conjunction with the District's financial statements.

Financial Highlights

Serving nearly 100,000 students, the District is the largest in Kentucky and the 30th largest in the United States. We maintain 165 schools and education centers: 88 elementary, 21 middle, 18 high, 3 multi-level, 4 pre-k centers, 18 special, and 13 state agency schools. The financial position of the District remains strong and stable with an operating budget of approximately \$2.5 billion.

The District maintains its focus on student achievement. Our students and teachers continue to win awards and reach new goals in numerous academic areas. The student-teacher ratio during the school year was 16 to 1. The student daily attendance rate was not calculated in the 2020-2021 school year due to the COVID-19 pandemic.

	2022-23	2021-22	2020-21	Current Year Change
College scholarships earned	\$154 million	\$116 million	\$159 million	32.8 %
Students taking AP tests	5,122	5,061	4,128	1.2 %
Number of tests taken	8,033	8,175	6,673	(1.7)%
AP scores earning college credit	55.9 %	52.3 %	49.5 %	6.9 %
Number of teachers	6,818	6,735	6,890	1.2 %
Teachers with Master's Degree or higher	83 %	83 %	82 %	0.0 %
National Board Certified Teachers	346	434	447	(20.3)%
Student daily attendance rate	89.7 %	89.4 %	N/A	0.3 %

On the District-wide financial statements, the total net position of the District was \$(6.6) million, assets totaled \$1.8 billion, deferred outflows totaled \$375.8 million, liabilities totaled \$1.9 billion, and deferred inflows totaled \$224.1 million. The District's total net position increased by \$109.0 million for the fiscal year ended June 30, 2023. The District's governmental funds financial statements reported combined ending fund balance of \$574.7 million. Of this total, \$326.9 million is unassigned in the general fund. Due to economic uncertainty, along with the needs of specific instructional priorities, it is necessary to maintain adequate fund balance to support these initiatives.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Overview of the Financial Statements

The annual report contains:

- Management's Discussion and Analysis ("MD&A")
- District-wide financial statements and fund financial statements
- Notes to Financial Statements
- Other required supplementary information, including various schedules for the District's proportionate share of the net pension and net other postemployment benefit liabilities
- Other supplementary information, including statements for non-major governmental and proprietary funds

This annual report consists of a series of financial statements. The District-wide statements, the Statement of Net Position and the Statement of Activities, provide an overview of the District's finances. The fund financial statements tell how these services were financed in the short term, as well as, what remains for future spending. The fund financial statements also report the District's operations in more detail than the District-wide financial statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the District.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

Our analysis of the District as a whole begins with the District-wide financial statements. One of the most important questions raised about the District's finances is whether the District as a whole is better off or worse off as a result of the year's activities. The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector organizations. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes to net position. The District's net position, the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, is one way to measure its financial health. Increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating.

To evaluate the District's overall health, one may want to review other non-financial factors, such as changes in the District's property tax base and the condition of the District's school buildings and other physical assets.

The District-wide financial statements are divided into two categories:

- **Governmental activities:** Most of the District's basic services are reported here, including instruction, student support services, instructional staff support services, administrative support services, school administrative support services, business support services, transportation, and plant operations and maintenance. Property taxes, occupational taxes, the Commonwealth's Support Education Excellence in Kentucky ("SEEK"), other Commonwealth support, and state and federal grants finance most of these activities.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

- **Business-type activities:** School Food Services, Adult Education Lifelong Learning Courses, Tuition-based Preschool, fee-based Day Care, and Enterprise Programs are considered as business-type activities of the District. A fee is charged for these activities to assist the District in covering the cost of these services; therefore, they are classified as business-type activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

Our analysis of the District's major activities provides detailed information about the most significant funds—not the District as a whole. Some funds are required to be established by State law and bond covenants. However, other funds are established as needed to help control and manage money for particular purposes or to show that the District is meeting legal responsibilities for using certain taxes, grants, and other money (for example, grants received from the federal and state governments). The District's two kinds of funds, governmental and proprietary, use different accounting approaches.

Governmental funds: Most of the District's basic activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. We describe the relationship (or differences) between the governmental activities (reported in the District-wide Statement of Net Position and Statement of Activities) and governmental funds in reconciliations following the fund financial statements.

Proprietary funds: When the District charges students or parents for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the District-wide Statement of Net Position and Statement of Activities. In fact, the District's proprietary funds are the same as the business-type activities we report in the District-wide financial statements but provide more detail and additional information, such as cash flows, for proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

Management's Discussion and Analysis
For the Year Ended June 30, 2023

The District as a Whole

The following is a summary of the District's net position:

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
Current and other assets	\$ 744,532,629	\$ 604,545,941	\$ 11,384,611	\$ 6,109,951	\$ 755,917,240	\$ 610,655,892

Governmental Activities

The revenues in the governmental activities decreased by \$361.5 million. Although there was a decrease in the current year governmental funds' activity, the prior two years' inflated revenue was due to federal stimulus grants meant to prevent staff layoffs and address learning loss during the shutdown period caused by the pandemic and the transition back to the classroom. In addition, property, occupational, and other taxes increased as our economy stabilized after the initial shutdown eased. Expenses in governmental activities decreased as a whole similar to revenues decreasing as the federal stimulus grants were more heavily spent in prior years.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

The following schedule provides a comparison of the District-wide revenues for governmental activities for the current and previous years:

Revenues	2023	2022	Change	% Change
Local Sources:				
Property Taxes	\$ 627,463,151	\$ 594,308,658	\$ 33,154,493	5.6 %
Occupational Taxes	206,342,623	206,474,525	(131,902)	(0.1)%
Other Taxes	74,667,834	106,915,232	(32,247,398)	(30.2)%
State Sources:

Expense Categories

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Business-type Activities

Net Position of the District's business-type activities decreased \$5.3 million. Most of this occurred due to accounting for pension and other postemployment benefits as discussed further in Notes F and H of this report. Business-type activities continued to increase after the previous few years' pandemic-related struggles; however, revenues did not keep up with costs resulting in a loss for the year. School Food Services net position decreased \$5.6 million due to the allocation percentage changes of postemployment benefits as well as the continued food and supply chain issues and increased food costs. The tuition preschool net position increased \$211.4 thousand due to a change in their allocation percentage of the same postemployment benefits.

Fund Budgetary Highlights and Future Budgetary Implications

The District's Draft Budget is presented to the members of the Board of Education by January 31 each year, followed by a Tentative (Original) Budget by May 30, and, once the members of the Board of Education approve tax rates in September, the Working (Final) Budget is submitted to the Kentucky Department of Education by September 30.

General Fund expenditures were \$277.8 million under budget. More than half of this amount was due to \$180.1 million budgeted but not spent in the contingency category. Other categories such as instruction, business support services, and plant operations and maintenance came in less than budget due to vacancies and positions being paid for out of COVID-Relief grants (ESSER), along with conservative budgeting. As a whole, our General Fund increased fund balance by \$82.9 million, much of which was due to staff vacancies and shifting expenses to be paid out of COVID-Relief grants (ESSER). As discussed further in the Local Economic Outlook section on page 14, the local economy has rebounded after the slowdown caused by the COVID-19 pandemic.

General Fund revenues are generally from a combination of local and state sources. While state sources stay flat or decrease each year, local revenues provide for income growth largely through property assessment increases and property tax increases which the elected Board of Education has traditionally supported. The District uses this local revenue growth to remain stable and adjust to student needs.

For the Special Revenue Fund, the fund balance decreased by \$14.7 million due to a large portion of the ESSER grant having been received in the 2022 school year with some funding still coming in during 2023. Some of the cost-reimbursement grant revenue will be received in the following year to reimburse the expenses from the current year.

Our Construction Fund experienced a \$57.6 million increase during the year, as we worked to complete bonded construction projects. The Building Tax Fund decreased \$6.0 million during the year as funds were used on priority renovation projects during the current fiscal year. On the whole, our Construction Fund and Building Tax Fund are well structured for future capital needs. We anticipate our revenue stream remaining stable for routine activities into the future.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

In accordance with the requirements of Governmental Accounting Standards Board Statement No. 68, *Accounting and Reporting for Pensions* and Government Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the District has recorded its proportionate share of certain financial factors of the pensions in which its employees participate. These factors include certain inflows and outflows of funds which will be amortized over future years and net pension and net other postemployment benefits liabilities. The very nature of the net pension and net other postemployment benefits liabilities indicates that these plans have not been fully funded, whether by employee contributions, employer contributions, or investment earnings. Although the District has always paid its entire contribution based on rates determined by each plan, much of the responsibility falls on the Commonwealth of Kentucky. The need to shore up these plans may become a factor in future employer matching rates or State funding.

Capital Assets and Debt Administration

Capital Assets

At the end of June 30, 2023, the District's investment in capital assets for its governmental and business-type activities was \$1,035.2 million, representing an increase of \$83.0 million (net of depreciation), as shown in the following tables:

	June 30, 2023	June 30, 2022	Percent Change
Governmental activities:			
Land	\$ 29,247,665	\$ 29,247,665	0.0 %
Land improvements	51,904,848	50,641,977	2.5 %
Buildings and improvements	1,524,126,999	1,514,134,271	0.7 %
Leased Buildings	430,899	538,624	(20.0)%
Technology	146,393,759	135,510,641	8.0 %
Leased Technology	695,545	755,375	(7.9)%
Subscription Assets	1,551,459		100.0 %
Buses and vehicles	114,938,613	112,379,166	2.3 %
Furniture, fixtures and other	98,096,364	80,309,694	22.1 %
Construction in progress	203,781,267	107,954,167	88.8 %
Total	2,171,167,418	2,031,471,580	6.9 %
Less: accumulated depreciation	1,151,736,730	1,095,779,501	5.1 %
Governmental activities assets, net of depreciation	<u>\$ 1,019,430,688</u>	<u>\$ 935,692,079</u>	8.9 %

During the 2022-2023 year, governmental activities capital assets increased due to a District focus on new and improved school facilities and a continued increase of technology in our District. Construction in progress increased significantly as we have continued construction of several new schools. Technology capital assets continued to increase as we continue our initiative toward 1:1 technology in our schools.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

	June 30, 2023	June 30, 2022	Percent Change

Total Capital Assets Governmental and Business-type activities	\$ 1,035,165,747	\$ 952,212,920	8.7 %

The Local Planning Committee ("LPC") develops a long-range facility plan through evaluation of every building, identification of appropriate renovations, and analysis of demographic census to determine future growth needs. The LPC is comprised of JCPS staff representing school staff, SBDM ("School-Based-Decision Making") councils, PTA ("Parent Teacher Association"), local building officials, and community members. The long-range facility plan details the unmet needs for the District for the next four years. The plan is submitted to the Local Board of Education, the Kentucky Department of Education, and the Kentucky Board of Education for approval. At June 30, 2023, the unmet needs for the District totaled an estimated cost of \$1.3 billion.

Funding for these needs is typically provided from the General Fund, Construction Fund or through Bond issues. Bond issues are paid with Building Tax Funds (local 5-cent property tax), SEEK Capital Outlay Funds at \$100 per student or the Kentucky State Facility Construction Commission ("KSFCC") funds. To ensure continued academic success for our students, we must provide a learning environment that is safe, functional, inviting and well-maintained.

Additional information on the District's capital assets can be found in Note D of this report. Information concerning bonds and long-term liabilities is in Note E of this report.

Local Economic Outlook

The Jefferson County economy has been strong over the past year, though the world economic instability with supply chain issues and staffing shortages pose similar challenges for JCPS as they do for other organizations. The District experienced continued growth and strength through maintaining a healthy revenue stream with occupational license tax revenue, which is based on net profits and salaries paid in our jurisdiction. Although this year experienced a small decrease, the prior two years had increases of 16.8% and 13.1% respectively, indicating that the local economy has steadily recovered from the COVID shutdowns and is actively growing. Jefferson County property valuation assessments are used to calculate property taxes, our largest revenue source. Since last school year, property taxes have increased 5.6% showing that the economy is bouncing back successfully since the start of the COVID-19 pandemic.

Jefferson County's central location, extensive transportation network and quality of life are factors in this resiliency and in attracting and maintaining a healthy business community.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Overall, with a diverse economy and excellent quality of life, Jefferson County has the stability necessary to minimize the impact of the current and potential future economic downturns.

Contacting the Jefferson County Board of Education Management

This financial report is designed to provide a general overview of the finances of the Jefferson County Board of Education and to show management's accountability for these funds. If you have questions about this report or need additional information, contact the Chief Financial Officer/Treasurer of the Jefferson County Board of Education, P. O. Box 34020, Louisville, Kentucky 40232-4020.

Note A—Summary of Significant Accounting Policies

Reporting Entity—The Board of Education of Jefferson County, Kentucky (the “District”) is established under and governed by the Kentucky School Laws and maintains a system of schools primarily for kindergarten through twelfth grade, but also includes preschool, vocational and adult education. The District is a school district of the Commonwealth of Kentucky having boundaries coterminous with the boundaries of Jefferson County, excluding the City of Anchorage.

The accompanying financial statements include all funds and activities of the District, including the Jefferson County School Board Finance Corporation (the “Corporation”), a non-stock, not-for-profit Corporation. The Corporation is a blended component unit and was created to act as an agency in the acquisition and financing of any capital project which may be undertaken by the District. Accounts of the Corporation are included in the financial statements as a capital projects fund.

The District is not includable as a component unit within another reporting entity. Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to develop policies which may influence operations, and primary accountability for fiscal matters.

Accounting Standards—The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the U.S. (“GAAP”) as applied to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

District-wide and Fund Financial Statements—The District-wide financial statements (the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements report information on all the activities of the District. The doubling-up effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by tax revenues, are reported separately from business-type activities, which rely significantly on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to students or parents who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or program; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes and other items not properly included among program revenues are reported instead as general revenues. The District allocates certain indirect costs to be included in the program expense reported for individual functions and activities in the District-wide Statement of Activities.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though fiduciary funds are excluded from the District-wide financial statements. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

Note A—Summary of Significant Accounting Policies—Continued

Measurement Focus and Basis of Accounting—The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Each fund is a separate accounting entity with a self-balancing set of accounts. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible during the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to pensions, other post employment benefits, compensated absences and workers' compensation claims, are recorded only when payment is due.

Revenues susceptible to accrual are property taxes, interest revenue and charges for services. Occupational tax revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Funds are classified into three categories: governmental, proprietary and fiduciary. The District reports the following major governmental funds:

The General Fund is the District's primary operating fund, which accounts for all of the activities of the general government not required to be accounted for in another fund. Local taxes account for 56.6% of the General Fund revenues, while the Support Education Excellence in Kentucky ("SEEK") program accounts for 14.7% of General Fund revenues. SEEK is a program that began in 1990 as the result of the Kentucky Education Reform Act ("KERA"), and is the basic State funding spent by the District. Other State Revenues are 27.0% of General Fund revenues and are principally health insurance for all employees and teachers' pension match paid by the State on the District's behalf, as discussed further on page 34 in Note A.

The Special Revenue Fund is a special revenue fund which accounts for the activities of specific education related programs in accordance with restrictions established by the various grantors (primarily the United States Government and state and local governments). This includes certain KERA grants which carry grantor restrictions related to expenditures.

The Construction Fund accounts for funds from three sources. First, funds generated by sales of bond issues are used for various construction projects at educational facilities. Second, proceeds from the sale of properties and equipment owned by the District are to be used at the discretion of the District for future construction projects. Last, any funds remaining in the Capital Outlay and Building Tax Funds at the end of the year are escrowed to pay for categorical priorities listed in the Long-Range Facility Plan, discussed on page 13 in the MD&A.

Note A—Summary of Significant Accounting Policies—Continued

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services or producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The District reports as a major proprietary fund the School and Community Nutrition Services (“School Food Services”) Program which provides certain food preparation at the Nutrition Center and serves breakfast and lunch at schools throughout Jefferson County.

Component Unit—The Jefferson County Public Education Foundation (“JCPEF”) is a 501(c)(3) public charity whose predominate mission is to support Jefferson County Public Schools, its students, and its staff. It maintains separate accounting records with full financial authority and a completely independent Board. As the only component unit, it qualifies as major and is reported as a separate financial statement of major component units. JCPEF maintains its financial records using the modified cash basis. These records have been audited separately and a copy of their financial statements can be obtained at Jefferson County Public Education Foundation, VanHoose Education Center, 3332 Newburg Road, Louisville, KY, 40218.

JCPEF reports net assets and revenues, expenses, gains, and losses based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of JCPEF and changes are reported as follows:

Without donor restriction – Portion of expendable funds available for support in the JCPEF operation.
With donor restrictions – Net assets subject to donor-imposed stipulations. These net assets include those that may or will be met either by actions of JCPEF and/or the passage of time and also include \$1,491,825 permanent endowment funds.

JCPEF maintains cash in a bank account insured by the Federal Depositors Insurance Corporation (“FDIC”). When balances exceeded FDIC limits, excess amounts exposed to credit risk were secured by United States Treasury repurchase agreements. Investments remain subject to custodial credit risk, interest rate risk, and concentration of credit risk as outlined in Note B. All investments have been measured and reported at fair value according to the hierarchy explained in Note B:

Investments by Fair Value Level	Fair Value Measurements Using:			
	June 30, 2023	Quoted Prices in Active Markets for Identical Assets – Level 1	Significant Other Observable Inputs – Level 2	Significant Other Unobservable Inputs – Level 3
Corporate Bonds	\$ 1,593,571		\$ 1,593,571	
Treasury Notes	6,698,444	\$ 6,698,444		
Mutual funds – fixed income	81,917	81,917		
Equities	3,231,214	3,231,214		
Mutual funds – equity	179,403	179,403		
Exchange Traded Funds	798,603	798,603		
Total	\$ 12,583,152	\$ 10,989,581	\$ 1,593,571	

Note A—Summary of Significant Accounting Policies—Continued

Cash and Cash Equivalents—The District considers demand deposits, money market funds, and other investments with an original maturity of 90 days or less, to be cash equivalents.

Inventories—Inventories are valued at the lower of cost, using the first in, first out method, or market. Generally, the only inventory items marked to market are diesel, gasoline, and items determined to be obsolete with no current market value. The Food Service Fund’s inventories consist of food and supplies valued at cost and U. S. Government commodities whose value is determined by the U.S.D.A.

In the governmental funds balance sheet, reported inventories in the general fund are equally offset by a fund balance reserve which indicates that they do not constitute “available spendable resources” even though they are a component of total assets.

Capital Assets—Capital assets include land, buildings, vehicles, leased assets, subscription-based information technology assets, office equipment, school equipment, and food service equipment, and are reported in the applicable governmental or business-type activities column in the District-wide Statement of Net Position and in the Statement of Net Position – Proprietary Funds. The District maintains a record of its capital assets, and those with a cost of \$1,000 or more are capitalized. All computers, regardless of cost, are capitalized. Additions to capital assets are recorded at cost and depreciated using the straight-line method. Capital assets are depreciated over estimated useful lives as determined by the Kentucky Department of Education, as follows:

	<u>Estimated life (years)</u>
Land improvements	20
Buildings	50
Building improvements	25
Carpet/tile	7
Technology equipment	5
School buses	10
Other vehicles	5
Rolling stock	15
Food service equipment	12
Furniture and fixtures	20
Audio-visual equipment	15
Other general equipment	10
Musical instruments	10

The same asset classifications may be leased over a period exceeding 12 months instead of purchased, which would qualify as leases or subscription assets. These assets are amortized over the remaining term of the lease/subscription agreement, rather than in accordance with the depreciable life table.

Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note A—Summary of Significant Accounting Policies—Continued

Fund Balance—Fund balance is separated into five categories, as follows:

Category	Definition	District Purpose
Nonspendable	Permanently nonspendable by decree of the donor, such as an endowment, or items which may not be used for another purpose, such as amounts used to prepay future expenses or already-purchased	Prepaid expenses and inventory on hand
Restricted	Legally restricted under federal or state law, bond authority, or grantor contract	Grant funds, bond proceeds, and funds governed by specific state laws
Committed	Commitments passed by the elected Board through a Resolution and can not be used for any other purpose unless modified or rescinded by Board	Required reserves to meet payroll and accounts payable cash flow requirements
Assigned	Spendable fund balance amounts authorized by management priority including issued encumbrances	Encumbered purchase orders (budgeted, approved money allocated/assigned to a purchase but not yet spent) and other specific purposes that are neither considered restricted or committed
Unassigned	Funds available for future operations	Funds available for future operations

Category	District Purpose	General Fund	Special Revenue	Construction Fund	Nonmajor Funds	Purpose Total
Nonspendable	Prepaid expenses and inventory on hand	\$ 5,097,598			\$ 388,679	\$ 5,486,277
Restricted	Grant or donor-directed funds		\$ 2,289,136		5,558,835	7,847,971
	Unspent bond proceeds and unallocated project residuals			\$ 133,752,632		133,752,632
	Funds governed by specific state laws				7,068,387	7,068,387
Committed	Cash flows protection	36,000,000				36,000,000
Assigned	Encumbered purchase orders (budgeted, approved money allocated/assigned to a purchase but not yet spent)	57,647,612				57,647,612
Unassigned	Funds available for future operations	326,880,902				326,880,902

Note A—Summary of Significant Accounting Policies—Continued

Unassigned fund balance is generally only reported in the General Fund. However, if expenditures for a governmental fund other than the General Fund exceeded amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

It is the District’s practice to liquidate funds when conditions have been met releasing these funds from legal, contractual, District, or managerial obligations, using restricted funds first, followed by committed funds, assigned funds, then unassigned funds.

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. Encumbrances remaining open at the end of the fiscal year are automatically re-budgeted in the following fiscal year. Encumbrances are considered a managerial assignment of fund balance in the General Fund balance sheet. Board policy 04.31 grants this authority to the Superintendent or the Superintendent’s designee. The Superintendent has granted fund balance assignment authority to the Director of Purchasing.

Statutorily, the Kentucky Department of Education may assume financial control over any school district whose fund balance drops below 2% of the total expenditures of certain funds. To maintain balances above this level, they recommend reserving at least 5%. The elected Jefferson County Board of Education committed funds to ensure fund balance remains above these levels. While these funds have been properly committed and not budgeted for future years’ expenditures, there is no mandate on how the committed funds would be used if the District fell below the 2% floor.

Property Tax Revenues—Property taxes are levied each November on the assessed value listed as of the prior January 1 for all real and personal property in Jefferson County. The billings are considered due upon receipt by the taxpayer; however, the actual due date is based on a period ending 30 days after the tax bill mailing.

On-Behalf Payments—The Commonwealth of Kentucky pays certain expenses on behalf of the District. In the financial statements, these payments are recorded as an expense and other state revenue. These expenses include the following:

	<u>2022-23</u>
Health insurance	\$ 116,335,073
KTRS employer match	304,330,885
HRA, dental, vision, and life insurance	4,182,024
State administration fee	1,320,742
Reimbursement from federal programs	(8,447,782)
State facility construction support	9,618,677
Technology systems	807,590
	<u>\$ 428,147,209</u>

Note A—Summary of Significant Accounting Policies—Continued

Budgetary Principles—The Superintendent must submit the proposed budget for all funds other than school-based activity funds to members of the Board each year. The Board Members will then discuss and, where so desired, amend the proposed budget and will adopt a final budget by September 30 of each fiscal year. Any adjustments to the adopted budget must be approved by the Board.

Budget information is presented for the General Fund and other funds with a legally-adopted budget. This budgetary data is prepared on the modified accrual basis of accounting, in accordance with generally accepted accounting principles. Budgetary revenues represent original estimates modified for any adjustments authorized by the Board during the fiscal year. Budgetary expenditures represent original appropriations adjusted for budget transfers and additional appropriations approved during the fiscal year. Although budgets are prepared on a line-item basis by cost center for each department, expenditures may legally exceed budget in these areas but may not exceed the budget in total. District Activity Funds and Student Activity Funds do not have legally-adopted budgets and budgetary information is not presented for these funds.

Interfund Receivables and Payables—Each fund is a separate fiscal and accounting entity, and thus interfund transactions are recorded in each fund affected by a transaction. Interfund receivables and payables for the District arise generally from two types of transactions: 1) all funds are initially received into the General Fund, thus a payable and receivable are established in the appropriate funds; and 2) payments are from the General Fund checking account, which may not have the legal liability for the expenditure, thus a payable from the fund having the legal liability is established at such time. Typically, interfund receivables and liabilities are resolved monthly, and all of these balances should be resolved within a year. All interfund receivables and payables have been eliminated on the District-wide Statement of Net Position.

	Due from other Funds Reported in General Fund	Due to other Funds Reported in General Fund
Special Revenue Fund	\$ 77,298,452	\$ 36,024,504
Construction Fund	15,439,894	58,385,228
Nonmajor Governmental Funds		5,738,537
Food Service Fund	9,973,069	8,248,260
Nonmajor Enterprise Funds	17,086	1,626,563
	\$ 102,728,500	\$ 110,023,092

Note A—Summary of Significant Accounting Policies—Continued

Transfers to Other Funds—Although each fund is its own distinct reporting entity, periodically, funds have cause to make transfers to other funds. The most common reasons necessitating interfund transfers are for debt service payments and grant matching funds. Debt service payments may be paid from the Capital Outlay Fund, Building Tax Fund, or Construction Fund, but the expenditures are recorded in the Debt Service Fund with transfers recorded to keep the funds in balance. At times, the District receives grants which require an amount of matching funds. Usually, the General Fund supplies this match offset by transfers to the Special Revenue Fund. The following is a schedule of the District’s transfers during the year:

	<u>Transfers from other funds</u>	<u>Transfers to other funds</u>	
General Fund	\$ 22,703,784	\$ 22,595,653	Food Service facilities rent forgiven, grant matching, and construction funding
Special Revenue Fund	1,880,977	18,503,595	Grant matching funds and accounting changes
Construction Fund	31,432,019	24,587,076	Debt service payments and escrowed funds used for current construction
Nonmajor Governmental Funds	73,261,677	62,357,197	Debt service payments and escrowed funds used for current construction
Food Services Fund	2,965,253	4,200,189	Facilities rent forgiven by General Fund
	<u>\$ 132,243,710</u>	<u>\$ 132,243,710</u>	

Pensions—For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Kentucky Teachers Retirement System and the County Employees Retirement System and additions to/deductions from these pensions’ fiduciary net position have been determined on the same basis as they are reported by those pensions. The pensions’ financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide contributions. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other than Pensions (“OPEB”)—For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position of the Kentucky Teachers Retirement System and the County Employees Retirement System and additions to/deductions from the plans’ fiduciary net position have been determined on the same basis as they are reported by the respective plans. The plans’ financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide contributions. For this purpose, the plans recognize benefit payments when due and payable, in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Note B—Cash, Cash Equivalents and Investments

The District's deposits are maintained in five designated financial institutions. Deposits at all these financial institutions are entirely insured by the FDIC or by collateral held by the financial institutions in the District's name, as is required by the District's investment policy, though custodial credit risk is not specifically mentioned in this policy. During the year, the District invests excess cash into short-term United States Government obligations or bank certificates of deposit collateralized by U.S. Government securities. These investments are either insured or securities are held by the pledging financial institution's trust department in the District's name.

In compliance with Kentucky Statutes, the District's investment policy 04.6 specifies that the District's investment objectives, in order of priority, are the following:

- a. Legality
- b. Safety of principal
- c. Liquidity to enable the District to meet all operating requirements
- d. Return on Investment

The complete investment policy 04.6 is available at <http://policy.ksba.org/Chapter.aspx?distid=56>. Investments consist of certificates of deposit and U.S. Government agency securities. The certificates of deposit are held by various schools' activity funds in the Nonmajor Governmental Funds at several financial institutions located in Jefferson County, Kentucky, and have various rates of interest and maturity dates greater than ninety days. Such investments are stated at fair value as of June 30. These investments are covered by depositor insurance or by collateral held by the financial institutions in the District's name. The U.S. Government Securities also have maturities greater than ninety days and their value has been adjusted to fair value. As of June 30, 2023, the District had the following investments:

Fund Type	Investment Type	Fair Value	Moody's Rating	Weighted Average Maturity in Years
Governmental	Federal Agencies	\$ 46,462,561	Aaa	2.58
	Certificates of Deposit	501,134		1.23
		<u>\$ 46,963,695</u>		

Note B—Cash, Cash Equivalents and Investments—Continued

Credit Risk—Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. In an effort to minimize the likelihood that an issuer will default, the District has limited the number of permissible investments under its investment policy to certain highly rated investments. In accordance with this policy, the District is authorized to invest in the following:

- a. Obligations of the United States and of its agencies, national corporations, and instrumentalities, including repurchase agreements
- b. Certificates of deposit issued by banks or savings and loan institutions
- c. Bonds or certificates of indebtedness of the Commonwealth of Kentucky and of its agencies and municipalities
- d. Securities issued by a state or local government, or any instrumentality or agency thereof, in the United States, but only if fully defeased by direct obligations of or guaranteed by the United States of America
- e. Interest bearing deposits in national and state banks chartered in Kentucky and insured by an agency of the United States up to the amount so insured, and in larger amounts providing such bank shall pledge as security obligations having a current quoted market value at least equal to any uninsured deposits.

Custodial Credit Risk—Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All investments held by the District are insured or collateralized with securities held in the District's name. The securities held as collateral are maintained either by the Federal Reserve or in the trust area of major national banks.

Interest Rate Risk—Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. The District manages its exposure to declines in fair value by purchasing a combination of cash holdings, shorter-term, and longer-term investments. Some of the District's investments in federal agency securities are callable instruments and particularly carry this form of risk. The District has no formal policies relating to interest rate risk.

Concentration of Credit Risk—The District's investment policy places no limit on the amount the District may invest with any one issuer; however, all holdings must be collateralized with securities held in the District's name. As of June 30, 2023, the District had \$1,750,000 of deposits insured by the FDIC. Amounts on deposit in excess of FDIC insurance required to be collateralized were collateralized by securities held in the District's name and none were uninsured and uncollateralized.

Fair Value Measurement—The District's investments are measured and reported at fair value are classified according to the following hierarchy:

- Level 1 – Investments reflect prices quoted in active markets.
- Level 2 – Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3 – Investments reflect prices based upon unobservable sources.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note B—Cash, Cash Equivalents and Investments—Continued

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment’s risk. Debt securities classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor.

Investments by Fair Value Level	June 30, 2023	Fair Value Measurements Using:		
		Quoted Prices in Active Markets for Identical Assets – Level 1	Significant Other Observable Inputs – Level 2	Significant Other Unobservable Inputs – Level 3
Certificates of Deposit	\$ 501,134		\$ 501,134	
U.S. Agency Obligations	46,462,561	\$ 46,462,561		
Total Debt Securities	\$ 46,963,695	\$ 46,462,561	\$ 501,134	

Note C—Receivables

The District recognizes revenues as receivable when they are measurable and receipt is certain. Concentration of credit risk with respect to the receivables from federal and state governments is limited due to the historical stability of those institutions. While the District receives revenues from many different outside sources throughout the year, the accounts and grants receivable from outside sources may be grouped into the following categories:

Accounts and grants receivable from outside sources	Governmental Funds	Proprietary Funds	Total
Accounts receivable	\$ 2,131,944	\$ 249,062	\$ 2,381,006
Taxes receivable	26,681,005		26,681,005
Grants receivable	59,528,558		59,528,558
	\$ 88,341,507	\$ 249,062	\$ 88,590,569

Federal and state grants to be used or expended as specified by the grantor are recognized as revenue and recorded as receivables as qualifying expenditures are made.

The following is the District’s property tax calendar:

Date	Event
January 1, year of levy	Assessment date
October 1, year of levy	Taxes levied
November 30, year of levy	2% discount allowed
December 31, year of levy	1% discount allowed
January 31, following year	Gross amount due
February 1, following year	Delinquent date, 1½ % interest added per month
April 1, following year	10% penalty added

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note C—Receivables—Continued

Unpaid property taxes attach as an enforceable lien on real property as of the delinquent date. The Jefferson County Clerk’s Office collects personal property tax on vehicles when registered. The Jefferson County Sheriff’s Office bills and collects all property taxes on real estate and other personal property on behalf of the District. District property tax revenues are recognized when levied to the extent that they result in current receivables.

Although the District has taxes receivable from a variety of constituents, a substantial portion of the debtors’ ability to honor this debt is dependent upon the widely diverse economic environment of the Commonwealth of Kentucky and the local area.

Note D—Capital Assets

Activity in capital assets during the year ended June 30, 2023 consisted of the following:

	Balance June 30, 2022	Additions	Dispositions	Balance June 30, 2023
Governmental Activities				
Land	\$ 29,247,665			\$ 29,247,665
Construction in progress	107,954,167	\$ 107,554,773	\$ 11,727,673	203,781,267
	137,201,832	107,554,773	11,727,673	233,028,932
Land improvements	50,641,977	1,299,474	36,603	51,904,848
Buildings & building improvements	1,514,134,271	11,164,603	1,171,875	1,524,126,999
Leased buildings	538,624		107,725	430,899
Technology equipment	135,510,641	16,677,230	5,794,112	146,393,759
Leased technology equipment	755,375	147,731	207,561	695,545
Subscription assets		1,551,459		1,551,459
Vehicles	112,379,166	3,707,142	1,147,695	114,938,613
General equipment	80,309,694	19,770,908	1,984,238	98,096,364
	1,894,269,748	54,318,547	10,449,809	1,938,138,486
Less Accumulated Depreciation/Amortization				
Land improvements	33,105,542	1,677,244	36,503	34,746,283
Buildings & building improvements	834,858,998	38,315,607	1,058,007	872,116,598
Leased buildings		107,725		107,725
Technology equipment	91,549,893	13,597,494	5,357,695	99,789,692
Leased technology equipment	418,558	252,728		671,286
Subscription assets		775,729		775,729
Vehicles	89,594,784	5,465,378	1,147,695	93,912,467
General equipment	46,251,726	4,945,804	1,580,580	49,616,950
	1,095,779,501	65,137,709	9,180,480	1,151,736,730
	\$ 935,692,079	\$ 96,735,611	\$ 12,997,002	\$ 1,019,430,688

Included in this table is current construction in progress. Items are not depreciated until placed into service. Accordingly, these items have no accumulated depreciation. Please note that minor adjustments or corrections are included in the dispositions column above and may cause small variances.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note D—Capital Assets—Continued

	Balance June 30, 2022	Additions	Dispositions	Balance June 30, 2023
Business-type Activities				
Land	\$ 1,000,000			\$ 1,000,000
Land improvements	4,745			4,745
Buildings & building improvements	17,030,604			17,030,604
Technology equipment	1,337,104		\$ 7,410	1,329,694
Vehicles	2,162,043			2,162,043
General equipment	31,821,673	\$ 721,773	213,568	32,329,878
	<u>53,356,169</u>	<u>721,773</u>	<u>220,978</u>	<u>53,856,964</u>
Less Accumulated Depreciation				
Land improvements	1,995	238		2,233
Buildings & building improvements	7,837,485	340,782		8,178,267
Technology equipment	1,231,411	46,584	7,410	1,270,585
Vehicles	2,071,339	40,309		2,111,648
General equipment	25,693,098	1,063,920	197,846	26,559,172
	<u>36,835,328</u>	<u>1,491,833</u>	<u>205,256</u>	<u>38,121,905</u>
	<u>\$ 16,520,841</u>	<u>\$ (770,060)</u>	<u>\$ 15,722</u>	<u>\$ 15,735,059</u>

Please note that minor adjustments or corrections are included in the dispositions column above and may cause small variances. The District implemented Government Accounting Standards Board ("GASB") Statement no. 96, *Subscription-Based Information Technology Arrangements, "SBITAs"*, during the fiscal year, in accordance with the statement requirements. No adjustments to beginning net position were necessary as a result of this implementation. Under GASB 87, leased buildings include office and classroom space at a local university with a five year term. Leased technology equipment includes copiers for use in the District print shop (six year term) and various schools (five year terms). Each leased asset is amortized over the term of the lease and each subscription assets is amortized over the term of the subscription-based information technology agreement.

Depreciation expense for business-type activities was entirely incurred in the operation of the District's school food services program. Depreciation and amortization for governmental activities is included in the following functional categories:

Instruction	\$ 56,039,286
Student support services	345
District administrative support services	2,806,430

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note D—Capital Assets—Continued

Net Investment in Capital Assets—On the District-wide Statement of Net Position, capital assets from Note D and Long-term Debt represent material portions of the District’s net position. This calculation is as follows:

	Governmental	Business-type
Capital assets, net of related depreciation	\$ 1,019,430,688	\$ 15,735,059
Less: lease liability	(1,126,667)	
Less: subscription agreement liability	(1,488,913)	
School building revenue bonds	(599,181,407)	
Net premiums/discounts on bonds	(36,746,969)	
Deferred savings from refunding bonds	162,140	
Bond proceeds not yet spent on capital projects	49,077,915	
	<u>\$ 430,126,787</u>	<u>\$ 15,735,059</u>

Note E—Long-Term Liabilities

School Building Revenue Bonds

	Original	Outstanding
2008 Series B QZAB, non-interest bearing and full bond liability paid at maturity in December 2022	\$ 5,200,000	
2010 Series C QSCB, interest rate of 5.125%, principal and interest payable semiannually on May 1 and November 1, with maturities through November 2029	27,483,000	\$ 7,117,050
2011 Series A QSCB, interest rate of 4.650%, principal and interest payable semiannually on June 1 and December 1, with maturities through June 2026	30,352,000	29,357
2012 Series A, interest rates ranging from 2.625% to 3.375% principal and interest payable semiannually on March 1 and September 1, with maturities through March 2032	13,850,000	7,115,000
2012 Series B, interest rates ranging from 2.3% to 2.6% principal and interest payable semiannually on July 1 and January 1, with maturities through January 2024	20,510,000	2,190,000
2012 Series C, interest rate of 1.9%, principal and interest payable semiannually on March 1 and September 1, with maturities through September 2024	18,730,000	3,815,000
2012 Series D, interest rates ranging from 2% to 3.125%, principal and interest payable semiannually on October 1 and April 1, with maturities through October 2032	27,235,000	21,835,000
2013 Series A, interest rates ranging from 2% to 2.375%, principal and interest payable semiannually on June 1 and December 1, with maturities through June 2025	22,860,000	7,215,000
2013 Series B, interest rates ranging from 2% to 4%, principal and interest payable semiannually on July 1 and January 1, with maturities through July 2026	35,550,000	17,270,000
2013 Series C, interest rates ranging from 3% to 5%, principal and interest payable semiannually on November 1 and May 1, with maturities through November 2033	33,005,000	25,290,000
2014 Series A, interest rates ranging from 3% to 5%, principal and interest payable semiannually on November 1 and May 1, with maturities through May 2034	42,890,000	38,205,000
2015 Series A, interest rates ranging from 3% to 5%, principal and interest payable semiannually on October 1 and April 1, with maturities through April 2035	16,465,000	11,645,000
2015 Series B, interest rate set at 4%, principal and interest payable semiannually on December 1 and June 1, with maturities through December 2026	36,285,000	24,630,000
2015 Series C, interest rates ranging from 3% to 5%, principal and interest payable semiannually on December 1 and June 1, with maturities through December 2035	15,160,000	12,455,000

2012 Series D October 2022	2015 Series B December 2026	2019 Series A June 2026	

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note E—Long-Term Liabilities—Continued

Bondholders are protected against default by a mechanism whereby the Commonwealth of Kentucky would withhold state SEEK payments and remit required debt service payments directly to the debt service paying agent. All bonds are subject to federal arbitrage regulations.

In connection with most of the above listed bond issues, the District has entered into participation agreements with the Kentucky School Facilities Construction Commission (the "Commission") which provides that the Commission will remit a stated amount of bond principal and interest payments annually, subject to biennial approval by the Kentucky General Assembly. Should approval not be received in future periods, the District remains obligated for the full amount of the bond principal and interest payments.

Assuming no issues are called prior to scheduled maturity and continued Commission participation, the minimum obligations of the District at June 30, 2023 for debt service is as follows:

Year Ending June 30	Principal	Interest	Total Repayments	Less: Commission Participation	Net Repayments
2024	\$ 37,385,000	\$ 21,059,095	\$ 58,444,095	\$ 10,495,459	\$ 47,948,636
2025	36,570,000	19,846,238	56,416,238	8,569,017	47,847,221
2026	38,009,357	24,003,662	62,013,019	8,605,269	53,407,750
2027	39,300,000	16,893,035	56,193,035	8,344,339	47,848,696
2028	39,890,000	15,519,641	55,409,641	7,561,089	47,848,552
2029-2033	222,247,050	63,143,092	285,390,142	33,917,307	251,472,835
2034-2038	160,215,000	16,948,246	177,163,246	21,526,414	155,636,832
2039-2043	25,565,000	1,377,725	26,942,725	7,523,855	19,418,870
TOTAL	\$ 599,181,407	\$ 178,790,734	\$ 777,972,141	\$ 106,542,749	\$ 671,429,392

All bonds issued by the District were revenue bonds or refunding bonds of revenue bonds, and the proceeds were used to construct or renovate schools and other facilities. The bonds payable are collateralized by the educational facilities constructed by the District with bond proceeds. Bonds are repaid principally from state revenues in the Capital Outlay Fund and local revenues in the Building Tax Fund. General Fund revenues are available to pay for debt service but have not been needed for this purpose.

As of June 30, 2023, the outstanding principal amount of indebtedness that is considered to be extinguished under "in substance defeasance" and therefore excluded from the District-wide financial statements was \$41,544,200. Although defeased, the funded debt will not be actually retired until the call dates have come due or until maturity if they are not callable issues.

Qualified School Construction Bonds ("QSCB")—The District has issued two taxable Qualified School Construction Bonds with direct payment to issuer. As part of this program, the District pays interest to the purchaser at taxable interest rates and receives a refund from the US Department of Treasury for those interest payments. The official bond statements specify that the District will make payments, which will be held in trust for the sole purpose of redeeming the bonds held by the bondholders at maturity. Accordingly, as principal payments are made, both the cash held in trust and the payments made into the trust will be excluded from the District's assets and liabilities, respectively.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note E—Long-Term Liabilities—Continued

Qualified Zone Academy Bonds ("QZAB")—On December 23, 2008, the District issued \$5,200,000 in Special Obligations School Financing Bond Series 2008B as a QZAB to finance capital projects at Cane Run and Shacklette Elementary Schools. On December 23, 2009, the District began making annual payments of \$371,429 to an escrow account at a local bank. Such payments are being held in trust and invested at an interest rate of 6.0% in accordance with the funding agreement. The final annual payment was made on December 23, 2022 and the principal was paid in full from the escrow account.

Lease Obligations—The District has leases providing access to building space and copiers owned by the University of Louisville. The lease obligations are valued at the present value of each lease discounted at the District's average borrowing rate for the term of each lease. All leases are for fixed payment amounts and none have early termination penalties. This schedule shows the remaining lease obligation payments over the life of the leases:

Year Ending June 30	Payments	Interest	Net Repayments
2024	\$ 376,392	\$ 26,918	\$ 349,474
2025	349,636	25,195	324,441
2026	302,357	21,907	280,450
2027	173,586	12,393	161,193
2028	12,746	1,637	11,109
TOTAL	\$ 1,214,717	\$ 88,050	\$ 1,126,667

Subscription Obligations—The District's subscription obligations are valued at the present value of each subscription discounted at the District's average borrowing rate for the term of each subscription contract. This schedule shows the remaining payments over the life of the subscriptions:

Year Ending June 30	Payments	Interest	Total Repayments
2024	\$ 880,390	\$ 42,115	\$ 838,275
2025	685,290	34,652	650,638
TOTAL	\$ 1,565,680	\$ 76,767	\$ 1,488,913

Estimated Liability for Workers' Compensation Benefits—The estimated liability for workers' compensation benefits consists of claim settlements for reported and outstanding claims and estimated claim settlements for incurred but not reported claims (based upon historical experience and an actuarial study). Estimated claim settlements for incurred but not reported claims are discounted at 3% over the anticipated payment periods to reflect the time value of money. This liability, along with certain related assets and liabilities, is accounted for within the Workers' Compensation Trust Fund, which is a self-insurance fund administered by the District for the purpose of providing workers' compensation insurance to employees of the District.

The District maintained reinsurance covering that portion of risks in excess of \$1,000,000 for any one occurrence with a \$500,000 deductible for the year ended June 30, 2023. The limit is subject to audit by the District's insurer. The District remains liable to the extent that claims are less than the amount of reinsurance coverage or if the reinsuring company is unable to pay its portion of claims. Workers' Compensation liability is charged against the same fund from which each employee's salary is paid. The majority of these payments are charged to the General Fund, Special Revenue Fund, and School Food Services Fund.

Note E—Long-Term Liabilities—Continued

Accrued Vacation Pay and Sick Leave—Accrued vacation pay, which may be accumulated for a period of up to two years, is payable upon termination of employment. Accrued sick leave, which has no maximum accumulation, is payable upon retirement at 30% of the value of accumulated sick leave. Both accrued sick leave and accrued vacation pay liabilities are charged against the same fund from which each employee’s salary is paid. The majority of these payments are charged to the General Fund, Special Revenue Fund, and School Food Services Fund.

Activity in long-term liabilities during the year ended June 30, 2023 consisted of the following:

	Balance June 30, 2022	Additions	Deductions	Balance June 30, 2023	Amounts Due Within One Year
Governmental Activities:					
School building revenue bonds	\$ 526,928,129	\$ 132,400,000	\$ 60,146,722	\$ 599,181,407	\$ 37,385,000
Net bond premiums/discounts	26,916,078	13,284,592	3,453,701	36,746,969	3,163,093
Lease liabilities	1,316,806	147,731	337,870	1,126,667	349,474
Subscription agreements liabilities		2,327,188	838,275	1,488,913	838,275
Estimated liability for workers' compensation claims	22,669,962	6,492,734	5,374,959	23,787,737	1,044,896
Accrued vacation pay	7,782,398	6,884,589	6,170,260	8,496,727	1,234,469
Accrued sick leave	42,830,043	22,547,491	18,987,969	46,389,565	749,761
	<u>\$ 628,443,416</u>	<u>\$ 184,084,325</u>	<u>\$ 95,309,756</u>	<u>\$ 717,217,985</u>	<u>\$ 44,764,968</u>

On the Government-wide and Proprietary Funds Statements of Net Position, long-term liabilities are split between the current maturities, which are expected to be paid within one year, and the long-term maturities, which are expected to be paid beyond one year later.

Note F—Retirement Plans

The District’s employees are provided with two pension plans, based on each position’s college degree requirement. The County Employees Retirement System covers employees whose position does not require a college degree or teaching certification. The Kentucky Teachers Retirement System covers positions requiring teaching certification or otherwise requiring a college degree. Both plans use the entry age normal actuarial funding method and the accrual basis of accounting.

General information about the County Employees Retirement System Non-Hazardous Plan (“CERS”)

Plan description—Employees whose positions do not require a degree beyond a high school diploma are covered by CERS, a cost-sharing multiple-employer defined benefit pension plan administered by the CERS Board of Trustees under the provisions of Kentucky Revised Statute (“KRS”) 61.646. CERS is governed by a 9-member board of trustees. Another 9-member board of trustees called the Kentucky Retirement Systems oversees the Kentucky Employees Retirement Systems (“KERS”) and the State Police Retirement System (“SPRS”).

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note F—Retirement Plans—Continued

The administrative entity comprising the office of counselors and professional staff is referred to as the Kentucky Public Pensions Authority (“KPPA”). It is governed by a third 8-member board composed of trustees from the boards of trustees of CERS and the Kentucky Retirement Systems. CERS issues a publicly available financial report that includes financial statements and required supplementary information for CERS. That report may be obtained from <http://kyret.ky.gov/>, by writing to the Kentucky Public Pensions Authority, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky 40601-6124, or by calling (502) 696-8800.

Benefits provided—CERS provides retirement and other postemployment benefits, which are described further in Note H. For retirement purposes, employees are grouped into three tiers, based on hire date:

Tier 1	Participation date	Before September 1, 2008
	Unreduced retirement	27 years service or 65 years old
	Reduced retirement	At least 5 years service and 55 years old At least 25 years service and any age
Tier 2	Participation date	September 1, 2008 – December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87
	Reduced retirement	At least 10 years service and 60 years old
Tier 3	Participation date	After December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87
	Reduced retirement	Not available

Cost of living adjustments are provided at the discretion of the General Assembly. Retirement benefits are based on a factor of the number of years’ service and hire date multiplied by the average of the highest five years’ earnings for Tier 1 employees, or the average of the last five fiscal years’ earnings for Tier 2 and Tier 3 employees. Reduced benefits are based on factors of both of these components.

Employees are eligible for service-related disability benefits regardless of length of service. Five years of service is required for nonservice-related disability eligibility. Disability benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. Death benefits equal the employee's final full-year salary.

Contributions—Contribution rates are actuarially determined per KRS Section 78.454 (33) each year. The District’s contribution rate to the pension and insurance (OPEB) funds was 26.79%, 26.95% and 24.06% for the years ended June 30, 2023, 2022 and 2021, respectively. Required contributions by the employee to the pension and insurance (OPEB) funds (see Note H for OPEB information) are based on the tier:

	<u>Required contribution</u>
Tier 1	5%
Tier 2	5% + 1% for insurance fund
Tier 3	5% + 1% for insurance fund

Note F—Retirement Plans—Continued

In accordance with Senate Bill 2, signed by the Governor of Kentucky on April 4, 2013, plan members who began participating on, or after, January 1, 2014, are required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute 5% of their creditable compensation each month to their own account, and 1% to the Insurance Fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the Board of Trustees of the Kentucky Retirement Systems and CERS based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit of 4% is deposited to the member's account. The employer pay credit represents a portion of the employer contribution.

General information about the Teachers Retirement System of the State of Kentucky (“KTRS”)

Plan description—Teaching certified employees of the District and other employees whose positions require at least a college degree are provided pensions through KTRS, a cost-sharing multiple-employer defined benefit pension plan with a special funding situation established to provide retirement annuity plan coverage for local school districts and other public educational agencies in the State. KTRS was created by the 1938 General Assembly and is governed by Chapter 161 Section 220 through Section 990 of the KRS. KTRS is a blended component unit of the Commonwealth of Kentucky and therefore is included in the Commonwealth's financial statements. KTRS issues a publicly available financial report that can be obtained at <https://trs.ky.gov/employers/information/gasb-65-67/>.

Benefits provided—For employees who have established an account in a retirement system administered by the Commonwealth prior to July 1, 2008, employees become vested when they complete five (5) years of credited service. To qualify for monthly retirement benefits, payable for life, employees must either:

- 1) Attain age fifty-five (55) and complete five (5) years of Kentucky service, or
- 2) Complete 27 years of Kentucky service.

Employees who retire before age 60 with less than 27 years of service receive reduced retirement benefits. Non-university employees with an account established prior to July 1, 2002 receive monthly payments equal to 2% (service prior to July 1, 1983) and 2.5% (service after July 1, 1983) of their final average salaries for each year of credited service. Employees (including second retirement accounts) establishing an account between July 1, 2002 and June 30, 2008 will receive monthly benefits equal to 2% of their final average salary for each year of service if, upon retirement, their total service is less than ten years. Employees establishing an account between July 1, 2002 and June 30, 2008 who retire with ten or more years of total service will receive monthly benefits equal to 2.5% of their final average salary for each year of service, including the first ten years. In addition, employees who retire July 1, 2004 and later with more than 30 years of service will have their multiplier increased for all years over 30 from 2.5% to 3.0% to be used in their benefit calculation. Employees hired on or after July 1, 2008, will receive monthly benefits equal to the average of their top three salary years multiplied by a sliding scale rate from 1.7% up to 2.5% based on years of service up to 30 years. Beyond 30 years of service, the rate increases to 3.0%.

Note F—Retirement Plans—Continued

Final average salary is defined as the member’s five (5) highest annual salaries for those with less than 27 years of service. Employees at least age 55 with 27 or more years of service may use their three (3) highest annual salaries to compute the final average salary. KTRS also provides disability benefits for vested employees at the rate of sixty (60) percent of the final average salary. A life insurance benefit, payable upon the death of a member, is \$2,000 for active contributing employees and \$5,000 for retired or disabled employees.

Cost of living increases are one and one-half (1.5) percent annually. Additional ad hoc increases and any other benefit amendments must be authorized by the General Assembly.

Contributions—Contribution rates are established by KRS. Employees are required to contribute 12.855% of their salaries to the pension plan. The Commonwealth of Kentucky, as a non-employer contributing entity, pays matching contributions at the rate of 13.105% of salaries for local school district and regional cooperative employees hired before July 1, 2008 and 14.105% for those hired on or after July 1, 2008. For local school district and regional cooperative employees whose salaries are federally funded, the employer contributes 15.355% of salaries. If an employee leaves covered employment before accumulating five (5) years of credited service, accumulated employee pension contributions plus interest are refunded to the employee upon their request.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the District reported a liability of \$562,734,680 for its proportionate share of the net pension liability for CERS. The District did not report a liability for the District’s proportionate share of the net pension liability for KTRS because the Commonwealth of Kentucky provides the pension support directly to KTRS on behalf of the District. The amount recognized by the District as its proportionate share of the net pension liability, the related Commonwealth support, and the total portion of the net pension liability that was associated with the District as of June 30, 2023 were as follows:

District's proportionate share of the CERS net pension liability	\$ 562,734,680
Commonwealth’s proportionate share of the KTRS net pension liability associated with the District	<u>3,264,487,687</u>
	<u><u>\$ 3,827,222,367</u></u>

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note F—Retirement Plans—Continued

The net pension liability for each plan was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The District's proportion of the net pension liability for CERS was based on the District's actual contributions to the pension plan relative to the actual contributions of all participating organizations. At June 30, 2022, the District's proportion was 7.78%.

For the year ended June 30, 2023, the District recognized pension expense of \$52,326,882 related to CERS and \$119,068,168 related to KTRS, of which \$297,855,488 was recognized on the fund financial statements as it represented amounts paid on the District's behalf during the year. The District also recognized revenue of \$119,068,168 for KTRS support provided by the Commonwealth. As of the June 30, 2022 measurement date, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 601,648	\$ 5,011,396
Net difference between projected and actual earnings on pension plan investments	14,426,490	
Change in proportion and differences between District contributions and proportionate share of contributions	40,098,619	8,936,704
District contributions subsequent to the measurement date	46,397,009	
Total	<u>\$ 101,523,766</u>	<u>\$ 13,948,100</u>

The District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized over a period of either five years for investments-related deferrals or the estimated remaining service life for active participants in the CERS pension plan for other deferred items. As of June 30, 2022 plan year, the estimated remaining service life was 2.90 years. The net increase (decrease) in pension expense related to the amortization of these deferred inflows and outflows of resources is as follows:

<u>Year ended June 30:</u>		
2024	\$	11,548,607
2025		18,372,869
2026		(4,728,897)
2027		15,986,078
2028		—
Thereafter		—

Note F—Retirement Plans—Continued

Actuarial assumptions—For financial reporting, the actuarial valuation as of June 30, 2022 was performed by Gabriel, Roeder, Smith & Company (“GRS”) for CERS and was performed by Cavanaugh Macdonald Consulting, LLC (“Cavanaugh”) for KTRS. The total pension liability, net pension liability, and sensitivity information as of June 30, 2022 were based on an actuarial valuation date of June 30, 2021. The total pension liability was rolled-forward from the valuation date (June 30, 2021) to the plan’s fiscal year ended June 30, 2022, using generally accepted actuarial principles. There have been no changes in the CERS or KTRS actuarial assumptions since June 30, 2021. There were no material plan provision changes. Total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions:

	<u>CERS</u>	<u>KTRS</u>
Inflation	2.30%	2.50%
Payroll growth rate	2.00%	0.25%
Projected salary increases	3.30-10.30%, varies by service for CERS non- hazardous	3.00-7.50%, including wage inflation
Investment rate of return, net of investment expense & inflation	6.25%	7.10%

For CERS, the mortality table used for active members was a PUB-2010 General Mortality table, for the non-hazardous employees, projected with the ultimate rates from the MP- 2014 mortality improvement scale using a base year of 2010. The mortality table used for non-disabled retired members was a system-specific mortality table based on mortality experience from 2013-2019, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019. The mortality table used for the disabled members was PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

For KTRS, mortality rates were based on the RP-2000 Combined Mortality Table projected to 2025 with projection scale BB and set forward two years for males and one year for females for the period after service retirement and for dependent beneficiaries. The RP-2000 Disabled Mortality Table set forward two years for males and seven years for females is used for the period after disability retirement. The demographic actuarial assumptions for retirement, disability incidence, withdrawal, rates of plan participation, and rates of plan election used in the June 30, 2021, valuation were based on the results of the most recent actuarial experience studies for the system, which covered the five-year period ended June 30, 2016.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note F—Retirement Plans—Continued

For CERS, the long-term expected rate of return was determined by using a building-block method in which best-estimate ranges of expected future real rate of returns are developed for each asset class. The ranges are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class for CERS are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Public Equity	50.00%	4.45%
Private Equity	10.00%	10.15%
Fixed Income - Core Bonds	10.00%	28.00%
Fixed Income - Specialty Credit/High	10.00%	2.28%
Fixed Income - Cash	0.00%	(0.91)%
Real Estate	7.00%	3.67%
Real Return	13.00%	4.07%
Total	100%	

For KTRS, the long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by KTRS's investment consultant, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return	Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap U.S. Equity	37.4%	4.2%	High Yield Bonds	2.0%	1.7%
Small Cap U.S. Equity	2.6%	4.7%	Other Additional Categories	5.0%	2.2%
Developed International Equity	16.5%	5.3%	Real Estate	7.0%	4.0%
Emerging Markets Equity	5.5%	5.4%	Private Equity	7.0%	6.9%
Fixed Income	15.0%	(0.1)%	Cash	2.0%	(0.3)%
			Total	100.0%	

Discount rate—For CERS, the discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan employees and employers will be made at required contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note F—Retirement Plans—Continued

For KTRS, the discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the employer contributions will be made by the Commonwealth at the required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments. The Single Equivalent Interest Rate (SEIR) that discounts the entire projected benefit stream to the same amount as the sum of the present values of the two separate benefit payments streams was used to determine the total pension liability.

Sensitivity of the District’s proportionate share of the CERS and KTRS net pension liability to changes in the discount rate—The following table presents the net pension liability of the District, calculated using the discount rates selected by each pension system, as well as what the District’s net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
CERS discount rate	5.25 %	6.25 %	7.25 %
District’s proportionate share of net pension liability	\$ 703,348,541	\$ 562,734,680	\$ 446,435,348
KTRS discount rate	6.10 %	7.10 %	8.10 %
District’s proportionate share of net pension liability	\$ —	\$ —	\$ —

Pension plan fiduciary net position—Detailed information about the pension plans’ fiduciary net position is available in the separately issued financial reports of both CERS and KTRS.

Other Retirement Plans—The District makes available various 401(k) and 403(b) defined contribution pension plans for all employees. These plans are administered by independent third party administrators. Employees are allowed to contribute any amount to the plans up to the Internal Revenue Code maximum allowable amount. The District does not contribute to the plans, but the District retains authority to amend or terminate these plans. During the fiscal year ended June 30, 2023, employees of the District contributed \$2,329,273 to 401(k) plans and \$7,005,301 to 403(b) plans.

Note G—Deferred Compensation

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all employees, permits them to defer a portion of their salary until future years. This deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, as amended, allows entities with little or no administrative involvement and who do not perform the investing function for these plans to omit plan assets and related liabilities from their financial statements. The District therefore does not show these assets and liabilities on its financial statements. The District does not contribute to the Plan, and employees of the District contributed \$2,600,006 to the Plan during the fiscal year ended June 30, 2023.

Note H—Post-employment Benefits

District employees may receive post-employment benefits other than pensions (OPEB) through the same fiduciary OPEB system to which they contributed during their employment. In accordance with KRS, these benefits are provided and advanced-funded on an actuarially determined basis through the CERS and the KTRS plans. KTRS maintains two separate OPEB plans for its retirees. The structure and how to access the financial and actuarial reports of CERS and KTRS are discussed further in Note F. Both plans offer OPEB benefits that are not based on level of employee pay or contributions.

CERS

The Board of Trustees of the Kentucky Retirement Systems and CERS administer the Kentucky Retirement Systems’ Insurance Fund (the Insurance Fund). KRS provides for a single insurance fund to provide group hospital and medical benefits to retirees drawing a benefit from the three pension funds: (1) KERS; (2) CERS; and (3) SPRS. The assets of the Insurance Fund are also segregated by plan. CERS provides health insurance, disability insurance and death benefits to Plan employees and beneficiaries. As discussed in Note F, pension benefits are grouped into three tiers based on participation date with benefits adjusted based on tier. OPEB are not adjusted by tier other than the determination of retirement eligibility.

Benefits provided—For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution benefits are as follows:

<u>Years of Service</u>	<u>% Paid by Insurance Fund</u>
20 or more	100%
15 -19	75%
10 - 14	50%
4 - 9	25%
Less than 4	—

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members who commenced participating between July 1, 2003 and September 1, 2008 reach a minimum vesting period of ten years, and members who commenced participating on or after September 1, 2008 reach a minimum vesting period of 15 years, they earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index prior to July 1, 2009 and by 1.5% annually after July 1, 2009. Health insurance benefits are not protected under the inviolable contract provisions of Kentucky Revised Statutes 16.652, 61.692, and 78.852. The Kentucky General Assembly reserves the right to suspend or reduce this benefit if, in its judgment, the welfare of the Commonwealth so demands.

Contributions—The combined contribution rates for the CERS pension and insurance (OPEB) funds are contained in Note F.

Note H—Post-employment Benefits—Continued

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2023, the District reported a liability of \$153,601,327 for its proportionate share of the collective net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on the District's actual contributions to the OPEB plan relative to the actual contributions of all participating organizations. At June 30, 2022, the District's proportion was 7.78%.

For the year ended June 30, 2023, the District recognized OPEB expense of \$23,379,820. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 15,461,257	\$ 35,224,323
Change of assumptions	24,293,111	20,017,391
Net difference between projected and actual earnings on OPEB plan investments	6,234,303	
Change in proportion and difference between District contributions and proportionate share of contributions	12,577,941	7,918,410
District contributions subsequent to the measurement date	6,721,618	
Total	\$ 65,288,230	\$ 63,160,124

The District's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized over a period of either five years for investments-related deferrals or the estimated remaining service life for active participants in the CERS OPEB plan for other deferred items. As of June 30, 2022 plan year, the estimated remaining service life was 4.82 years. The net increase (decrease) in OPEB expense related to the amortization of these deferred inflows and outflows of resources is as follows:

Year ended June 30	
2024	\$ (202,031)
2025	(445,187)
2026	(7,381,608)
2027	3,435,314
2028	—
Thereafter	—

Note H—Post-employment Benefits—Continued

Actuarial assumptions—For financial reporting, the actuarial valuation as of June 30, 2022 was performed by GRS. The total OPEB liability, net OPEB liability, and sensitivity information as of June 30, 2022 were based on an actuarial valuation date of June 30, 2021. The total OPEB liability was rolled-forward from the valuation date (June 30, 2021) to the plan’s fiscal year ended June 30, 2022, using generally accepted actuarial principles. Senate Bill 209, passed during the 2022 legislative session, increased the insurance dollar contribution for members hired on or after July 1, 2003, by \$5 for each year of service a member attains over certain thresholds, depending on a member's retirement eligibility requirement. This increase in the insurance dollar contribution does not increase by 1.5% annually and is only payable for non-Medicare retirees. Additionally, it is only payable when the member's applicable insurance fund is at least 90% funded. The increase is first payable January 1, 2023. Senate Bill 209 also allows members receiving the insurance dollar contribution to participate in a medical insurance reimbursement plan that would provide the reimbursement of premiums for health plans other than those administered by KPPA. The total OPEB liability as of June 30, 2022, is determined using these updated benefit provisions. There were no other material plan provision changes.

The assumed increase in future health care costs, or trend assumption, was reviewed during the June 30, 2021 valuation process and was updated to better reflect the plan’s anticipated long-term healthcare cost increases. In general, the updated assumption is assuming higher future increases in healthcare costs. There were no other material assumption changes.

The actuarial assumptions are:

Investment rate of return	6.25%
Payroll growth rate	2.00%
Projected salary increases	3.30% to 10.30%, varies by service for CERS non-hazardous
Inflation rate	2.30%
Actuarial cost method	Entry age normal
Mortality:	
Pre-retirement	PUB-2010 General Mortality table for the non-hazardous plan, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010
Post-retirement (non-disabled)	System-specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019
Post-retirement (disabled)	PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and females rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010
Healthcare cost trend rates:	
Under 65	Initial trend starting at 6.30% at January 1, 2024, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years
Over 65	Initial trend starting at 9.0% in 2024, then gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years
Municipal bond index rate	1.92%
Municipal bond index	Fidelity Index's 20-Year Municipal GO AA Index as of June 30, 2021

The long-term expected rate of return on OPEB plan investments was determined using an asset valuation method where 20% of the difference between the market value of assets and the expected actuarial value of assets is recognized.

Note H—Post-employment Benefits—Continued

Discount rate—The discount rate used to measure the total OPEB liability increased from 5.20% to 5.70%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the actuarially determined contribution rate of projected compensation over the remaining 25 years (closed) amortization period of the unfunded actuarial accrued liability. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The cost associated with the implicit employer subsidy was not included in the calculation of the actuarial determined contributions, and any cost associated with the implicit subsidy will not be paid out of CERS’s trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy. The target asset allocation and best estimates of arithmetic nominal rates of return for each major asset class are summarized in Note F above.

Sensitivity of the District’s proportionate share of the net OPEB liability to changes in the discount rate—The following table presents the net OPEB liability of the District, calculated using the discount rate selected by CERS, as well as what the District’s net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease (4.70%)	Current Discount (5.70%)	1% Increase (6.70%)
District’s proportionate share of net OPEB Liability	\$ 205,340,482	\$ 153,601,327	\$ 110,830,289

Sensitivity of the District’s proportionate share of the net OPEB liability to changes in the healthcare cost trend rates—The following presents the District’s proportionate share of the net OPEB liability, as well as what the District’s proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that were 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current Health Care Trend Rate	1% Increase
District’s proportionate share of net OPEB Liability	\$ 114,199,185	\$ 153,601,327	\$ 200,915,889

OPEB plan fiduciary net position—Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued CERS financial report.

KTRS Medical Insurance Plan

Benefits provided—To be eligible for medical benefits, the member must have retired based on service or disability. The KTRS Medical Insurance Fund offers coverage to members under the age of 65 through the Kentucky Employees Health Plan administered by the Kentucky Department of Employee Insurance. KTRS retired members are given a supplement to be used for payment of their health insurance premium. The amount of the member’s supplement is based on a contribution supplement table approved by the KTRS Board of Trustees. The retired member pays premiums in excess of the monthly supplement. Once retired members and eligible spouses attain age 65 and are Medicare eligible, coverage is obtained through the KTRS Medicare Eligible Health Plan.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note H—Post-employment Benefits—Continued

Contributions—In order to fund the post-retirement healthcare benefit, 6.75% of the gross annual payroll of employees before July 1, 2008 is contributed. 3% is paid by member contributions, 0.75% from State appropriation and 3% from the employer. Also, the premiums collected from retirees as described in the plan description and investment interest help meet the medical expenses of the plan.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2023, the District reported a liability of \$344,333,000 for its proportionate share of the net OPEB liability that reflected a reduction for Commonwealth’s OPEB support provided to the District. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District’s proportion of the net OPEB liability was based on a projection of the District’s long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022, the District’s proportion was 13.87%.

The amount recognized by the District as its proportionate share of the OPEB liability, the related Commonwealth support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net OPEB liability	\$ 344,333,000
Commonwealth's proportionate share of the District's net OPEB liability	<u>113,112,000</u>
Total	<u><u>\$ 457,445,000</u></u>

For the year ended June 30, 2023, the District recognized OPEB expense of \$10,736,000. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience		\$ 144,734,000
Change of assumptions	\$ 69,932,000	
Net difference between projected and actual earnings on OPEB plan investments	18,309,000	
Change in proportion and differences between District contributions and proportionate share of contributions	102,140,000	2,262,000
District contributions subsequent to the measurement date	<u>18,403,950</u>	
Total	<u><u>\$ 208,784,950</u></u>	<u><u>\$ 146,996,000</u></u>

The District’s contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized over a period of either five years for investments-related deferrals or the estimated remaining service life for active participants in the OPEB plan for other deferred items. As of June 30, 2022 plan year, the estimated remaining service life was 6.43 years.

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note H—Post-employment Benefits—Continued

The net increase (decrease) in OPEB expense related to the amortization of these deferred inflows and outflows of resources is as follows:

<u>Year ended June 30</u>	
2024	\$ (1,677,000)
2025	(402,000)
2026	955,000
2027	20,776,000
2028	16,600,000
Thereafter	7,133,000

Actuarial assumptions—For financial reporting, the actuarial valuation for KTRS as of June 30, 2022 was performed by Cavanaugh. The total OPEB liability, net OPEB liability, and sensitivity information as of June 30, 2022 was determined based on an actuarial valuation prepared as of June 30, 2021, using the new actuarial assumptions adopted by the Board subsequent to the June 30, 2021 valuation based on the experience investigation for the five-year period ended June 30, 2021. The following actuarial assumptions are applied to all periods included in the measurement:

Investment rate of return	7.10%, net of OPEB plan investment expense, including Inflation
Projected salary increases	3.00% - 7.50%, including wage inflation
Inflation rate	2.50%
Real wage growth	0.25%
Wage inflation	2.75%
Healthcare cost trend rates:	
Under 65	7.00% for FY2022 decreasing to an ultimate rate of 4.50% by FY2032
Ages 65 and older	5.125% for FY2022 decreasing to an ultimate rate of 4.50% by FY2025
Medicare Part B premiums	6.97% for FY2022 with an ultimate rate of 4.50% by FY2034
Municipal bond index rate	3.37%
Discount rate	7.10%
Single equivalent interest rate	7.10%, net of OPEB plan investment expense, including inflation

Mortality rates were based on the RP-2000 Combined Mortality Table projected to 2025 with projection scale BB and set forward two years for males and one year for females for the period after service retirement and for dependent beneficiaries. The RP-2000 Disabled Mortality Table set forward two years for males and seven years for females is used for the period after disability retirement.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, rates of plan participation, and rates of plan election used in the June 30, 2021, valuation were based on the results of the most recent actuarial experience studies for the system, which covered the five-year period ended June 30, 2016. The remaining actuarial assumptions (e.g. initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2021 valuation were based on a review of recent plan experience done concurrently with the June 30, 2021 valuation.

Note H—Post-employment Benefits—Continued

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by KTRS’s investment consultant, are summarized in the following table:

Asset Class	% of Assets in Category	Long-Term Expected Rate of Return
Global Equity	58.0%	5.1%
Fixed Income	9.0%	(0.1)%
Real Estate	6.5%	4.0%
Private Equity	8.5%	6.9%
High Yield	8.0%	1.7%
Other Additional Categories	9.0%	2.2%
Cash (LIBOR)	1.0%	(0.3)%
Total	100.0%	

Discount rate—The discount rate used to measure the total OPEB liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the employer contributions will be made at the required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the District’s proportionate share of the net OPEB liability to changes in the discount rate—The following table presents the net OPEB liability of the District, calculated using the discount rate selected by KTRS, as well as what the District’s net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
\$	432,020,000	\$ 344,333,000	\$ 271,734,000

Notes to the Financial Statements
For the Year Ended June 30, 2023

Note H—Post-employment Benefits—Continued

Sensitivity of the District’s proportionate share of the net OPEB liability to changes in the healthcare cost trend rates—The following presents the District’s proportionate share of the net OPEB liability, as well as what the District’s proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that were 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
\$ 258,123,000	\$ 344,333,000	\$ 451,527,000

OPEB plan fiduciary net position – Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued KTRS financial report.

KTRS Life Insurance Plan

As provided by Kentucky Revised Statute 161.655, KTRS administers the Life Insurance Plan for eligible active and retired members. The KTRS Life Insurance Plan is a cost-sharing multiple employer defined benefit plan with a special funding situation. Changes to the Plan may be made by the KTRS Board of Trustees and the General Assembly.

Benefits provided—The KTRS Life Insurance Plan provides a life insurance benefit of \$5,000 payable for members who retire based on service or disability. Active members may receive a \$2,000 lump sum payable. The benefit is payable to the member’s estate or to a party designated by the member.

Contributions—In order to fund the post-retirement life insurance benefit, 0.03% of the gross payroll of members is contributed by the Commonwealth.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2023, the District did not report a liability for its proportionate share of the collective net OPEB liability for life insurance benefits because the Commonwealth of Kentucky provides the OPEB support directly to KTRS on behalf of the District. The amount recognized by the District as its proportionate share of the OPEB liability, the related Commonwealth support, and the total portion of the net OPEB liability that was associated with the District were as follows:

Commonwealth’s proportionate share of the District’s net OPEB liability	\$ 5,622,000
District’s proportionate share of the net OPEB liability	<u>—</u>
Total	<u><u>\$ 5,622,000</u></u>

Note H—Post-employment Benefits—Continued

The District does not recognize revenue or expense associated with this plan. At June 30, 2023, the District did not have any deferred outflows of resources or deferred inflows of resources related to the net OPEB liability for life insurance benefits.

Actuarial assumptions—For financial reporting, the actuarial valuation for KTRS as of June 30, 2022 was performed by Cavanaugh. The total OPEB liability, net OPEB liability, and sensitivity information as of June 30, 2022 was determined based on an actuarial valuation prepared as of June 30, 2021, using the new actuarial assumptions adopted by the Board subsequent to the June 30, 2021 valuation based on the experience investigation for the five-year period ended June 30, 2021. The following actuarial assumptions are applied to all periods included in the measurement:

Investment rate of return	7.10%, net of OPEB plan investment expense, including inflation
Projected salary increases	3.00% - 7.50%, including wage inflation
Inflation rate	2.50%
Real wage growth	0.25%
Wage inflation	2.75%
Municipal bond index rate	2.13%
Discount rate	7.10%
Single equivalent interest rate	7.10%, net of OPEB plan investment expense, including inflation

Mortality rates were based on the RP-2000 Combined Mortality Table projected to 2025 with projection scale BB and set forward two years for males and one year for females for the period after service retirement and for dependent beneficiaries. The RP-2000 Disabled Mortality Table set forward two years for males and seven years for females is used for the period after disability retirement.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, rates of plan participation and rates of plan election used in the June 30, 2021 valuation were based on the results of the most recent actuarial experience studies for the system, which covered the five-year period ended June 30, 2016.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Note H—Post-employment Benefits—Continued

The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by KTRS’s investment consultant, are summarized in the following table:

Asset Class	% of Assets in Category	Long-Term Expected Rate of Return
U.S. Equity	40.0%	4.4%
International Equity	23.0%	5.6%
Fixed Income	18.0%	(0.1)%
Real Estate	6.0%	4.0%
Private Equity	5.0%	6.9%
Other Additional Categories	6.0%	2.1%
Cash (LIBOR)	2.0%	(0.3)%
Total	100.0%	

Discount rate—The discount rate used to measure the state’s total OPEB liability for life insurance was 7.10%. The projection of cash flows used to determine the discount rate assumed that the employer contributions will be made at statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OPEB plan fiduciary net position—Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued KTRS financial report.

Note I—Commitments

On June 30, 2023, the District had outstanding commitments for construction of \$165,853,813.

Note J—Contingencies

The District is subject to legal actions in various stages of litigation. Based on the advice of counsel, management of the District does not anticipate that there will be any material effect on the financial position of the District as a result of the litigation presently in progress beyond the settlements recorded as liabilities as of June 30, 2023.

In the normal course of operations, the District receives funding from federal, state, and local government agencies and private contributions. These funds are to be used for designated purposes only. For government agency grants, if the grantor’s review indicates that the funds have not been used for the intended purpose, the grantor may request a refund of monies advanced or refuse to reimburse the District for its expenditures. The amount of such future refunds and unreimbursed expenditures, if any, is not expected to be significant. Continuation of the District’s grant programs is predicated upon the grantor’s satisfaction that the funds provided are being spent as intended and the grantors’ intent to continue their programs.

Note J—Contingencies—Continued

In addition, the District operates in a heavily regulated environment. The operations of the District are subject to the administrative directives, rules and regulations of federal and state regulatory agencies, including, but not limited to, the U.S. Department of Education and the Kentucky Department of Education. Such administrative directives, rules and regulations are subject to change by an act of Congress or the Kentucky Legislature or an administrative change mandated by the Kentucky Department of Education. Such changes may occur with little or inadequate funding to pay for the related cost, including the additional administrative burden to comply with a change.

Note K—Insurance and Risk Financing Related Activities

The District is exposed to various forms of loss of assets associated with the risks of fire, personal liability, theft, vehicle accidents, errors and omissions, fiduciary responsibility, etc. Each of these risk areas is covered through the purchase of commercial insurance. To further reduce financial risk to the District, additional policies are purchased to address the risk that claims could exceed the insurance coverage limits. Over the past three years, the District has not had claims that exceeded its insurance policies and excess policies. Since claims are entirely managed through commercial insurance, the District has no claims liability as of June 30, 2023.

Note L—Encumbrances

The District classifies encumbrances as Assigned Fund Balance in the General Fund and as Restricted Fund Balance in other funds on its Balance Sheet – Governmental Funds in accordance with a directive from the Kentucky Department of Education. Issuing and controlling purchase orders is traditionally a management function, and encumbering and releasing the encumbrance of fund balance is a function of the District’s management with approval of members of our Board of Education. As of June 30, 2023, encumbrances were included in our Fund Balances as follows:

General Fund assigned fund balance	\$ 57,647,612
Special Revenue Fund restricted fund balance	40,467,148
Construction Fund restricted fund balance	101,898,272
Nonmajor governmental funds restricted fund balance	<u>567,910</u>
Total Encumbrances	<u><u>\$ 200,580,942</u></u>

Note M—Recent GASB Pronouncements

The GASB has issued several reporting standards that will become effective for fiscal 2024 and later years' financial statements:

- Statement No. 100, *Accounting Changes and Error Corrections* - an amendment of GASB Statement No. 62.
- Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences.

The District is currently evaluating the impact that will result from adopting these GASB standards and is therefore unable to disclose the impact that adopting these standards will have on the District's financial position and the results of its operations when the standards are adopted.

Note N—Subsequent Events

In preparing these financial statements, management of the District has evaluated events and transactions for potential recognition or disclosure through November 14, 2023, the date the financial statements were available to be issued.

On July 10, 2023, the District entered into a lease of a 60,000 square foot facility that will be used for meeting and office space. The lease agreement extends through July 9, 2025 at a charge of \$78,606 per month.

See Report of Independent Auditors

Explanation of significant budget variances:

General Fund

Local sources of revenue aligned with budget compared to the prior few years as the economy stabilized after the COVID-19 shutdowns. Other taxes were \$5.7 million higher than budget due to collection of delinquent taxes from the previous year's levy. Other state revenues were significantly higher than budget due to on-behalf payment increased revenue in the current year. See Note A for more details. SEEK also had a change in the guaranteed base in the current year, going from \$4,000 to \$4,100. Transportation expense reimbursements also went up to 70% in the current year (compared to 50% in prior years). Operating transfers in were significantly higher due to collection of indirect cost from large ESSER COVID-19 stimulus grants. Many of the expense categories were under budget due to many expenses still being able to be claimed and paid under the ESSER grants. Another reason for the decrease compared to budget was due to hiring challenges that are still lingering after the shutdown period. Last, we are required to budget our ending unassigned fund balance in a Contingency category. These funds will not be spent.

Special Revenue Fund

The Special Revenue Fund accounts for grants whose term may extend more than one fiscal year, while the budget presented shows only current-year (new) grants, and doesn't show the remaining budget of grants awarded in previous fiscal years. Grant revenues and most expenses are significantly over budget as the ESSER COVID-Relief stimulus grant money awarded in previous fiscal years continued to be recognized and spent during the current fiscal year to combat learning loss and transition students back into the classroom. Since these grants have a greater than 12-month term, they are considered multi-year and some of the budgets of the prior year were higher than anticipated, with expenses being paid out the following (current) year.

Changes of Benefit Terms and Assumptions:

2023 (CERS plan year ended June 30, 2022)

Since the prior measurement date, there have been no significant assumption changes. However, Senate Bill 209, passed during the 2022 Legislative Session, increased the insurance dollar contribution for members hired on or after July 1, 2003 and was first payable January 1, 2023.

2022 (CERS plan year ended June 30, 2021)

Senate Bill 169 passed during the 2021 legislative session increased the disability benefits for certain qualifying members who become “totally and permanently disabled” in the line of duty or as a result of a duty related disability.

The discount rate used to calculate the total OPEB liability changed from 5.34% to 5.20% for the non-hazardous plan.

2021 (CERS plan year ended June 30, 2020)

Senate Bill 249 passed during the 2020 Legislative Session changed the funding period for the amortization of the unfunded liability to 30 years as of June 30, 2019. Gains and losses incurring in future years will be amortized over separate 20-year amortization bases. House Bill 271 passed during the 2020 Legislative Session removed provisions that reduce the monthly payment to a surviving spouse of a member whose death was due to a duty-related injury upon remarriage of the spouse. It also increased benefits for a very small number of beneficiaries.

The assumed increase in future health care costs, or trend assumption, was reviewed during the June 30, 2019 valuation process and was updated to better reflect more current expectations relating to anticipated future increases in the medical costs. The actuarial information was also updated to reflect the anticipated savings from the repeal of the “Cadillac Tax” and “Health Insurer Fee”, which occurred in December of 2019. The assumed load on pre-Medicare premiums to reflect the cost of the Cadillac Tax was removed and the Medicare premiums were reduced by 11% to reflect the repeal of the Health Insurer Fee.

The discount rate used to calculate the total OPEB liability changed from 5.68% to 5.34% for the non-hazardous plan.

2020 (CERS plan year ended June 30, 2019)

Annual salary increases were updated based on the 2018 Experience Study; annual rates of retirement, disability, withdrawal, and mortality were updated based on the 2018 Experience Study; the percent of disabilities assumed to occur in the line of duty was updated from 0% to 2% for non-hazardous members; the assumed increase in future health care costs, or trend assumption, was increased to better reflect more current expectations relating to anticipated future increases in the medical costs for post-age 65 retirees; and the assumed impact of the Cadillac Tax was changed from a 3.6% to a 0.9% load on employer paid premiums for Non-Medicare retirees who became participants prior to July 1, 2003.

The mortality table used for active members was a Pub-2010 General Mortality table, for the non-hazardous plan, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

2020 (CERS plan year ended June 30, 2019)-continued

The mortality table used for healthy retired members was a system-specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019. The mortality table used for the disabled members was Pub-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

The salary increase assumption changed from 3.30% - 11.55% to 3.30% - 10.30% for the non-hazardous plan. The discount rate used to calculate the total OPEB liability changed from 5.85% to 5.68% for the non-hazardous plan.

2019 (CERS plan year ended June 30, 2018)

During the 2018 legislative session, House Bill 185 was enacted, which updated the benefit provisions for active members who die in the line of duty. Benefits paid to the spouses of deceased members have been increased from 25% of the member's final rate of pay to 75% of the member's average pay. If the member does not have a

surviving spouse, benefits paid to surviving dependent children have been increased from 10% of the member's final pay rate to 50% of average pay for one child, 65% of average pay for two children, or 75% of average pay for three children.

The payroll growth assumption was changed from 4.00% to 2.00%.

The salary increase assumption changed from 3.05% to 3.30% - 11.55% for the non-hazardous plan.

The discount rate used to calculate the total OPEB liability changed from 5.84% to 5.85% for the non-hazardous plan.

2018 (CERS plan year ended June 30, 2017)

The salary increases assumption was changed from 2.00% to 3.05%.

The assumed investment return was changed from 7.50% to 6.25%.

The price inflation assumption was changed from 3.25% to 2.3%, which also resulted in a 0.95% decrease in the salary increase assumption at all years of service.

The discount rate used to calculate the total OPEB liability changed from 6.89% to 5.84% for the non-hazardous plan.

2017 (CERS plan year ended June 30, 2016)

None

2016 (CERS plan year ended June 30, 2015)

The assumed investment rate of return was decreased from 7.75% to 7.50%. The assumed rate of inflation was reduced from 3.50% to 3.25%. The assumed rate of wage inflation was reduced from 1.00% to 0.75%. The payroll growth assumption was reduced from 4.50% to 4.00%.

The mortality table used for active members was the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females).

2016 (CERS plan year ended June 30, 2015)-continued

For healthy retired members and beneficiaries, the mortality table used was the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back 1 year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 4 years for males) was used for the period after disability retirement.

The assumed rates of retirement, withdrawal, and disability were updated to more accurately reflect experience.

Changes of Benefit Terms and Assumptions:

Pension

2022

The municipal bond index rate decreased from 2.19% to 2.13%.

2021

The municipal bond index rate decreased from 3.50% to 2.19%.

2020

The municipal bond index rate decreased from 3.89% to 3.50%.

2019

The municipal bond index rate increased from 3.56% to 3.89%.

The discount rate increased from 4.49% to 7.5%.

2018

The municipal bond index rate increased from 3.01% to 3.56%.

The discount rate increased from 4.20% to 4.49%.

2017

The municipal bond index rate decreased from 3.82% to 3.01%.

The discount rate decreased from 4.88% to 4.20%.

2016

The municipal bond index rate decreased from 4.35% to 3.82%.

Explanation of significant budget variances:

Construction Fund

Construction revenues are higher than the final budget due to the sale of a bond in the current year, resulting in \$7.5 million in premiums on bonds sold and transfers from other funds are higher due to construction projects in process during the current year. Expenses exceeded budget due to the construction fund being a multi-year fund where project costs are expensed over several years and the Working Budget is programmed to show only single-year budgeted activity.

School Food Services

State revenues were up significantly as Kentucky districts received a stimulus that the state intended as a rescue of school lunch programs hurt by the COVID-19 pandemic. Federal grant revenues were lower due to continued lower numbers of meals served. Food service operation expenses were up slightly as a result of supply chain issues and food costs continuing to increase.

Building Tax Fund

Transfers to other funds were \$6 million over budget as the District spent the funding reserved in the prior year for renovation projects performed during the current fiscal year.

Debt Service Fund

Revenues and expenses exceeded budget due to a one-time principal payment on the 2022A bond supported by a General Fund tax set aside specifically for facility improvements. This allocation was made available after the budget was created.

Nonmajor proprietary funds

Prior year accumulated net position is carried forward with the budget, which is why there is a large swing in these funds' budget to actual variances.

STATISTICAL SECTION

- 
- A young boy and girl are smiling together in a classroom setting. The boy is on the left, wearing a dark blue hoodie, and the girl is on the right, wearing a red polo shirt and a large, colorful bow in her hair. They are both looking towards the camera. The background shows blue chairs and a white table.

Tax collections consist of property taxes and franchise taxes. These revenues are split between General Fund and Building Tax Fund in the Financial Section, where franchise taxes are included with Other Taxes.

Omitted and delinquent taxes are remitted to the District when collected by our tax collection agencies. These collections are not identified by year, occasionally resulting in the percent of collections exceeding 100%.

Board of Education of Jefferson County, Kentucky

¹ Students at these alternative schools are counted in the enrollment at their home school for years prior to 2011-12.

Enrollment presented is as of the end of the first pupil month. This is not typically our highest enrollment month during the school year, but this is when the program budget is set and students are assigned to each school within program capacity guidelines.

Due to differences in tracking enrollment due to COVID-19, the Kentucky Department of Education used 2019 enrollment data through 2021

APPENDIX E

**SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION;
CONTINUING DISCLOSURE CERTIFICATE; DEFINITIONS**

APPENDIX E

SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL BOND RESOLUTION AND THE BASIC LEASE; CONTINUING DISCLOSURE CERTIFICATE; DEFINITIONS

The following is a brief summary of certain provisions of the Bond Resolution and the Continuing Disclosure Certificate together with definitions of terms used in this Official Statement. The summary and the definitions do not purport to be comprehensive or definitive. All references herein to the Bond Resolution and the Continuing Disclosure Certificate are qualified in their entirety by reference to such documents, copies of which are available for review, prior to the issuance and delivery of the Bonds offered hereby, at the offices of the District and thereafter at the offices of the Registrar and Paying Agent. All references to Bonds are qualified in their entirety by reference to the definitive form thereof and the information with respect thereto included in the Bond Resolution.

BOND RESOLUTION

The Bonds

General Obligation and Liability of District; Tax Levy and Pledge. The Bonds are general obligations of the District and the full faith, credit, and taxing power of the District are irrevocably pledged to the prompt payment of the Debt Charges on the Bonds when due.

Except as otherwise provided therein and in the Bond Resolution, each Series of Bonds issued under the Bond Resolution shall be on a parity as to source of payment and security with each other Series of Bonds issued thereunder.

As general obligations of the District, the Bonds shall be payable in accordance with the Act from all lawfully available Pledged Receipts (including, but not by way of limitation, any moneys attributable to Bond proceeds or the income from the temporary investment thereof, moneys held in the Funds and Accounts and any other moneys held by the Bond Registrar for the benefit of Owners of the Bonds); provided there shall be no impairment of the express contract rights, if any, of the holders of other outstanding bonds of the District. No liability shall attach to the elected officials, officers, agents, employees, or representatives of the District for the payment of the Debt Charges on the Bonds.

For the purpose of providing funds required to pay the interest on the Bonds (as well as all other General Obligation Debt, if any) as and when the interest becomes due and in order to create a sinking fund to pay and discharge the principal thereof (and premium, if any) as the Bonds and any other General Obligation Debt become due, and pursuant to and in compliance with (i) Section 159 of the Constitution of the Commonwealth and (ii) the Act, there shall be levied on all of the taxable property within the District, beginning as of the date of issuance of the Bonds and continuing in each year as long as any of the Bonds are Outstanding or any other General Obligation Debt is outstanding, a special annual tax sufficient, to the extent other lawfully available moneys of the District are not provided for that purpose, which special annual tax shall be unlimited as to rate or amount. The District covenants and pledges to levy, charge, collect, deposit, and apply the proceeds of such special annual tax to the payment of such Debt Charges on the Bonds and any other General Obligation Debt.

Any and all proceeds derived from the special annual tax levied from time to time, together with other lawfully available moneys of the District provided for the purpose, shall be deposited and held in a separate and special account of the District (specifically, the Bond Fund), held apart from all

other funds of the District, and shall be applied only for the purpose of paying the Debt Charges on the Bonds and on any other General Obligation Debt. The proceeds of the special annual tax and the balances accumulated from time to time in the Bond Fund are irrevocably pledged for the purpose of paying the Debt Charges on the Bonds and General Obligation Debt, if any, and shall never be used for any other purpose. The District covenants and pledges with the Bondholders that the District will levy the special annual tax in each year at whatever rates may be necessary from time to time in order to produce the amounts required in each year, to the extent funds are not otherwise provided, to pay the Debt Charges on the Bonds and General Obligation Debt, if any, when due.

If Debt Charges on the Bonds or any other General Obligation Debt should fall due in any year at a time when there are insufficient funds on hand, collected by reason of the special tax levy, such Debt Charges shall be paid from other available funds of the District and reimbursement therefor shall be made out of the special tax, when the same shall have been collected.

The Bond Resolution constitutes a continuing appropriation from such taxes and all other lawfully available Pledged Receipts, of the sum annually necessary to pay the Debt Charges on the Bonds and such other General Obligation Debt when due. The Chief Financial Officer is authorized to collect occupational license fees and any other amounts received by or on behalf of the District, and to apply the same to the payment of debt charges on the Bonds and such other General Obligation Debt and all other obligations due or coming due under the Bond Resolution or otherwise with respect to such General Obligation Debt.

Payment of the Debt Charges on the Bonds and such other General Obligation Debt when due in accordance with the foregoing provisions is subject only to the prior application of the Pledged Receipts in accordance with the express contract rights, if any, of the holders of outstanding bonds of the District.

Procedures in Respect of Registration and Transfer of Bonds; Payment of Principal and Interest. The Bond Registrar may treat for all purposes the person in whose name any Bond is registered on the Record Date, on the registration books kept by the Bond Registrar, as the absolute owner thereof.

Interest on each Bond not registered in Book-Entry Form to a Securities Depository shall be payable by check mailed by the Bond Registrar to the Holder thereof as of the Record Date, at the address shown on the registration books maintained by the Bond Registrar or at such other address as is furnished to the Bond Registrar in writing by such Holder. The principal of and premium, if any, on the Bonds not registered in Book-Entry Form to a Securities Depository shall be payable, without exchange or collection charges, in lawful money of the United States of America on their presentation and surrender as they respectively become due and payable, whether at maturity or by prior redemption or acceleration, at the designated corporate trust office of the Bond Registrar. On request of a Holder of at least \$1,000,000 in aggregate principal amount of the Bonds, all payments of principal of, premium, if any, or interest on the Bonds shall be paid by wire transfer in immediately available funds to an account designated by such Holder.

Principal of, premium, if any, and interest on Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee shall be payable by wire transfer from the Bond Registrar to the Securities Depository or its nominee. So long as any Bonds remain Outstanding, the Bond Registrar shall keep and maintain at its principal corporate trust office complete registration records in respect of the Bonds and shall provide for the registration of transfer and exchange of the Bonds in accordance with the terms of the Bond Resolution, subject to such reasonable procedures and regulations as the Bond Registrar may prescribe.

Except as may be otherwise provided for Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, each Bond shall be transferable or exchangeable only on the presentation and surrender thereof at the principal corporate trust office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Holder or his authorized representative.

Except as may be otherwise provided for Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, Bonds shall be exchangeable for a Bond or Bonds of the same maturity, and interest rate and in Authorized Denominations, within a single maturity, in an aggregate principal amount or amounts equal to the unpaid principal amount of the Bond or Bonds presented for exchange. The Bond Registrar is authorized to authenticate, deliver, and exchange Bonds. Each Bond delivered in exchange for a surrendered Bond shall constitute an original contractual obligation of the District and shall be entitled to the benefits and security of the Bond Resolution to the same extent as the Bond or Bonds in lieu of which any Bond is delivered in exchange. Any Bonds surrendered for exchange shall be cancelled by the Bond Registrar and the Bond Registrar shall maintain a complete record of all exchanges, transfers, and cancellations of Bonds and shall make a report thereof to the District on request.

Except as may be otherwise provided for Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, no service charge or other transfer fee shall be charged in connection with any transfer or exchange of a Bond. However, the registered owner of any Bond may be required to pay an amount equal to any tax or other governmental charge, if any, that may be imposed in connection with the transfer or exchange of any Bond.

The Bond Registrar shall not be required to transfer or exchange any Bond for the period beginning 15 days prior to the selection by the Bond Registrar of Bonds to be redeemed prior to maturity and ending on the date of mailing of notice of any such redemption.

Authentication of Bonds. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under the Bond Resolution unless and until a certificate of authentication on such Bond shall have been duly executed by the Bond Registrar, and such executed certificate of the Bond Registrar on any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under the Bond Resolution. The Bond Registrar's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued under the Bond Resolution.

Loss, Theft, Destruction or Mutilation of Bonds. On the receipt by the District and the Bond Registrar of evidence satisfactory to them of the loss, theft, destruction or mutilation of any Outstanding Bonds, and of indemnity satisfactory to them, and on surrender and cancellation of such Bond if mutilated, the District may execute and the Bond Registrar may authenticate and deliver, on the lapse of such period of time as they may deem advisable, a new Bond of like series, tenor, and maturity bearing the same or different serial number, to be issued in lieu of such lost, stolen, destroyed, or mutilated Bond. The District and the Bond Registrar may require the payment of costs for each new Bond issued, and the furnishing of indemnity satisfactory to the District and the Bond Registrar. The Bond Registrar shall incur no liability for anything done by it in the absence of gross negligence or fault.

Application of Bond Proceeds; Security for the Bonds; Funds and Accounts

Deposit and Application of Bond Proceeds. The proceeds received by the District from the sale of the Bonds shall be applied as follows:

- i. there shall be deposited from each series of Bonds to the credit of the Cost of Issuance Account in the Project Fund sufficient proceeds as necessary for payment of the costs incurred in connection with the issuance of the series of Bonds;
- ii. there shall be deposited from each series of Bonds to the credit of the Project Fund from the remaining proceeds thereof to pay the costs associated with the acquisition, construction, and equipping of the Project; and
- iii. there shall be deposited from each series of Bonds to the credit of the Bond Fund any remaining proceeds after the deposit and payments made as set forth above.

Pledge of Proceeds of Bonds on Deposit in Project Fund. There is pledged to the payment of the Debt Charges on the Bonds, the proceeds of the sale of the Bonds on deposit in the Project Fund, until expended for the Project, and any income from the investment thereof.

Pledge and Security Interest. To secure the payment of all Bonds issued under the Bond Resolution in accordance with their terms, on a parity and without priority or distinction between any Series of Bonds issued under the Bond Resolution and any other Series of Bonds issued thereunder, the District pledges and grants a lien on and security interest in the Pledged Receipts and all Funds and Accounts established and held under the Bond Resolution, including the investment income, if any, on such Funds and Accounts. The aforesaid pledge, lien, and security interest shall be prior and superior to any lien, pledge, or security interest created by the District to secure (i) any bonds or notes hereafter issued by the District which are not issued under the Bond Resolution and which are payable from any of the Pledged Receipts and (ii) any other claims or obligations of any nature hereafter arising or hereafter incurred by the District which are not issued under the Bond Resolution and which are payable from any of the Pledged Receipts. The District covenants and agrees that the pledge, lien, and security interest created under the Bond Resolution, and all money and securities so pledged shall be subject to the lien of such pledge without any physical delivery thereof or any further action by the District.

Cost of Issuance Account. There is created the Cost of Issuance Account, to be established and maintained at a national bank or Kentucky banking corporation by the Chief Financial Officer as a separate account within the Project Fund under the Bond Resolution. The District will, at the delivery of the Bonds, cause to be deposited with the Chief Financial Officer into the Cost of Issuance Account from Bond proceeds a sum sufficient to pay any and all duly authorized expenses of the issuance of the Bonds, including legal and accounting fees and expenses, financial advisors' fees and expenses, printing costs, fees of bond rating agencies, and initial fees and expenses of the Bond Registrar in connection with the issuance of the Bonds. On the payment or reimbursement of all costs of issuance of the Bonds, any proceeds of such Bonds or any investment earnings thereof remaining in the Cost of Issuance Account shall be transferred pursuant to the direction of the Chief Financial Officer to the Bond Fund.

Bond Fund. There shall be maintained with the Chief Financial Officer, at any time while the Bonds are outstanding, a Bond Fund, which shall constitute a "sinking fund" within the meaning of KRS 66.081(1) that is pledged for the retirement of the General Obligation Debt. The District covenants and agrees that it shall set aside as received and pay into the Bond Fund, not less than ten (10) days prior to each Payment Date, all or such portion of the Pledged Receipts as will be sufficient to pay when due, in immediately available funds, the principal of, premium, if any, and interest on all Bonds Outstanding and all other General Obligation Debt, at or before their maturity or earlier proceedings for redemption. No further payment need be made to the Bond Fund when, and so long as, the aggregate amount therein is sufficient to retire all of the Bonds then Outstanding, plus the amount of interest due

and thereafter to become due on such Bonds on and prior to such retirement, together with redemption premium, if any.

The Bond Fund shall be maintained for and on behalf of the District, at a national bank or Kentucky banking corporation, by the Chief Financial Officer, or shall from time to time be maintained in such other manner by or on behalf of the District as shall be provided for in the proceedings of the District, as a separate and special fund, apart and distinct from all other funds of the District. Separate account statements with respect thereto shall at all times be kept and maintained. There is authorized and directed to be withdrawn and made available out of the Bond Fund, not less than ten (10) days prior to each Payment Date, a sufficient amount to pay the principal of, premium, if any, and interest on the Bonds and any other General Obligation Debt becoming due on such Payment Date, including Bonds redeemed pursuant to the optional or mandatory redemption provisions of the Bond Resolution

Project Fund. There is created and established a Project Fund which shall be established and maintained by the Chief Financial Officer for and on behalf of the District at a national bank or Kentucky banking corporation, or shall from time to time be maintained in such other manner by or on behalf of the District as shall be provided for in the proceedings of the District, as a separate and special fund, apart and distinct from all other funds of the District. Separate account statements with respect thereto shall at all times be kept and maintained. The Project Fund shall be used solely for payment of costs of issuance of the Bonds and for payment of the costs associated with the Project. Upon the payment or reimbursement of all costs of issuance of the Bonds, as certified by the Chief Financial Officer, any proceeds of such Bonds or any investment earnings thereof remaining in the Cost of Issuance Account shall be transferred to the Bond Fund.

Investment of Funds. Moneys from time to time in any Fund or Account, pending disbursement for the purposes of each Fund and Account, shall be invested or reinvested from time to time on order of the District in Investment Obligations. Investments of moneys held in the Project Fund shall be made in such manner as to make cash available in the Project Fund for disbursement as and when required to pay the costs of acquisition, construction, and equipping of the Project. Investments of moneys held in the Bond Fund shall be made in such manner as to make cash available in the Bond Fund for disbursement as and when required to pay the Debt Charges on the Bonds as and when the same become due.

Special Covenants

Maximum Percentages of Net Indebtedness. The District covenants not to incur “net indebtedness” (within the meaning of the Act) to an amount exceeding any applicable limitation based on the value of taxable property within the District’s corporate limits and jurisdiction, as estimated by the last certified assessment previous to the incurring of the indebtedness.

Use of Bond Proceeds. Notwithstanding anything in the Bond Resolution to the contrary, the District may, at its sole discretion, change, substitute, or otherwise modify the use and expenditure of the proceeds of the Bonds to the extent permitted by the Act and any other law or constitutional provision; provided that any such change, substitution or modification shall not cause the District to be in violation of the Tax Covenants summarized below.

Tax Covenants

The District shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the District on the Tax Advantaged Bonds shall, for the purposes of federal income taxation, be excludable from gross income of the Holders.

Default and Remedies

Events of Default. Each of the following events is defined as and shall constitute an “Event of Default”:

- (a.) Failure to pay any installment of interest on the Bonds when the same shall become due and payable or within thirty (30) days thereafter (or within such period, shorter than thirty (30) days, if any, as may be provided in the Bonds);
- (b.) Failure to pay the principal of, or premium, if any, on any Bond when due and payable, at maturity or on redemption; and
- (c.) Default by the District in the due or punctual performance or observance of any other covenants, pledges, conditions, provisions or agreements of the District contained in the Bond Resolution or in the Bonds, and the continuance thereof for a period of thirty (30) days; provided that if such default can be corrected but not within such thirty-day period, it shall not constitute an Event of Default if corrective action is instituted by the District within such period and diligently pursued until the default no longer exists.

Enforcement of Remedies.

- (d.) On the happening and continuance of any Event of Default, then and in every case any Bondholder, either at law or in equity, by suit, action, mandamus or other proceedings, may enforce and compel performance by the District and its officers and agents of all duties imposed under the Act, under other applicable law, if any, under the Bonds, and under this Bond Resolution, including the levying and collection of sufficient taxes and the application thereof to the payment of principal of and interest (and premium, if any) on the Bonds in accordance with the provisions of this Bond Resolution and the Bonds.
- (e.) In addition, if the Board shall fail to make any required deposit into the Bond Fund when due, the Paying Agent shall pursuant to KRS 160.160(5) notify the Department of Education of the Commonwealth, not less than three (3) days prior to the Payment Date, to withhold or intercept any funds then due to the Board, including any such funds due to the Board from the Commission under a Participation Agreement, to the extent of the amount of the required payment on the Bonds, and remit such amount to the Paying Agent to make the required payment on the Bonds. Thereafter, the Department of Education shall resolve the matter with the Board and adjust remittances to the Board to the extent of the amount paid by the Department of Education on the Board's behalf.

Notice of Default. The Bond Registrar shall as promptly as practicable mail, to the District and the Holders of Bonds, written notice of the occurrence of any Event of Default known to the Bond Registrar. The Bond Registrar shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail any such notice.

Delay or Omission. No delay or omission of any Holder of the Bonds to exercise any right or power arising on any default shall impair any right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy afforded by the terms of the Bonds to the Holders of the Bonds may be exercised from time to time and as often as may be deemed expedient by the Bondholders.

Waivers of Events of Default. Any Bondholder may on behalf of such Holder waive any past default under the Bond Resolution or under the Bonds and the consequences thereof; and in case of any such waiver, the District, the Bond Registrar, and such Bondholder shall be restored to their former positions and rights hereunder and under the Bonds respectively, but no such waiver shall extend to any subsequent or other default, or impair any right consequent thereon.

Termination of Proceedings. If any Bondholder shall have proceeded to enforce any right due to any Event of Default and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Bondholder, then and in every case the District, the Bond Registrar, and the Bondholder shall, subject to any determination in such proceeding, be restored to their former positions and rights, and all rights of such Bondholder shall continue as if no such proceedings had been taken.

Remedies Not Exclusive. No remedy by the terms of the Bond Resolution or the Bonds conferred on or reserved to the Holders of the Bonds is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to any other remedy given under this Bond Resolution as now or hereafter existing at law or in equity or by statute.

The Bond Registrar

Responsibilities of the Bond Registrar. The Bond Registrar shall have no responsibility with respect to the validity of the Bonds or the legal sufficiency of the proceedings for their issuance. The Bond Registrar shall not have any obligation, except as otherwise provided in the Bond Resolution, to assure that any duties herein imposed on the District or covenants or agreements therein contained on behalf of the District are performed. All compensation to the Bond Registrar for services leading up to and including authentication of the Bonds may be paid from the proceeds of the Bonds. Compensation for any service, cost or expense, including reasonable fees of its counsel, thereafter rendered or incurred by the Bond Registrar, in its capacity as Bond Registrar, shall be billed to and paid by the District from time to time as long as such compensation is reasonable and provided the service, cost, or expense is not the result of any negligent act or omission or willful misconduct by the Bond Registrar or its agents, employees, or officers.

No implied covenants shall be read into the Bond Resolution against the Bond Registrar. The Bond Registrar may in good faith buy, sell, own, hold and deal in any of the Bonds, with like effect as if it were not the Bond Registrar. The Bond Registrar may act as depository for, or permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or the Bond Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds outstanding.

The Bond Registrar shall be protected and shall incur no liability in acting in good faith on any resolution, order, notice, telegram, request, consent, certificate, affidavit, voucher, bond, or other paper or document which it shall believe to be genuine and to have been passed or signed by the proper persons. The Bond Registrar shall not be bound to recognize any person as a holder of any Bond or to take any action at such person's request unless such Bond shall be submitted to the Bond Registrar for inspection, if required, and title thereto established to the satisfaction of the Bond Registrar, if disputed.

The Bond Registrar may in relation to the Bond Resolution act on the opinion or advice of any attorney, accountant, or other expert, whether retained by the District or by the Bond Registrar, and shall not be responsible for anything suffered or done by it in good faith in accordance with any such opinion or advice. On written request of the District, the Bond Registrar, not less than annually, shall

make a written report to the District, which report shall list the then Outstanding Bonds and shall report in detail as to any redemptions in respect of the Bonds. If requested, said written reports shall be furnished not less than thirty (30) days prior to each July 1 so long as any Bonds remain outstanding. The District in its discretion may request the Bond Registrar to furnish other reports.

The Bond Registrar shall be under no obligation to institute any suit, or to take any remedial proceeding under the Bond Resolution, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the enforcement of any rights and powers under the Bond Resolution, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and other reasonable disbursements, and against all liability. The Bond Registrar may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as Bond Registrar without indemnity, and in such case the District shall reimburse the Bond Registrar from the Pledged Receipts for all costs and expenses, outlays and reasonable counsel fees and other reasonable disbursements properly incurred in connection therewith.

No Obligation to Insure. The Bond Registrar shall be under no obligation to effect or maintain insurance or to renew any policies of insurance or to inquire as to the sufficiency of any policies of insurance carried by the District, or to report, or make or file claims or proof of loss for, any loss or damage insured against or which may occur, or to keep itself informed or advised as to the payment of any taxes or assessments, if any, or to require any such payment to be made. The Bond Registrar shall have no responsibility in respect of the validity or sufficiency of the Bond Resolution or the due execution or acknowledgment thereof, or in respect of the validity of the Bonds or the due execution or issuance thereof. The Bond Registrar shall be under no obligation to see that any duties herein imposed on the District or any party other than itself, or any covenants on the part of any party other than itself be done or performed, and the Bond Registrar shall be under no obligation for failure to see that any such duties or covenants are done or performed.

The Bond Registrar shall not be liable or responsible because of the failure of the District or any of the employees or agents thereof to make any collections or deposits or to perform any act herein required of the District or because of the loss of any moneys arising through the insolvency or the act, default, or omission of any other depository in which such moneys shall have been deposited under the provisions of the Bond Resolution. The Bond Registrar shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, withdrawn, or transferred under the Bond Resolution, if such application, payment, withdrawal, or transfer shall be made in accordance with the provisions of the Bond Resolution. The immunities and exemptions from liability of the Bond Registrar under the Bond Resolution shall extend to its directors, officers, employees, and agents.

Compensation of Bond Registrar. Subject to the provisions of any contract between the District and the Bond Registrar relating to the compensation of the Bond Registrar, the District shall, from the Pledged Receipts, pay to the Bond Registrar reasonable compensation for all services performed by it under the Bond Resolution and also all of its reasonable expenses, charges and other disbursements and those of its attorneys, agents, and employees incurred in and about the performance of its powers and duties under the Bond Resolution, and, from the Pledged Receipts only, shall indemnify and save the Bond Registrar harmless against any claim, cost, or liability which it may incur in the exercise and performance of its powers and duties under the Bond Resolution provided such claim, cost, or liability is not the product of any negligent act or omission or willful misconduct by the Registrar or its agents, employees, or officers.

Resignation or Discharge of Bond Registrar; Successor Bond Registrar. The Bond Registrar may resign and thereby become discharged from the duties created under the Bond Resolution

by notice in writing given to the District and to all Holders of Bonds, by first class mail at least thirty (30) days prior to the effective date of such resignation, provided that such resignation shall take effect only on the appointment of a successor Bond Registrar, and, provided further, such resignation shall take effect immediately on the appointment of a new Bond Registrar, if such new Bond Registrar be appointed and qualified before the time limit established by such notice. The Bond Registrar may be removed at any time at the written request of the District (provided no Event of Default on the part of the District has occurred and is continuing under the Bond Resolution) or by an instrument in writing signed by the Holders of not less than a majority of the principal amount of the Bonds then outstanding.

If at any time the Bond Registrar shall resign, be removed, be dissolved or otherwise become incapable of acting or the offices of the Bond Registrar shall be taken over by any governmental official or board, or if the position of Bond Registrar shall become vacant for any reason, a successor shall be appointed by the District; and unless such appointment be made within thirty (30) days after the vacancy shall have occurred, the Holders of a majority in principal amount of the Bonds then outstanding may make such appointment by an instrument in writing signed by any such Bondholders and filed with the District, or the Bond Registrar may petition a court of competent jurisdiction for the appointment of a successor. Any Bond Registrar hereafter appointed shall be a trust company or bank in good standing having trust powers and subject to examination by a federal or state authority and have a reported combined surplus and capital aggregating at least \$75,000,000. The District shall provide notice as soon as practicable of any change in the Bond Registrar to all Holders of Bonds and Bonds re-registered or re-issued thereafter shall be altered or shall contain a legend identifying such successor Bond Registrar.

Every successor Bond Registrar appointed under the Bond Resolution shall execute, acknowledge, and deliver to its predecessor and also to the District an instrument in writing accepting such appointment, and thereon such successor Bond Registrar, without any further act shall become fully vested with all the rights, immunities, powers, duties, and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the District, or of its successor, execute and deliver any instrument transferring to such successor Bond Registrar all the rights, powers, and duties of such predecessor, and every predecessor Bond Registrar shall deliver all securities, moneys, documents, and records held by it to its successor; provided, however, that before any such delivery is required or made, all fees and expenses of such predecessor shall be paid in full. Should any instrument in writing from the District be required by any successor Bond Registrar for more fully and certainly vesting in such Bond Registrar the rights, powers, and duties hereby vested or intended to be vested in the predecessor Bond Registrar, any such instrument in writing shall and will on request be executed, acknowledged, and delivered by the District.

Miscellaneous

Provisions of the Bond Resolution are Severable. If any one or more of the provisions of the Bond Resolution or of the Bonds shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of the Bond Resolution or of the Bonds, but the Bond Resolution and the Bonds shall be construed and enforced as if such illegal or invalid provisions had not been contained therein. If any court of competent jurisdiction adjudicates that any representation, covenant, or undertaking of the District, as set forth in the Bonds or in the Bond Resolution, would cause the Bonds to be invalid or constitute an unlawful general indebtedness of the District, then such representation, covenant, or undertaking shall be thereby stricken, omitted, and eliminated without thereby otherwise affecting the validity or enforceability of the Bonds.

Bond Resolution is a Contract; Procedure for Amending. In consideration of the purchase and acceptance of the Bonds by those who shall purchase and hold the same from time to time after the sale thereof, the provisions of the Bond Resolution shall constitute a contract between the

District and the Holders from time to time of the Bonds, and such provisions are covenants and agreements with such Holders which the District determines to be necessary and desirable for the security and payment thereof. After the issuance of the Bonds, no change, variation, or alteration of any kind in the provisions of the Bond Resolution shall be made in any manner except as provided below until such time as all of the Bonds and the interest thereon have been paid in full. The provisions, covenants, and agreements herein set forth to be performed on behalf of the District shall be for the equal and ratable benefit, protection, and security of the Holders of any and all of the Bonds, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority, or distinction of any of the Bonds over any other thereof.

If it shall appear desirable and to the advantage of both the District and the Holders of the Bonds, the District shall adopt a resolution (a "Supplemental Resolution") altering or amending the Bond Resolution, but providing therein that the Supplemental Resolution shall not become effective unless and until it has received the approval of the Holders of the Bonds as hereinafter set out. Immediately on adoption of a Supplemental Resolution a copy of the Supplemental Resolution (or summary thereof or reference thereto in form approved by the District) together with a request to Bondholders for their consent thereto in form satisfactory to the District, shall be mailed by the Bond Registrar to Bondholders promptly after adoption. A Supplemental Resolution shall not be effective unless and until there shall have been filed with the Bond Registrar the written consents of the Holders of at least two-thirds (66 $\frac{2}{3}$ %) of the principal amount of the Bonds then Outstanding. Any such consent shall be binding on the Holder of the Bonds after giving such consent and on any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Bond Registrar, prior to the time when the written statement of the Bond Registrar to the District is filed, such revocation. At any time after the Holders of the required percentage of Bonds shall have filed their consent to a Supplemental Resolution, the Bond Registrar shall make and file with the District a written statement that the Holders of such required percentage of Bonds have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter, notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the District on a stated date, a copy of which is on file with the Bond Registrar) has been consented to by the Holders of the required percentage of the principal amount of the Outstanding Bonds and will be effective as provided in this Section, shall be given to Bondholders by the District by mailing such notice, not more than ninety (90) days after the Holders of the required percentage of Bonds shall have filed their consents to the Supplemental Resolution and the written statement of the Bond Registrar e provided above is filed. The District shall file with the Bond Registrar proof of the mailing of such notice.

Notwithstanding the foregoing, no such modifications, alterations or amendments shall be made which will (a) permit an extension of the time of payment at maturity of the principal of or payment of the interest on any Bond, or a reduction in the amount of principal or the rate of interest thereon without the written consent of the Holder thereof or (b) reduce the percentage of Holders of Bonds required for the taking of any action under this Section.

In addition to the foregoing, the District may, without regard to the provisions hereinabove set forth in this Section, make any amendment or change herein (i) to evidence the succession of an institution as Bond Registrar or Paying Agent, (ii) to cure any ambiguity or to cure, correct or supplement any defective or inconsistent proceedings contained herein or in any resolution or other proceedings pertaining hereto, (iii) to grant to or confer on the Bond Registrar for the benefit of the Holders of the Bonds any additional rights, remedies, powers, authority, or security which may lawfully be granted or conferred and which are not contrary to or inconsistent with this Bond Resolution as theretofore in effect, (iv) to permit the Bond Registrar to comply with any obligations imposed on it by

law, (v) to achieve compliance of the Bond Resolution with any federal tax law, (vi) to maintain or improve any rating on the Bonds or (vii) for any other purpose not inconsistent with the terms of the Bond Resolution which shall not impair the security of the Bondholders or otherwise materially adversely affect the rights of the Bondholders. The District may adopt Supplemental Resolutions to accomplish the foregoing.

Discharge of Bond Resolution. If the District shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of all Bonds the total principal and interest due or to become due thereon, including premium, if applicable, at the times and in the manner stipulated therein and in the Bond Resolution, then the pledge of the Bond Resolution, and all covenants, agreements and other obligations of the District to the Bondholders, shall thereon cease, terminate and become void and be discharged and satisfied.

Whenever there shall be held in the Bond Fund or an escrow fund established for such purpose, either (a) moneys in an amount which shall be sufficient or (b) Defeasance Obligations the principal of and interest on which when due (without consideration of reinvestment income) will provide moneys which, together with other moneys, if any, then on deposit in the Bond Fund or such escrow fund, shall be sufficient to pay when due the principal of, interest and redemption premium, if applicable, on the Bonds or any part thereof to and including the date on which the Bonds or any of them will be redeemed in accordance with the Bond Resolution, or the maturity date or dates thereof, as the case may be, then and in any of said events all such Bonds shall be deemed to have been paid within the meaning and with the effect expressed above, and the Bond Registrar shall publish notice thereof, such notice to contain a statement that the cash and obligations as provided above are held in the Bond Fund or such escrow fund, that such Bonds are deemed to have been paid, and a statement of the maturities or redemption date or dates on which the moneys are or will become available for the payment of the amounts due. Thereafter the Bondholders shall be entitled only to payment out of the cash and obligations deposited as aforesaid.

Neither such obligations or the moneys held in the Bond Fund pursuant to this Section, nor principal or interest payments on any such obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal, interest and redemption premium, if applicable, on the Bonds; provided that any cash received from such principal or interest payment on such investments if not then needed for such purpose, shall, to the extent practicable, be reinvested in the same manner, in investments maturing at times and in amounts sufficient to pay when due the principal, interest and redemption premium, if applicable, on the Bonds to and including such redemption date or maturity date thereof, as the case may be.

CONTINUING DISCLOSURE UNDERTAKING

This Disclosure Certificate is being executed and delivered by the District for the benefit of the Bondholders and in order to assist the Underwriters of the Bonds in complying with SEC Rule 15c2-12(b)(5) and official interpretations thereof (the “Rule”).

The District agrees to provide or to cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of such event, to the Electronic Municipal Market Access system (“EMMA”) at <http://www.emma.msrb.org>, notice of any of the following events with respect to the Bonds;

- A. principal and interest payment delinquencies;
- B. non-payment related defaults, if material;

- C. unscheduled draws on debt service reserves reflecting financial difficulties;
- D. unscheduled draws on credit enhancements reflecting financial difficulties;
- E. substitution of credit or liquidity providers, or their failure to perform;
- F. adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds;
- G. modifications to rights of the Bondholders, if material;
- H. Bond calls, if material, and tender offers;
- I. defeasances;
- J. release, substitution, or sale of property securing repayment of the Bonds, if material;
- K. rating changes;
- L. bankruptcy, insolvency, receivership, or similar event of the District;
- M. consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such action, or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- N. appointment of a successor or additional trustee or the change of name of a trustee, if material;
- O. incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect Bondholders, if material; and/or
- P. default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

For purposes of the event identified in paragraph 2(o) above, “financial obligation” means (i) a debt obligation, derivative instrument entered into in connection with, or (ii) pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii).

The District may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if the District determines that such other event is material with respect to the Bonds, but the District does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

The District also agrees to provide to EMMA, as designated by the Securities and Exchange Commission in accordance with the Rule, its Annual Financial Report (the “Annual Report”), which shall contain audited financial statements prepared in accordance with generally accepted accounting principles (“GAAP”) as well as certain financial and operating data of the District as was

contained in its Comprehensive Annual Financial Report for the Fiscal Year ended June 30, 2023, which was included in the Official Statement for the Bonds. The financial data shall be available on or before 180 days after the end of each fiscal year of the District, beginning with the fiscal year ending June 30, 2024 and each fiscal year thereafter.

If the District is unable to provide to EMMA an Annual Report by the date required in this Certificate, the District shall send a notice to EMMA, notifying it of the inability, at that time, to file the Annual Report.

If the District's fiscal year changes, then the District shall send a notice of such change to EMMA. If such change will result in the District's fiscal year ending on a date later than the ending date prior to such change, the District shall provide notice of such change to EMMA, on or prior to the deadline for filing the Annual Report in effect when the District operated under its prior fiscal year. Such notice may be provided to EMMA, along with the Annual Report, provided that it is filed at or prior to the deadline described above.

The District agrees to provide or to cause to be provided in a timely manner, to EMMA, notice of a failure by the District to provide the required notices set out in Section 2 above.

The obligations of the District described above will remain in effect only for such period that (i) the Bonds are outstanding in accordance with their terms and (ii) that the District remains an "obligated person" with respect to the Bonds within the meaning of the Rule. The District reserves the right to terminate its obligations to provide notices of material events as set forth above, if and when the District no longer remains an obligated person with respect to the Bonds within the meaning of the Rule.

The District acknowledges that its undertaking pursuant to the Rule described in this Disclosure Certificate is intended to be for the benefit of the Bondholders (including holders of beneficial interests in the Bonds) and shall be enforceable by any Bondholder, provided that a Bondholder's right to enforce the provisions of this undertaking shall be limited to a right to obtain specific performance of the District's obligations pursuant to the provisions of this undertaking, and any failure by the District to comply with the provisions of this undertaking shall not be an event of default with respect to the Bonds under the Bond Resolution. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, any Bondholder may take such actions as may be necessary and appropriate to obtain specific performance by court order to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Bond Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel specific performance.

Notwithstanding any other provision of the Bond Resolution, the continuing disclosure requirements herein may be amended, if the District receives an opinion of independent legal counsel to the effect that:

1. such amendment is made in connection with a change in circumstances that arises from a change in legal requirements, a change in law, or a change in the types of activities in which the District is engaged;
2. the amendment would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

3. such amendment does not materially impair the interests of the Bondholders.

The District agrees to make publicly available its financial information and operating data. Such information regarding the District can be obtained from the Chief Financial Officer of the District, 3332 Newburg Road, Louisville, KY 40218.

As of the date of this Disclosure Certificate, the District is in compliance with the reporting requirements of the Rule for all undertakings for which it is an “obligated person” as defined in the Rule.

This Disclosure Certificate shall inure solely to the benefit of the District, the Underwriters of the Bonds, and the Bondholders from time to time and shall create no rights in any other person or entity.

DEFINITIONS

Unless the context otherwise requires, the following terms shall have the meanings set forth below for purposes of this Official Statement:

“*Act*” means KRS Chapter 66.

“*Agent Member*” means a member of, or participant in, the Securities Depository.

“*Authorized Denomination*” means the authorized denominations of the Bonds, which shall be, except as otherwise provided in the Bond Resolution, \$5,000 or any integral multiple of \$5,000.

“*Bond Fund*” means the fund created by Section 5.5 of this Bond Resolution.

“*Bondholder*”, or “*Bondowner*”, or “*Holder*”, or “*Owner*” means the person in whose name a Bond is registered on the Bond Register maintained by the Bond Registrar. Notwithstanding this definition, with respect to any Bonds which are registered in Book-Entry Form, the Bond Registrar shall be entitled to rely on written instructions from a majority of the beneficial owners of the Bonds with reference to the consent, if any, required from Bondholders under this Bond Resolution.

“*Bond Registrar*” or “*Registrar*” or “*Paying Agent*” or “*Transfer Agent*” means the bank or trust company which shall act as the Bond Registrar, Paying Agent, and Transfer Agent with respect to the Bonds, which bank or trust company shall have the duties and responsibilities of (a) issuing checks or wire transfers in payment of interest on the Bonds, (b) paying the principal of the Bonds at maturity or applicable mandatory redemption or optional redemption prior to maturity upon surrender of the Bonds, (c) authenticating, issuing, and delivering the Bonds to the original purchasers thereof, (d) maintaining the Bond Register, and (e) processing exchanges, cancellations, reissuance, redemption and all other duties of a bond registrar, paying agent, and transfer agent with respect to the Bonds. The Bond Registrar, Paying Agent, and Transfer Agent will be appointed as provided herein.

“*Bond Register*” means the form or system or document in which the ownership of Bonds is recorded by the Bond Registrar.

“*Bond Resolution*” means this resolution of the District, authorizing the Bonds, as amended or supplemented from time to time in accordance with the provisions hereof.

“*Bonds*” means the bonds or notes, issued in one or more Series from time to time, authorized under the provisions of the Bond Resolution.

“*Book-Entry Form*” means, with respect to the Bonds, a form or system, as applicable, under which (i) the ownership of beneficial interests in Bonds may be transferred only through a book entry and (ii) physical bond certificates in fully registered form are registered only in the name of a Securities Depository or its nominee as Holder, with the physical bond certificates in the custody of a Securities Depository.

“*Business Day*” means any day other than (i) a Saturday, Sunday, or holiday in the Commonwealth, or (ii) a day on which banks located in the city in which the designated corporate trust office of the Paying Agent is located, are required or authorized to close for banking business or a day on which The New York Stock Exchange is closed.

“*Chief Financial Officer*” means the Chief Financial Officer of the District, or such other official of the District as may from time to time be designated by the District to perform the functions or responsibilities of the Chief Financial Officer hereunder.

“*Code*” means the Internal Revenue Code, as amended to the date of adoption of this Bond Resolution, or as hereafter amended, including valid regulations of the U.S. Department of the Treasury and rulings of the Commissioner of Internal Revenue thereunder.

“*Commission*” means the Kentucky School Facilities Construction Commission, an agency and instrumentality of the Commonwealth, and any successor.

“*Commonwealth*” means the Commonwealth of Kentucky.

“*Cost of Issuance Account*” means the account created by Section 5.4 of this Bond Resolution.

“*Debt Charges*” means the principal, including any mandatory sinking fund deposits, interest, and any redemption premium, payable on Bonds as the payments come due and are payable and any charges related to credit enhancement facilities.

“*Defeasance Obligations*” means the following:

- (a.) direct obligations of (including obligations issued or held in book-entry form) the United States of America; and
- (b.) any bonds or other obligations of any state of the United States of America or of any agency, instrumentality, or local governmental unit of any such state which are not callable at the option of the obligor prior to maturity or as to which irrevocable instructions have been given by the obligor to call on the date specified in the notice; and (i) which are rated in the highest rating category of Standard and Poor’s Ratings Services and Moody’s Investors Service or any successors thereto; or (ii) which are fully secured as to principal and interest and redemption premium, if any, by a fund consisting only of cash or obligations described in paragraph (a) above, which fund may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations described in this paragraph on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions for such redemption, as appropriate.

“*Designated Officers*” means the Chair and Vice Chair of the Board and the Superintendent of Schools (the “Superintendent”) and the Chief Financial Officer of the District.

“*Disclosure Certificate*” means the Continuing Disclosure Certificate of the District substantially in the form which is attached as Exhibit B to this Bond Resolution.

“*District*” means the Jefferson County School District, a county school district organized and existing under KRS 160.010.

“*Financing Costs*” means all costs and expenses relating to the issuance and carrying costs of Bonds including charges related to credit enhancement facilities which are not Debt Charges.

“*Fiscal Year*” means any period of twelve (12) consecutive months commencing July 1 of any year and ending June 30 of the ensuing year, or any other fiscal year adopted by the District by a supplement to this Bond Resolution.

“*Funds and Accounts*” means, collectively, the Bond Fund, the Cost of Issuance Account, and the Project Fund established under this Bond Resolution.

“*General Obligation Debt*” means, collectively, the Bonds as may be Outstanding hereunder from time to time, as well as all other general obligation debt of the District (including bonds, notes, commercial paper, and any other debt instruments in writing, authorized by or issued as general obligations of the District pursuant to or in accordance with the Act) and bond anticipation notes of the District, if any, as may be issued and outstanding from time to time under the Act.

“*Interest Payment Date*” or “*Payment Date*” means, except as may be provided pursuant to the procedures established for public sale in Section 4.1 hereof accepting or ratifying bids for the purchase of each Series of Bonds, (i) any of the respective dates set with respect to a particular Series of Bonds, as provided in the Bond Resolution, for the payment of interest thereon; (ii) any date set for the redemption or maturity of Bonds, as provided in the Bond Resolution; and (iii) with respect to any other General Obligation Debt (if any), the applicable payment dates set forth or approved in the District’s resolution authorizing issuance of such General Obligation Debt.

“*Investment Obligation*” means any investment that the District is authorized to acquire pursuant to the Kentucky Revised Statutes, as amended from time to time, and to the extent, if any, that the funds then proposed for investment are governed by an applicable formal investment policy of the District, which complies with such investment policy.

“*District*” or “*Board*” means the Board of Education of Jefferson County, Kentucky, a body politic and corporate of the Commonwealth, organized and existing under Section 160.160(1) of the Kentucky Revised Statutes to manage and control the District.

“*Kentucky Revised Statutes*” or “*KRS*” means the Kentucky Revised Statutes as in effect at the date of the adoption of this Bond Resolution, and any future amendments thereof to the extent that the same will not unconstitutionally impair the obligations of contracts created under the provisions of this Bond Resolution.

“*Notes*” means Bonds that mature no later than five (5) years from the date they are issued.

“*Official Statement*” means the Official Statement of the District relating to the original issuance of each Series of Bonds.

“*Official Terms and Conditions of Bond Sale*” means the Official Terms and Conditions of Bond Sale prepared for distribution to potential bidders relating to each Series of Bonds.

“*Outstanding*”, when used with reference to any Bonds, means, as of any date, all Bonds theretofore or then being authenticated and delivered under this Bond Resolution, except:

- (a.) any Bonds cancelled by the Bond Registrar at or prior to such date;
- (b.) Bonds in lieu of or in substitution for which other Bonds shall have been authenticated and delivered; and
- (c.) Bonds deemed to have been paid as provided in Section 10.3 of this Bond Resolution.

“*Participation Agreement*” means any participation agreement entered into between the Board and the Commission with respect to a Project or Projects or Series of Bonds or Notes, as amended or supplemented from time to time in accordance with its terms and the terms of this Resolution.

“*Pledged Receipts*” means amounts received or receivable by or on behalf of the District (including but not limited to ad valorem property taxes, occupational license fees, insurance premium taxes, excises, utility and service revenues, and any other receipts from taxes, excises, permits, licenses, fines, or other source of revenue of, or of revenue distributions to, the District), including any aid to, or revenues or entitlements of the District duly withheld or intercepted by the Commission in accordance with a Participation Agreement, to the extent permitted by law (provided that such withheld or intercepted amounts shall be security only for the Series of Bonds for which such Participation Agreement was entered into unless otherwise provided therein).

“*Project*” means a “public project” (as defined in the Act) to be financed by a series of the Bonds, including the Series 2024A Project in the case of the Series 2024A Bonds.

“*Project Fund*” means the fund created by Section 5.6 of this Bond Resolution.

“*Record Date*” means with respect to the Bonds the fifteenth (15th) day of the month prior to each date established for payment of Debt Charges on the Bonds, whether by maturity, acceleration, or redemption.

“*Sale Certificate*” means a certificate executed by the Chief Financial Officer accepting the successful bid for a Series of Bonds and setting forth the principal amount, maturities, interest rates, and redemption provisions for such Series of the Bonds.

“*Securities Depository*” means any securities depository that is a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act, operating and maintaining, with its participants or otherwise, a book-entry system to record ownership of beneficial interests in bonds and bond service charges, and to effect transfers of bonds in Book-Entry Form, and means, initially, The Depository Trust Company (a limited purpose trust company), New York, New York.

“*Securities Depository Nominee*” means any nominee of a Securities Depository and shall initially mean Cede & Co., New York, New York, as nominee of The Depository Trust Company.

“*Series*” means, with respect to Bonds, Bonds issued at the same time to finance the same Project.

“*Taxable Bonds*” means Bonds the interest of which is subject to and included in gross income for federal income tax purposes.

“*Tax Advantaged Bonds*” means Bonds the interest on which is intended to be excluded from gross income for federal income tax purposes.

“*Term Bonds*” means the Bonds, if any, which are required to be mandatorily redeemed in accordance with the provisions hereof and as set forth in the Sale Certificate.

“*Underwriter*” means the successful bidder for the purchase of each Series of the Bonds upon the competitive sale thereof.

APPENDIX F
FORM OF BOND COUNSEL OPINION

_____, 2024

Jefferson County School District
3332 Newburg Road
Louisville, Kentucky 40218

Re: \$ _____ Jefferson County School District, Kentucky
General Obligation Bonds, Series 2024A

Ladies and Gentlemen:

We have acted as bond counsel and examined the transcript of proceedings (the “Transcript”) relating to the authorization, original issuance, and delivery on the date hereof by the Jefferson County School District (the “District”), a political subdivision of the Commonwealth of Kentucky (the “Commonwealth”), of the District’s General Obligation Bonds, Series 2024A (the “Bonds”).

The Bonds are issued under (i) the Constitution and laws of the Commonwealth, including particularly Chapters 66, 160, and 162 of the Kentucky Revised Statutes, as amended to and in effect on the date hereof (collectively the “Legislation”) and (ii) a resolution adopted by the District on August 20, 2024 (the “General Obligation Bond Resolution”). The Bonds are dated on original issuance as of the date hereof and bear interest, mature and are subject to redemption prior to maturity, and are payable on such terms as are described in the Transcript.

The proceeds of the Bonds are to be used to pay the costs of acquiring, constructing, and equipping school building facilities for the District.

Principal of and interest on the Bonds, in common with and without priority over all other obligations issued and outstanding from time to time on a parity as to security and source of payment under the General Obligation Bond Resolution, are a general obligation of the District to which are pledged the full faith, credit, and taxing power of the District without limitation as to rate or amount.

As bond counsel we have examined such documents and matters and conducted such research as we deemed necessary to enable us to express the opinions set forth below. As to questions of fact material to the opinions set forth below, we have relied on statements and certifications of certain elected officials, officers, and employees of the District and other public officials. We have assumed the authenticity of all documents submitted to us as originals, the legal capacity of natural persons, and the conformity to the originals of all documents submitted to us as copies. We have also relied on the representations and warranties made in such documents by all parties thereto.

Based on the foregoing, and in reliance thereon, and on the basis of our examination of such other matters of fact and questions of law as we have deemed relevant in the circumstances, it is our opinion that:

1. The issuance and sale of the Bonds have been duly authorized by the District pursuant to the Legislation and the General Obligation Bond Resolution.
2. The Bonds are valid and binding general obligations of the District, are enforceable in accordance with their terms, and are entitled to the benefit and security of the Legislation and the General Obligation Bond Resolution.

3. Under existing laws, regulations, and judicial decisions and as of the date hereof, interest on the Bonds is excluded from gross income for federal income tax purposes.

4. The Bonds are exempt from ad valorem taxation, and the interest thereon is exempt from income taxation, by the Commonwealth and all of its political subdivisions and taxing authorities.

For the purpose of rendering our opinion in Paragraph 3 above, we have assumed compliance by the District with the requirements of the Internal Revenue Code that must be met subsequent to the issuance of the Bonds in order that the interest thereon be and remain excluded from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Bonds to be included in gross income retroactive to the date of issuance of the Bonds. The District has covenanted in the General Obligation Bond Resolution to comply with such requirements.

Our opinion on the enforceability of the Bonds is subject to the qualification that such enforceability may be limited by bankruptcy, reorganization, moratorium, insolvency, or other laws relating to or affecting the enforcement of creditors' rights and by the exercise of judicial discretion in accordance with equitable principles.

We express no opinion on the laws of any jurisdiction other than the Commonwealth and the United States of America. Our opinion relates solely to the questions set out herein and does not consider other questions of law which may be presented by the facts outlined above. We do not express an opinion on the investment quality of the Bonds.

Very truly yours,

WYATT, TARRANT & COMBS, LLP

APPENDIX G
BOOK ENTRY SYSTEM

BOOK ENTRY SYSTEM

THE INFORMATION PROVIDED BELOW IN THIS APPENDIX G HAS BEEN PROVIDED BY DTC. NO REPRESENTATION IS MADE BY THE BOARD OR THE CORPORATION AS TO THE ACCURACY OR ADEQUACY OF SUCH INFORMATION PROVIDED BY DTC OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

1. The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (the “Bonds”). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued in the aggregate principal amount of each maturity of Bonds and will be deposited with DTC.

2. DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, and trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may

be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Bond Registrar and request that copies of the notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from District or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC (nor its nominee), Agent, or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to District or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered to DTC.

10. District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that District believes to be reliable, but District takes no responsibility for the accuracy thereof.

Neither the District nor the Bond Registrar shall have any responsibility or obligation to participants or to any beneficial owner with respect to (i) the accuracy of any records maintained by DTC or any participant; (ii) the payment by DTC or any participant of any amount with respect to the principal of or interest or compound accreted value on the Bonds; (iii) the delivery or timeliness of delivery by any participant or any notice to any beneficial owner which is required or permitted under the terms of the resolution or ordinance to be given to Bondholders; or (iv) any consent given or action taken by DTC or Cede & Co., as bondholder.
