THE CITY OF CLARKSVILLE, TENNESSEE
FINANCING PROGRAM REVENUE BONDS, 2025 FIRST SERIES A**

Dated: Date of Initial Delivery

Due: February 1, as shown on inside cover

Interest on the above-referenced Bonds (the “2025 First Series A Bonds”) will be payable from the dated date, on each February 1 and August 1, commencing on August 1, 2026. The 2025 First Series A Bonds will mature on February 1 of the years and in the amounts, will bear interest at the annual rates, and will have the yields, prices, and CUSIP numbers all as set forth on the inside cover hereof.

Under the Kentucky Interlocal Cooperation Act, certain public agencies located in the Commonwealth of Kentucky (the “Kentucky Participants”) have entered into an Interlocal Cooperation Agreement dated as of May 1, 2010, which authorized the creation of the Kentucky Bond Corporation, a nonprofit corporation (the “Corporation”), to act for and on behalf of the Kentucky Participants to create a system for the financing of various governmental purposes of the Kentucky Participants (the “Program”). In order to provide funding for the Program, the Corporation is authorized to issue revenue bonds from time to time under, and secured by, a General Trust Indenture dated as of July 1, 2010 (the “Original General Trust Indenture”), by and between the Corporation and U.S. Bank Trust Company, National Association, as successor-in-interest to The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”). In order to enhance the Program to benefit governmental entities outside Kentucky, the Corporation amended and restated the Original General Trust Indenture to permit other entities to become parties thereto and issuers of bonds thereunder, by the execution and delivery of an Amended and Restated General Trust Indenture dated as of May 15, 2024, by and among (a) the Corporation, (b) the Additional Issuers that become parties thereto from time to time, as provided therein, and (c) the Trustee (as amended and supplemented from time to time, the “General Trust Indenture”). In accordance with the General Trust Indenture and the provisions of Title 12, Chapter 10 of the Tennessee Code Annotated (the “Act”), The Public Building Authority of the City of Clarksville, Tennessee, a public, nonprofit Tennessee corporation (the “Authority”), has been joined as a party to, and an Additional Issuer under, the General Trust Indenture, by virtue of a Tennessee Supplemental Issuer Indenture dated as of May 15, 2024, by and between the Authority and the Trustee (the “Tennessee Indenture” and, together with the General Trust Indenture, the “Indenture”). In order to provide funding for municipal corporations (as defined in the Act) in the State of Tennessee (the “Tennessee Participants”) under the Program, the Authority will issue its revenue bonds under the Indenture from time to time (the “Tennessee Bonds”) and loan the proceeds thereof to the Tennessee Participants under separate Loan Agreements (the “Loan Agreements”). The Tennessee Bonds, including the 2025 First Series A Bonds, are special and limited obligations of the Authority and do not constitute an indebtedness of the City of Clarksville, Tennessee, the State of Tennessee, or the Tennessee Participants, except to the extent of each Tennessee Participant’s Loan Agreement with the Authority under the Program. See “THE PROGRAM” herein.

The 2025 First Series A Bonds are payable solely from (i) the payments made to the Trustee under the Loan Agreements executed by the Tennessee Participants under the Program, and (ii) any other funds and any investment earnings thereon pledged under the Indenture, and available for such payment, including the Debt Service Reserve (as defined herein). Under the Indenture, additional bonds (together with the 2025 First Series A Bonds, the “Bonds”) have been and may be issued on a parity with the 2025 First Series A Bonds. See “SECURITY AND SOURCE OF PAYMENT” herein.

The 2025 First Series A Bonds are being issued as fully registered bonds in denominations of \$5,000 and any integral multiple thereof. The 2025 First Series A Bonds will initially be issued under a book-entry system, registered in the name of The Depository Trust Company (“DTC”) or its nominee. Purchases of the 2025 First Series A Bonds will be made in book-entry form only, except as permitted by the Indenture, and the purchasers of 2025 First Series A Bonds will not receive physical delivery of bond certificates. See “THE 2025 FIRST SERIES A BONDS – Book-Entry Only System” herein. So long as DTC or its nominee is the registered owner of the 2025 First Series A Bonds, the principal of and premium, if any, and interest on the 2025 First Series A Bonds will be paid directly to DTC by the Trustee.

The 2025 First Series A Bonds are subject to optional [and mandatory] redemption before maturity as described herein.

The Authority deems this Preliminary Official Statement to be final for purposes of Securities and Exchange Commission Rule 15c2-12, except for certain information on the cover page and inside cover hereof and in certain pages herein that has been omitted in accordance with Rule 15c2-12 and will be provided with the final Official Statement.

The 2025 First Series A Bonds are offered when, as, and if issued by the Authority, subject to the approving legal opinions of Dinsmore & Shohl LLP, Louisville, Kentucky, as Co-Bond Counsel, and Spencer Fane LLP, Nashville, Tennessee, as Co-Bond Counsel, and certain other conditions. It is expected that the 2025 First Series A Bonds will be available for delivery in New York, New York, on or around December 17, 2025.

THE 2025 FIRST SERIES A BONDS

General

The 2025 First Series A Bonds are being issued solely as fully registered bonds, in denominations of \$5,000 and any integral multiple thereof. The 2025 First Series A Bonds will be dated their date of delivery and will accrue interest from such date, payable semiannually on February 1 and August 1 of each year (each, an “Interest Payment Date”), commencing on August 1, 2026, at the annual rates set forth on the inside cover hereof. The 2025 First Series A Bonds will mature, subject to redemption before maturity as described herein under the heading “THE 2025 FIRST SERIES A BONDS – Redemption of 2025 First Series A Bonds,” on February 1 in the years and in the principal amounts set forth on the inside cover hereof.

The 2025 First Series A Bonds are initially being issued solely in book-entry only form. See “Book-Entry Only System” below. If the 2025 First Series A Bonds are no longer held in a book-entry only system, the principal of and the redemption premium (if any) on the 2025 First Series A Bonds will be payable at the designated corporate trust office of the Trustee, as Paying Agent for the 2025 First Series A Bonds, and each payment of interest due on each 2025 First Series A Bond will be made by check mailed by the Trustee on each Interest Payment Date to the Holder of that 2025 First Series A Bond as of the close of business on the Record Date, at such Holder’s address as it appears on the registration books maintained by the Trustee, as the Registrar for the 2025 First Series A Bonds, except that all Holders of at least \$1,000,000 in aggregate principal amount of 2025 First Series A Bonds will receive payments of interest by wire transfer on each Interest Payment Date upon supplying the Trustee, as Paying Agent, with a wire address.

Book-Entry Only System

The 2025 First Series A Bonds will initially be issued solely in book-entry form, to be held in the book-entry only system maintained by The Depository Trust Company (“DTC”), New York, New York. So long as the book-entry system is used for the 2025 First Series A Bonds, only DTC or its nominee will receive or have the right to receive physical delivery of the 2025 First Series A Bonds and, except as otherwise provided herein with respect to any tenders by Beneficial Owners of their beneficial ownership interests, each as described in “APPENDIX E – Book-Entry Only System” hereto, the Beneficial Owners will not be or be considered to be, and will not have any rights as, the Owners or Holders of the 2025 First Series A Bonds under the Indenture. For additional information about DTC and its book-entry only system see “APPENDIX E – Book-Entry Only System” hereto.

THE INFORMATION SET FORTH IN THIS SECTION AND APPENDIX E HERETO REGARDING DTC AND ITS BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE

AUTHORITY BELIEVES TO BE RELIABLE, BUT THE AUTHORITY TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

Revision of Book-Entry System; Replacement 2025 First Series A Bonds

If DTC determines not to continue to act as securities depository for the 2025 First Series A Bonds, the Indenture provides for the issuance and delivery of new, fully registered 2025 First Series A Bonds (the “Replacement 2025 First Series A Bonds”) directly to all of the Holders of the 2025 First Series A Bonds other than DTC.

Upon the occurrence of such event, the Authority may attempt to establish a securities depository book-entry relationship with another securities depository. If the Authority does not do so or is unable to do so, and after the Trustee has notified the owners of any book-entry interests in the 2025 First Series A Bonds by giving appropriate notice to DTC, the Authority will issue, and the Trustee will thereupon authenticate and deliver, Replacement 2025 First Series A Bonds, in minimum denominations of \$5,000, to the assignees of DTC or its nominee.

If the use of the book-entry only system is discontinued, the principal and redemption price of the 2025 First Series A Bonds and the interest thereon will be payable in the manner described herein under the heading “THE 2025 FIRST SERIES A BONDS – General,” and the following provisions shall apply. The 2025 First Series A Bonds may be transferred, or exchanged for any one or more 2025 First Series A Bonds in different authorized denominations, upon the surrender of the 2025 First Series A Bonds to be transferred or exchanged at the designated corporate trust office of the Trustee, as Registrar, or the designated office of any Paying Agent (initially, the Trustee), by the registered owners of such 2025 First Series A Bonds or by their duly authorized attorneys or other legal representatives. Upon the surrender of any of the 2025 First Series A Bonds for transfer or exchange, the Registrar will record such transfer or exchange upon the registration books, and thereafter, the Authority will execute, and the Registrar will authenticate and deliver, one or more new 2025 First Series A Bonds, each to be appropriately registered and in authorized denominations. Neither the Authority, the Trustee (as the Registrar), nor any Paying Agent will be required to transfer or exchange any 2025 First Series A Bond during a period beginning fifteen business days before the date of the mailing of a notice of redemption of any 2025 First Series A Bonds and ending at the close of business on the date of the mailing of such notice, nor any 2025 First Series A Bond all or a portion of which has been selected for redemption.

Redemption of 2025 First Series A Bonds

Optional Redemption. The 2025 First Series A Bonds maturing on and after February 1, 2034 shall be subject to optional redemption before maturity on February 1, 2033 and any date thereafter, in whole or in part, in such order of maturity as may be selected by the Authority, and by lot within any maturity, at a redemption price equal to the principal amount of 2025 First Series A Bonds to be redeemed, plus accrued interest to the date of redemption, without premium.

[Mandatory Sinking Fund Redemption. The 2025 First Series A Bonds maturing on the dates set forth below are subject to mandatory sinking fund redemption before maturity, at a redemption price equal to the principal amount of 2025 First Series A Bonds to be redeemed, plus accrued interest to the redemption date, on the dates, in the years, and in the principal amounts as follows:]

<u>Maturing February 1, 20</u>		<u>Maturing February 1, 20</u>

Selection of 2025 First Series A Bonds to be Redeemed. At least thirty days, but not more than sixty days, before the redemption date for any 2025 First Series A Bonds, the Trustee shall cause a redemption notice to be mailed, by regular, United States first-class mail, postage prepaid, to DTC or, if DTC is no longer serving as securities depository for the 2025 First Series A Bonds, then to the successor securities depository, or if none, to all of the registered owners of the 2025 First Series A Bonds to be redeemed, at their addresses set forth on the registration books maintained by the Trustee, as Registrar. Failure to mail any such notice or any defect in such notice with respect to any 2025 First Series A Bond shall not affect the validity of the redemption of any other 2025 First Series A Bond. Any redemption notice received by DTC shall be forwarded by DTC to the appropriate DTC participants, and then will be provided by such DTC participants to the Beneficial Owners of the 2025 First Series A Bonds, in accordance with standing instructions from such Beneficial Owners or customary practice.

Notice of Redemption. Each notice of redemption shall state that such notice is given subject to the condition that it is revocable and that the redemption of the 2025 First Series A Bonds will be effected only if, on the date set for redemption, the Trustee shall have sufficient moneys on deposit to pay the redemption price of the 2025 First Series A Bonds selected for redemption. If such moneys are not received by the Trustee by the date set for redemption, such redemption notice will be of no further force and effect and the Trustee will give notice, in the same manner in which the notice of redemption was given, that such funds were not received and that such 2025 First Series A Bonds have not been redeemed.

The Authority is not responsible for providing any purchaser of the 2025 First Series A Bonds with any information relating to the 2025 First Series A Bonds or any of the parties or transactions referred to in this Official Statement or for the accuracy or completeness of any such information obtained by any such purchaser other than the information in the sections captioned “THE AUTHORITY,” “THE PROGRAM”, “SECURITY AND SOURCE OF PAYMENT”, and “PLAN OF FINANCING”, and “ESTIMATED SOURCES AND USES OF FUNDS”.

THE PROGRAM

History

Under the Commonwealth of Kentucky’s Interlocal Cooperation Act, as set forth in Sections 65.210 through 65.300, inclusive, of the Kentucky Revised Statutes, certain public agencies in the Commonwealth of Kentucky have entered into an Interlocal Cooperation Agreement dated as of May 1, 2010, which authorized the creation of the Kentucky Bond Corporation, a nonprofit corporation (the “Corporation”) to act for and on behalf of such public agencies in order to create a system for the funding, financing, and refinancing of various governmental purposes of such public agencies (the “Program”).

In order to provide funding for the Program, the Corporation is authorized to issue revenue bonds from time to time under, and secured by, a General Trust Indenture dated as of July 1, 2010 (the “Original General Trust Indenture”), by and between the Corporation and the Trustee.

Expansion of the Program

In an effort to enhance and benefit the Program, the Corporation, as authorized by a resolution adopted by the Board of Directors (the “Board”) of the Corporation on January 25, 2024, amended and restated the Original General Trust Indenture in order to permit other entities to become parties thereto and issuers of bonds thereunder, by the execution and delivery of an Amended and Restated General Trust Indenture dated as of May 15, 2024, by and among (i) the Corporation, (ii) the Additional Issuers that become parties thereto from time to time, as provided therein, and (iii) the Trustee (the “General Trust Indenture”).

Under the General Trust Indenture, the Corporation and each Additional Issuer (each, an “Issuer” and collectively, the “Issuers”) are authorized to issue Bonds, in accordance with the laws of the applicable state, to provide for the financing or refinancing of various public projects for certain governmental entities located in the same state as the Issuer, all as authorized by the General Trust Indenture and the laws of the applicable state. Each governmental entity that has received or will receive proceeds of a Series of Bonds issued by the applicable Issuer under the General Trust Indenture (each, a “Participant” and collectively, the “Participants”) has entered or will enter into a Financing Agreement with the related Issuer under the General Trust Indenture. No Participant is responsible for the failure of any other Participant to pay its obligations under its respective

Financing Agreement. Each Participant and its respective obligation under a particular Financing Agreement to pay principal with respect to the related Bonds of the applicable Issuer are listed in “APPENDIX A – The Participants” hereto. The financial statements and additional information with respect to all current Participants in the Program can be found at <https://www.kybondcorp.org>.

The General Trust Indenture also specifically authorizes the issuance of Financing Program Revenue Bonds, Second Series (the “Second Series Bonds”) and Financing Program Revenue Bonds, Third Series (the “Third Series Bonds”) to provide moneys for deposit in the Debt Service Reserve and the Supplemental Debt Service Reserve. Several Series of Bonds have previously been issued by the Corporation and additional Series of Bonds may be issued from time to time by any of the Issuers under the General Trust Indenture. For more information regarding the Outstanding Bonds and the issuance of additional Bonds, see “SECURITY AND SOURCE OF PAYMENT” herein.

The Bonds issued by an Issuer under the General Trust Indenture are special and limited obligations of such Issuer, payable solely and only from the Trust Estate pledged under the General Trust Indenture, and do not constitute an indebtedness of such Issuer or of any of the related Participants, except to the extent of any such Participant’s Financing Agreements with such Issuer under the Program. See “SECURITY AND SOURCE OF PAYMENT”) herein.

Operation of the Program in Tennessee

In accordance with the General Trust Indenture and the Act, and as authorized by a resolution adopted by the Board of the Corporation on January 25, 2024 and a resolution adopted by the Board of the Authority on February 13, 2024, the Authority has been joined as a party to, and as an Additional Issuer of Bonds under, the General Trust Indenture, by the execution and delivery of a Tennessee Supplemental Issuer Indenture dated as of May 15, 2024, by and between the Authority and the Trustee (the “Tennessee Indenture” and, together with the General Trust Indenture and any Series Trust Indentures entered into by the Authority from time to time, the “Indenture”).

In order to provide funding for the Tennessee Participants (as defined herein) under the Program, the Authority will issue Tennessee Bonds under the Indenture from time to time and loan a portion of the proceeds of such Tennessee Bonds to the Tennessee Participants under separate Loan Agreements (see “SECURITY AND SOURCE OF PAYMENT – Loan Agreements”). The Tennessee Bonds issued by the Authority under the Indenture must be payable solely from the revenues pledged under the Indenture and must not constitute an indebtedness of any Tennessee Participant, except to the extent of each Tennessee Participant’s particular Loan Agreement entered into with the Authority under the Program. The Tennessee Bonds, including the 2025 First Series A Bonds, are special and limited obligations of the Authority. In accordance with the Indenture, the issuance of the 2025 First Series A Bonds (and the 2025 Third Series A Bonds) was authorized by the Series Resolution adopted by the Board of the Authority on February 13, 2024.

Tennessee Program Administration

Tennessee Program Administration Agreement. The Authority has entered into a Tennessee Program Administration Agreement dated as of May 15, 2024 (the “Tennessee Program Administration Agreement”), by and among (i) the Authority, (ii) KLC (as defined herein), and (iii) TMBF (as defined herein), whereby KLC and TMBF (collectively, the “Program Administrators”) provide certain management and administrative services in connection with the Tennessee Bonds issued by the Authority from time to time under the Indenture and certain origination and administrative services in connection with the Loan Agreements with the Tennessee Participants funded by the proceeds of such Tennessee Bonds.

Kentucky Program Administrator. The Kentucky League of Cities, Inc. (“KLC”), a nonprofit, non-stock corporation duly organized and validly existing under the laws of the Commonwealth of Kentucky and an organization whose income is exempt from federal income taxation under Section 115(1) of the Internal

Revenue Code of 1986, as amended, is a voluntary association of cities established in 1927 to assist municipal officials in representing the interests of cities and to provide services to members to foster improved municipal government in the Commonwealth of Kentucky. KLC represents the needs of city governments in legislative matters and also offers a variety of services to its members to promote the progress of city government in the Commonwealth of Kentucky.

KLC offers an array of financing programs to assist cities with their capital projects and purchases, including (i) the Kentucky League of Cities Funding Trust, which has established several dedicated bond pools that have financed and refinanced over \$460 million of projects for various public agencies throughout the Commonwealth of Kentucky since 1987, and (ii) the Program.

KLC is the sponsor of the Program and the Corporation, and currently serves as Program Administrator under the Indenture in connection with the Bonds issued by the Corporation thereunder.

Tennessee Program Administrator. The Tennessee Municipal Bond Fund (“TMBF”), a not-for-profit corporation duly organized and validly existing under the laws of the State of Tennessee, was established in 1985 to provide management and administrative services in connection with municipal bond financing pools. Since its inception, TMBF has overseen the administration of various municipal loan programs that helped to finance projects for municipal corporations, incorporated municipalities, metropolitan governments, counties, and other governmental entities located in the State of Tennessee.

THE TENNESSEE PARTICIPANTS

Each municipal corporation (as defined in the Act) in Tennessee that receives a loan from the Authority under the Program (each, a “Tennessee Participant” and, collectively, the “Tennessee Participants”) will enter into a Loan Agreement with the Authority to evidence such loan, which Loan Agreements shall be effective as of the date of issuance of the related Tennessee Bonds. See “SECURITY AND SOURCE OF PAYMENT – Loan Agreements.”

Each Tennessee Participant and its respective obligation under a particular Loan Agreement to pay principal with respect to a Series of Tennessee Bonds is listed in “APPENDIX A – The Participants” hereto. In addition, certain demographic and financial information for the particular Tennessee Participant receiving a portion of the proceeds of the 2025 First Series A Bonds is set forth in “APPENDIX B – Demographic and Financial Information Relating to the Tennessee Participant Receiving Proceeds of the 2025 First Series A Bonds” hereto. The financial statements and additional information for all current Tennessee Participants in the Program can be found at <https://www.kybondcorp.org>.

SECURITY AND SOURCE OF PAYMENT

Special and Limited Obligations

The 2025 First Series A Bonds are not general obligations of the Authority or the Tennessee Participant, except to the extent of the Tennessee Participant’s particular obligations under its Loan Agreement, but are special and limited obligations of the Authority payable solely from the Trust Estate pledged under the Indenture. The 2025 First Series A Bonds do not constitute an indebtedness of the Authority within the meaning of any constitutional or statutory debt limitation or restriction and do not constitute a pledge of the full faith and credit or any of the revenues of the Authority. The Authority has no taxing power.

Loan Agreements

A portion of the proceeds of the 2025 First Series A Bonds will be loaned to the Tennessee Participant under the Loan Agreement, which constitutes a Financing Agreement under the Indenture, by and between the Authority and the Tennessee Participant, in accordance with the terms prescribed in the Indenture. Under the

Loan Agreement, repayment schedules are established in order to enable the Authority to meet the principal and interest requirements for the 2025 First Series A Bonds. The Tennessee Participant is not responsible for the failure of any other Participant to pay its obligations under their respective Financing Agreement.

A form of the Loan Agreements is set forth in Annex A to the Tennessee Indenture. For a more detailed description of the provisions of the Loan Agreements, see “APPENDIX C – Summary of the General Trust Indenture – Summary of the Loan Agreements.”

Debt Service Reserve; Supplemental Debt Service Reserve; Surplus Fund

In accordance with the Indenture, a Debt Service Reserve has been established to provide additional security for all of the Bonds Outstanding thereunder from time to time. The Indenture requires the Issuers to maintain an amount on deposit in the Debt Service Reserve equal to the Debt Service Reserve Requirement, which is the amount required to maintain the current rating on all of the First Series Bonds from S&P, if S&P is then rating the First Series Bonds, or Moody’s, if Moody’s is then rating the First Series Bonds. Any interest earned or sums realized as a result of the investment of any moneys in the Debt Service Reserve in Investment Obligations will accrue to, and be a part of, the Debt Service Reserve; provided, however, that any such interest earned or sums realized which causes the amount on deposit in the Debt Service Reserve to exceed the Debt Service Reserve Requirement on the day preceding an Interest Payment Date will be transferred to the Revenue Fund in accordance with the Indenture.

The Indenture also established a Supplemental Debt Service Reserve to further secure all of the Bonds Outstanding thereunder from time to time. In accordance with the Indenture, the Issuers are required to maintain an amount on deposit in the Supplemental Debt Service Reserve equal to the Supplemental Debt Service Reserve Requirement, which is the amount required to maintain the current rating on all First Series Bonds and Second Series Bonds, from S&P, if S&P is then rating the First Series Bonds and Second Series Bonds, or Moody’s, if Moody’s is then rating the First Series Bonds and Second Series Bonds. Under the Indenture, the amounts on deposit in the Supplemental Debt Service Reserve are required to be transferred to the Debt Service Reserve at any time the amount in the Debt Service Reserve is less than the Debt Service Reserve Requirement. Any interest earned or sums realized as a result of the investment of any moneys in the Supplemental Debt Service Reserve in Investment Obligations will accrue to, and be a part of, the Supplemental Debt Service Reserve and will be transferred to the Debt Service Fund to pay the debt service on (i) the Second Series Bonds, so long as the amount on deposit in the Supplemental Debt Service Reserve is not less than the Supplemental Debt Service Reserve Requirement after any transfer to the Debt Service Fund for the payment of debt service on the Second Series Bonds and, thereafter, (ii) the Third Series Bonds, so long as the amount on deposit in the Supplemental Debt Service Reserve is not less than the Supplemental Debt Service Reserve Requirement after any transfer to the Debt Service Fund for the payment of debt service on the Third Series Bonds.

In accordance with the Indenture, a Surplus Fund has also been established into which certain amounts will be deposited after the payment of the debt service on all Outstanding Bonds and the payment of certain Fiduciary Fees. Amounts on deposit in the Surplus Fund may (a) be used to pay debt service on all Outstanding Bonds; (b) be transferred to the Debt Service Reserve or Supplemental Debt Service Reserve, if the amounts then on deposit therein are less than the Debt Service Reserve Requirement or the Supplemental Debt Service Reserve Requirement, as the case may be; and (c) may be transferred to the Corporation on any February 1, so long as the current rating on the First Series Bonds or the Second Series Bonds from S&P, if S&P is then rating such Bonds, or from Moody’s, if Moody’s is then rating such Bonds, would not be lowered or withdrawn.

As of the date of issuance and delivery of the 2025 First Series A Bonds, the amount on deposit in the Debt Service Reserve is \$18,474,294.00*, the amount on deposit in the Supplemental Debt Service Reserve is \$2,670,000*, the amount of Second Series Bonds Outstanding is \$670,000, and the amount of Third Series Bonds Outstanding (including the 2025 Third Series A Bonds) is \$2,000,000*.

* Preliminary, subject to change.

Certain Participants with Financing Agreements dated on or after September 28, 2012 (each, a “Reserve Fund Related Participant”), as shown in “APPENDIX A – The Participants” hereto, receive a credit for their proportionate share of the proceeds of the related Series of Bonds dated the date of their respective Financing Agreements that are deposited in the Debt Service Reserve (the “Related Reserve Fund Deposit”), including any investment earnings on such amount. To provide such credit, each Reserve Fund Related Participant’s respective Related Reserve Fund Deposit (plus all accrued investment earnings thereon, but less any earnings that are required to be rebated to the United States Treasury) will be transferred to its respective Participant Payment Account on the February 1 preceding its final principal payment date set forth in “APPENDIX A – The Participants” hereto.

Additional Bonds

In order to provide additional funds for the Program, the Issuers may issue additional Bonds from time to time, without limitation as to amount, except as provided in the General Trust Indenture and the Series Trust Indentures authorized by the General Trust Indenture (see “SECURITY AND SOURCE OF PAYMENT – Debt Service Reserve; Supplemental Debt Service Reserve; Surplus Fund” herein). All First Series Bonds rank on a parity and equality with one another, and are entitled to the benefit of the continuing pledge and lien created by the Indenture to secure the full and final payment of the principal and redemption price of and interest on the First Series Bonds. In addition, Second Series Bonds, which are subordinate to the First Series Bonds, and Third Series Bonds, which are subordinate to the First Series Bonds and the Second Series Bonds, have been issued and may be issued in the future in accordance with the Indenture.

Second Series Bonds

Upon the issuance thereof, the proceeds of the Outstanding Second Series Bonds were deposited in the Supplemental Debt Service Reserve. In accordance with the Indenture, the Second Series Bonds are secured by the Trust Estate; provided, however, that the lien on the Trust Estate with respect to the Second Series Bonds is subordinate and inferior to the lien on the Trust Estate with respect to the First Series Bonds. Second Series Bonds cannot mature or be redeemed before the latest maturity date for any Outstanding First Series Bonds, unless the Issuer of such Second Series Bonds provides the Trustee with confirmation that such redemption will not cause the existing rating on the First Series Bonds from S&P, if S&P is then rating the First Series Bonds, or Moody’s, if Moody’s is then rating the First Series Bonds, to be lowered or withdrawn.

Third Series Bonds

Upon the issuance thereof, the proceeds of the Outstanding Third Series Bonds were deposited in the Supplemental Debt Service Reserve. In accordance with the Indenture, the Third Series Bonds are secured by the Trust Estate; provided, however, that the lien on the Trust Estate with respect to the Third Series Bonds is subordinate and inferior to the lien on the Trust Estate with respect to the First Series Bonds and with respect to the Second Series Bonds. Third Series Bonds cannot mature or be redeemed before the latest maturity date for any Outstanding First Series Bonds and any Outstanding Second Series Bonds, unless the Issuer of such Third Series Bonds provides the Trustee with confirmation that such redemption will not cause the existing rating on the First Series Bonds and the Second Series Bonds from S&P, if S&P is then rating such Bonds, or Moody's, if Moody's is then rating such Bonds, to be lowered or withdrawn.

The 2025 Third Series A Bonds are expected to be issued by the Authority concurrently with the 2025 First Series A Bonds in order to provide funds to be deposited into the Supplemental Debt Service Reserve for investment in United States Treasury Obligations. The 2025 Third Series A Bonds mature on February 1, 20[___], and bear interest at a variable rate of [___]% until February 1, 20[___], and thereafter is based on the yield on the United States Treasury Obligations purchased with the proceeds of the 2025 Third Series A Bonds maturing on or around February 1 of the years 20[___], 20[___], and 20[___], subject to certain adjustments, all as provided in the Series Trust Indenture, 2025 Third Series A dated December 1, 2025. As provided above, the 2025 Third Series A Bonds will be subordinate and inferior to all First Series Bonds (including the 2025 First Series A Bonds) and Second Series Bonds issued under the Indenture.

PLAN OF FINANCING

The proceeds of the 2025 First Series A Bonds will be used for the purposes of (i) funding a Loan to the Tennessee Participant under a Loan Agreement entered into by and between the Tennessee Participant and the Authority in order to finance various public projects of the Tennessee Participant, and (ii) paying the costs of issuance of the 2025 First Series A Bonds.

TAX TREATMENT

General

In the opinion of Dinsmore & Shohl LLP, Co-Bond Counsel for the 2025 First Series A Bonds, based upon an analysis of existing laws, regulations, rulings, and court decisions, interest on the 2025 First Series A Bonds will be excludable from gross income for federal income tax purposes and will not be a specific item of tax preference for purposes of the federal alternative minimum tax imposed on individuals (for a discussion of the corporate alternative minimum tax, see "TAX TREATMENT – Corporate Alternative Minimum Tax")

herein). In addition, Spencer Fane LLP, Co-Bond Counsel for the 2025 First Series A Bonds, is of the opinion that the 2025 First Series A Bonds and interest thereon are exempt from all state, county, and municipal taxation in the State of Tennessee, except for (a) Tennessee excise taxes on the interest on the 2025 First Series A Bonds during the period the 2025 First Series A Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership doing business in Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the 2025 First Series A Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership doing business in Tennessee.

A copy of the approving legal opinion Dinsmore & Shohl LLP will deliver in connection with the 2025 First Series A Bonds is set forth in “APPENDIX D-1 – Form of Co-Bond Counsel Opinion of Dinsmore & Shohl LLP” hereto, and a copy of the approving legal opinion Spencer Fane LLP will deliver in connection with the 2025 First Series A Bonds is set forth in “APPENDIX D-2 – Form of Co-Bond Counsel Opinion of Spencer Fane LLP” hereto.

The Internal Revenue Code of 1986, as amended (the “Code”) imposes various restrictions, conditions, and requirements regarding the exclusion of the interest on certain obligations, such as the 2025 First Series A Bonds, from gross income of the holders thereof for federal income tax purposes. The Authority has covenanted to comply with certain restrictions designed to ensure that interest on the 2025 First Series A Bonds will not be includable in the gross income of the Holders thereof for federal income tax purposes. Any failure to comply with these covenants could result in interest on the 2025 First Series A Bonds being includable in gross income for federal income tax purposes, and such inclusion could be required retroactively to the issue date of the 2025 First Series A Bonds. The approving legal opinion of Dinsmore & Shohl LLP assumes compliance with these covenants. However, neither Dinsmore & Shohl LLP nor Spencer Fane LLP, as Co-Bond Counsel for the 2025 First Series A Bonds, has undertaken to determine (or to inform any persons) whether any actions taken (or not taken) or any events occurring (or not occurring) after the date of issuance of the 2025 First Series A Bonds may adversely affect either the federal or Tennessee tax status of the 2025 First Series A Bonds.

Certain requirements and procedures contained or referred to in the 2025 First Series A Bonds, the Loan Agreement funded by the proceeds of the 2025 First Series A Bonds, and any other relevant documents may be changed, and certain actions (including, without limitation, the defeasance of the 2025 First Series A Bonds) may be taken or omitted under the circumstances and subject to the particular terms and conditions set forth in such documents. Neither Dinsmore & Shohl LLP nor Spencer Fane LLP express any opinion as to any 2025 First Series A Bonds or the tax status of the interest thereon if any such change occurs or any action is taken or omitted upon the advice or approval of bond counsel other than Dinsmore & Shohl LLP or Spencer Fane LLP.

Although Dinsmore & Shohl LLP and Spencer Fane LLP are of the opinion that the interest on the 2025 First Series A Bonds is excludable from gross income of the Holders thereof for federal and Tennessee income tax purposes, respectively, the ownership or disposition of, or the accrual or receipt of interest on, the 2025 First Series A Bonds may otherwise affect a Bondholder’s federal, state, or local tax liabilities. The nature and extent of these other tax consequences may depend on the particular tax status of the Bondholder or the Bondholder’s other items of income or deduction. Neither Dinsmore & Shohl LLP nor Spencer Fane LLP express any opinion regarding any tax consequences other than what is set forth in its opinion, and each Bondholder and potential Bondholder is urged to consult with its own tax counsel as to the effects of purchasing, holding, or disposing of 2025 First Series A Bonds on the tax liabilities of the individual or entity.

Receipt of tax-exempt interest, ownership, or disposition of the 2025 First Series A Bonds may result in other collateral federal, state, or local tax consequences for certain taxpayers. Such consequences may include, without limitation, (i) increasing the federal tax liability of certain foreign corporations subject to the branch profits tax imposed by Section 884 of the Code, (ii) increasing the federal tax liability of certain insurance companies under Section 832 of the Code, (iii) increasing the federal tax liability and affecting the status of

certain S Corporations subject to Section 1362 and Section 1375 of the Code, (iv) increasing the federal tax liability of certain individual recipients of Social Security or the Railroad Retirement benefits under Section 86 of the Code, and (v) limiting the amount of the Earned Income Credit under Section 32 of the Code that might otherwise be available. The ownership of any of the 2025 First Series A Bonds may also result in the limitation of interest and certain other deductions for financial institutions and certain other taxpayers under Section 265 of the Code. Finally, residence of a Holder of the 2025 First Series A Bonds in a state other than Tennessee, or the Holder being subject to tax in a state other than Tennessee, may result in income or other tax liabilities being imposed by such states or their political subdivisions based on the interest or other income from the 2025 First Series A Bonds.

The Authority and Tennessee Participant have designated the 2025 First Series A Bonds as “qualified tax-exempt obligations” under Section 265 of the Code.

Original Issue Discount

The 2025 First Series A Bonds having a yield that is higher than the interest rate on such 2025 First Series A Bonds (as shown on the inside cover hereof) are being offered and sold to the public at an original issue discount (“OID”) from the amounts payable at maturity thereon (the “Discount Bonds”). OID is the excess of the stated redemption price of a bond at maturity (the face amount) over the “issue price” of such bond. The issue price is the initial offering price to the public (other than to bond houses, brokers, or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of bonds of the same maturity are sold pursuant to that initial offering. For federal income tax purposes, OID on each bond will accrue over the term of that bond. The amount of OID accrued will be based upon a single rate of interest, compounded semiannually (the “yield to maturity”), and during each semiannual period, the amount of OID will accrue ratably on a daily basis. The OID accrued during the period that an initial purchaser of a Discount Bond, at its issue price, owns such Discount Bond is added to the purchaser’s tax basis for purposes of determining gain or loss at the maturity, redemption, sale, or other disposition of such Discount Bond. In practical effect, accrued OID is treated the same as stated interest, i.e., excludable from gross income for federal income tax purposes.

Additionally, the OID that accrues in each year to an owner of any Discount Bond is included in the calculation of the distribution requirements for certain regulated investment companies and may result in some of the collateral federal income tax consequences discussed herein. Consequently, all owners of any Discount Bond should be aware that the accrual of OID in each year may result in an alternative minimum tax liability, additional distribution requirements, or other collateral federal income tax consequences, even if the owner of such Discount Bond has not received cash attributable to such OID in such year.

Original Issue Premium

Certain 2025 First Series A Bonds (the “Premium Bonds”) may be offered and sold to the public at a price in excess of their stated redemption price (their principal amount) at maturity. If a resident of the United States purchases a Premium Bond, that owner will be considered to have purchased such Premium Bond with “amortizable bond premium” in an amount equal to such excess. Any such owner may elect, in accordance with the applicable provisions of Section 171 of the Code, to amortize such bond premium as an offset to the interest payments on the Premium Bond using a constant yield to maturity method over the remaining term of such Premium Bond (or, if required by the applicable Treasury Regulations, to an earlier call date). Under Section 67(b)(11) of the Code, the amortization of bond premium is not considered a miscellaneous itemized deduction. However, the amortization of bond premium will reduce the basis of such Premium Bond under Section 1016(a)(5) of the Code.

The owners of any Discount Bonds or Premium Bonds (or any book-entry interests in such Discount Bonds or Premium Bonds) should consult their own tax advisers regarding the determination for federal tax purposes of the amount of OID or amortizable bond premium properly accruable in any period with respect

to the Discount Bonds or Premium Bonds and regarding other federal tax consequences and the treatment of OID and amortizable bond premium for purposes of state or local taxes on (or based on) income.

Corporate Alternative Minimum Tax

The Inflation Reduction Act of 2022 imposes a new corporate alternative minimum tax equal to 15% of the “adjusted financial statement income” of all “applicable corporations,” both as defined in Section 59(k) of the Code. Generally, an applicable corporation includes any corporation (as defined for federal income tax purposes, other than S corporations, regulated investment companies, and real estate investment trusts) with an “average annual adjusted financial statement income” of more than \$1,000,000,000 over any preceding period of three tax years (ending with a tax year ending after December 31, 2021). The corporate alternative minimum tax applies for tax years beginning after December 31, 2022. Under the Inflation Reduction Act, interest on tax-exempt bonds, such as the interest on the 2025 First Series A Bonds, is included (i) in computing “average annual adjusted financial statement income” for the purpose of determining whether a corporation qualifies as an “applicable corporation,” and (ii) in determining an applicable corporation’s “adjusted financial statement income” for purposes of calculating the alternative minimum tax imposed on applicable corporations under Section 55 of the Code, regardless of the issue date of such tax-exempt bonds.

There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by S&P if, in the judgment of S&P, the circumstances so warrant. Any downward revision or withdrawal of the rating could have an adverse effect on the marketability and/or market price of the 2025 First Series A Bonds.

Third: On any Interest Payment Date for Second Series Bonds, to the Second Series Interest Account of the Debt Service Fund, such an amount as, when added to the amount then on deposit in such Account, will equal the total amount of accrued and unpaid interest on all Outstanding Second Series Bonds due and payable on such Interest Payment Date.

Fourth: On any Principal Installment Date with respect to any Second Series Bonds, to the Second Series Principal Account of the Debt Service Fund, such an amount as, when added to the amount then on deposit in such Account, will equal the total amount of the Principal Installments of all Outstanding Second Series Bonds due and payable on, and unpaid as of, such Principal Installment Date.

(c) Upon the occurrence of a Participant Default by a Defaulting Participant, the Trustee shall transfer moneys from the Debt Service Reserve to the Debt Service Fund in accordance with paragraph (b) above, in the following order of priority:

First: From the particular Account in the Debt Service Reserve established for any Series of Bonds with respect to which the Defaulting Participant has incurred a Participant Default. For purposes

of clarity, the Trustee may transfer up to the entire available balance of any such Account to the Debt Service Fund, as required by paragraph (b) above, to remedy such Participant Default (representing both moneys allocated to the Defaulting Participant and moneys allocated to any other Participants within any such Account for administrative purposes).

Second: From any other Account in the Debt Service Reserve established for a particular Series of Bonds with respect to which the Defaulting Participant has participated, but not incurred a Participant Default. For purposes of clarity, the Trustee may transfer up to the entire available balance of any such Account to the Debt Service Fund, as required by paragraph (b) above, to remedy such Participant Default (representing both moneys allocated to the Defaulting Participant and moneys allocated to any other Participants within any such Account for administrative purposes).

Third: From the moneys deposited to the Debt Service Reserve from the proceeds of (i) the Kentucky Bond Corporation Financing Program Revenue Bond, 2010 First Series B dated August 25, 2010, (ii) the Kentucky Bond Corporation Financing Program Revenue Bond, 2010 First Series D dated November 4, 2010, (iii) the Kentucky Bond Corporation Financing Program Revenue Bonds, 2011 First Series B dated April 14, 2011, and (iv) the Kentucky Bond Corporation Financing Program Revenue Bond, 2012 First Series B dated March 29, 2012, together with the proceeds of any Series of Bonds hereafter issued in a direct private placement for the purpose of funding an increase to the Debt Service Reserve.

Fourth: From any other Account in the Debt Service Reserve established for a Series of Bonds issued for the benefit of any Participant (other than the Defaulting Participant) located in the same State as the Defaulting Participant. For purposes of clarity, the Trustee may transfer up to the entire available balance of any such Account to the Debt Service Fund as required by paragraph (b) above to remedy such Participant Default.

Fifth: From any other moneys on deposit in any other Account of the Debt Service Reserve.

(d) Any interest earned or sums realized as a result of the investment of any moneys in the Debt Service Reserve in any permitted Investment Obligations shall accrue to, and be a part of, the Debt Service Reserve; provided, however, that any interest earned or sums realized which causes the amount in the Debt Service Reserve to exceed the Debt Service Reserve Requirement on the day preceding any Interest Payment Date shall, subject to the requirements of Section 5.08 of the General Trust Indenture, be transferred to the Revenue Fund.

Section 5.07 – Supplemental Debt Service Reserve

(a) There shall be deposited in the Supplemental Debt Service Reserve (i) any proceeds of Bonds or other funds so provided to be deposited by any Series Trust Indenture; (ii) any amounts from the Revenue Fund or the Surplus Fund required to be deposited therein by the General Trust Indenture; (iii) any moneys received on account of or in connection with Investment Obligations credited to the Supplemental Debt Service Reserve as provided in Section 5.07 of the General Trust Indenture; and (iv) any other amounts directed to be so deposited in accordance with a letter of instructions from an Authorized Officer of the applicable Issuer addressed to the Trustee.

(b) In addition to the transfer of earnings thereon required by paragraph (c) below, the amounts on deposit in the Supplemental Debt Service Reserve shall also be transferred to the Debt Service Reserve at any time that the amount on deposit in the Debt Service Reserve shall be less than the Debt Service Reserve Requirement.

(c) Any interest earned or sums realized as a result of the investment of any moneys on deposit in the Supplemental Debt Service Reserve in Investment Obligations shall accrue to, and be a part of, the

Supplemental Debt Service Reserve and, to the extent not applied as provided in paragraph (b) above, shall be transferred in a timely manner to the following Funds and Accounts, in the following amounts, and in the following order of priority:

First: On any Interest Payment Date for Second Series Bonds, to the Second Series Interest Account of the Debt Service Fund, such an amount as, when added to the amount then on deposit therein, will equal the interest on all Outstanding Second Series Bonds accrued and unpaid as of such Interest Payment Date, but only to the extent required to pay interest then due on the Supplemental Reserve Bonds that are Second Series Bonds (if any such Second Series Bonds are Outstanding).

Second: On any Interest Payment Date for Third Series Bonds, to the Third Series Interest Account of the Debt Service Fund such an amount as, when added to the amount then on deposit therein, will equal the interest on all Outstanding Third Series Bonds accrued and unpaid as of such Interest Payment Date, but only to the extent required to pay interest then due on the Supplemental Reserve Bonds that are Third Series Bonds, and only if the amount remaining in the Supplemental Debt Service Reserve after any such transfer to the Third Series Interest Account would be no less than the Supplemental Debt Service Reserve Requirement.

Third: On each February 1, to the Surplus Fund, but only if the amount remaining in the Supplemental Debt Service Reserve after any such transfer to the Surplus Fund would be no less than the Supplemental Debt Service Reserve Requirement.

(d) On any date that there are no Bonds Outstanding under the General Trust Indenture other than Third Series Bonds, the amounts on deposit in the Supplemental Debt Service Reserve shall be applied to the payment of the principal of and interest on the Third Series Bonds; provided, however, that if no Bonds are Outstanding, such amounts shall be released to the Corporation.

Section 5.08 – Rebate Fund

Any earnings on any Fund or Account created by the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture determined to be subject to the “rebate” requirements in favor of the United States of America imposed by Section 148 of the Code shall be paid to the United States of America in accordance with the requirements of the Code, and the Trustee shall establish a separate trust Fund under the General Trust Indenture for the benefit of the United States of America designated as the “Rebate Fund,” which Rebate Fund shall be utilized for the collection and payment of earnings from “non-purpose investments” in excess of the amount that such investments would have earned at a rate that is equal to the “yield” on the applicable Bonds, plus any income attributable to such excess.

To the extent any investment earnings are generated from any Fund or Account subject to the “rebate” requirements imposed by the Code, the Corporation (or any other Issuer or Program Administrator, as provided in a Supplemental Issuer Indenture) shall calculate the excess income generated over the permitted “yield” and shall advise and direct the Trustee to remit any such excess to the United States of America on or before the date that is five years and thirty days from the date any Series of Bonds is delivered, and once every five years thereafter until the final maturity of the respective Series of Bonds; provided that the last installment of rebate, to the extent required, shall be made no later than sixty days following the date upon which moneys sufficient for the complete retirement of the last remaining Series of Outstanding Bonds are deposited with the Paying Agent or any escrow agent, if and to the extent required by the Code.

Section 5.09 – Surplus Fund

(a) There shall be deposited to the credit of the Surplus Fund any amounts transferred from the Revenue Fund and required to be deposited therein by the General Trust Indenture.

(b) The Trustee shall apply the moneys on deposit in the Surplus Fund for the following purposes and in the following order of priority:

First: On any Interest Payment Date for First Series Bonds, to the First Series Interest Account of the Debt Service Fund, but only to the extent that the amounts required to be transferred to the First Series Interest Account from the Revenue Fund are not expected to be sufficient to pay interest on all Outstanding First Series Bonds accrued and unpaid as of such Interest Payment Date.

Second: On any Principal Installment Date for First Series Bonds, to the First Series Principal Account of the Debt Service Fund, but only to the extent that the amounts required to be transferred to the First Series Principal Account from the Revenue Fund are not expected to be sufficient to pay the Principal Installments of all Outstanding First Series Bonds due and payable on, and unpaid as of, such Principal Installment Date.

Third: On any Interest Payment Date for Second Series Bonds, to the Second Series Interest Account of the Debt Service Fund, but only to the extent that the amounts required to be transferred to the Second Series Interest Account and the Supplemental Debt Service Reserve from the Revenue Fund (and, with respect to any Supplemental Reserve Bonds, from the Supplemental Debt Service Reserve) are not expected to be sufficient to pay interest on all Outstanding Second Series Bonds accrued and unpaid as of such Interest Payment Date.

Fourth: On any Principal Installment Date for Second Series Bonds, to the Second Series Principal Account of the Debt Service Fund, but only to the extent that the amounts required to be transferred to the Second Series Principal Account from the Revenue Fund or the Debt Service Reserve are not expected to be sufficient to pay the Principal Installments of all Outstanding Second Series Bonds due and payable on, and unpaid as of, such Principal Installment Date.

Fifth: To the Debt Service Reserve, any amounts which may be necessary so that the amount on deposit therein will equal the Debt Service Reserve Requirement, but only to the extent that amounts are not available for such purpose in the Revenue Fund or the Supplemental Debt Service Reserve.

Sixth: To the Supplemental Debt Service Reserve, any amounts which may be necessary so that the amount on deposit therein will equal the Supplemental Debt Service Requirement, but only to the extent that amounts are not available for such purpose in the Revenue Fund.

Seventh: To the Corporation, or to any other Issuer, as provided in any Supplemental Issuer Indenture, on any February 1, any amounts directed to be so paid under and in accordance with a letter of instructions from an Authorized Officer of the Corporation or of the applicable Issuer, as the case may be, addressed to the Trustee; provided that no such instructions shall be accepted by the Trustee if, as a result of following such instructions, the current rating on the First Series Bonds or the Second Series Bonds from S&P, if S&P is then rating such Bonds, or from Moody's, if Moody's is then rating such Bonds, would be lowered or withdrawn.

In addition, any amounts on deposit in the Surplus Fund may be transferred to (i) the Second Series Interest Account and the Second Series Principal Account in order to redeem any Second Series Bonds; and (ii) the Third Series Interest Account and the Third Series Principal Account in order to redeem any Third Series Bonds; provided, however, that no such transfer shall be made if, as a result of such transfer, the current rating on the First Series Bonds or the Second Series Bonds from S&P, if S&P is then rating such Bonds, or from Moody's, if Moody's is then rating such Bonds, would be lowered or withdrawn.

Section 5.10 – Notes and Other Obligations

(a) An Issuer may, at any time, and from time to time, issue notes, bonds, and other obligations having such terms and provisions and being secured by a pledge of such funds as the resolution authorizing

the same shall provide; provided, however (except as otherwise provided in paragraph (b) below), that (i) any pledge of any Fund and Account created under the General Trust Indenture to the holders of any such notes, bonds, or other obligations shall be, and shall be expressed to be, subordinate, in all respects, to the pledge created under the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture for the benefit of the Holders of Bonds issued under the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture; and (ii) the consent to such pledge shall have been obtained from each Issuer having Bonds then Outstanding.

(b) Whenever an Issuer shall have authorized or made provision for the issuance of a Series of Bonds, such Issuer may, by resolution, authorize the issuance of notes in anticipation of the issuance of such Bonds, in a principal amount not to exceed the principal amount of such Series of Bonds. The principal of and interest on such notes and any renewals thereof shall be payable from any moneys of the applicable Issuer available therefor and not pledged under the General Trust Indenture or any Series Trust Indenture, including, but not limited to, any Investment Obligations purchased with the proceeds of such notes. The principal of such notes shall also be payable from the proceeds of the sale of the Series of Bonds in anticipation of which such notes are issued. The proceeds from the sale of such Series of Bonds may be pledged for the payment of the principal of such notes, and any such pledge shall have priority over any other pledge created by the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture. The proceeds of such notes shall be applied to the purposes for which such notes are authorized and, if the resolution authorizing such notes so provides, to the payment of interest on such notes and any other costs incurred in connection with the sale and issuance of such notes.

Section 5.11 – Investment of Funds

Except as otherwise provided for in the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture:

(a) Moneys in any Fund and Account pledged under the General Trust Indenture shall be invested in Investment Obligations permitted for the related Issuer, which Investment Obligations shall be held by the Trustee in accordance with the provisions of the General Trust Indenture and any applicable Supplemental Issuer Indenture, and shall be deemed, at all times, to be a part of the related Fund or Account, and the income or interest earned, gains realized, or losses suffered by any Fund or Account due to the investment thereof shall thus be retained in, credited to, or charged to such Fund or Account, unless required to be transferred to any other Fund or Account in accordance with the terms of the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture.

(b) In computing the amount on deposit in any Funds, including the Accounts thereof, any Investment Obligations purchased as an investment of the moneys on deposit in such Fund shall be valued at cost. Valuation, as of any date of computation, shall include all accrued, but unpaid, interest and any unrealized gain or loss to such date.

(c) The Trustee shall either sell, at the best price obtainable, or present for redemption or exchange, any Investment Obligation purchased by it as an investment in accordance with the General Trust Indenture or any Series Trust Indenture, whenever such sale, redemption, or exchange shall be necessary to provide moneys to meet any required payment or transfer from the Fund or Account from which such investment was made. The Trustee shall advise the Corporation and each Issuer in writing, on or before the last business day of each calendar month, of the details of all applicable Investment Obligations held for the credit of each related Fund or Account in its custody in accordance with the terms of the General Trust Indenture or a Series Trust Indenture, as of the end of the preceding month.

(d) The Trustee shall keep the Corporation and each Issuer fully advised as to the details of all investments made in accordance with Section 5.11 of the General Trust Indenture and shall also comply with any written directions from the Corporation or any other Issuer concerning investments in applicable Investment Obligations. Except as otherwise provided in the General Trust Indenture,

any Supplemental Issuer Indenture, or any Series Trust Indenture, earnings and losses on Investment Obligations shall be credited to the Fund or Account with respect to which such investments were made (or pro-rated thereto) and shall become a part thereof for all purposes.

(e) The Trustee shall invest moneys held by it in any Fund or Account at the written direction of an Authorized Officer of the related Issuer in Investment Obligations permissible for such Issuer. The Corporation and each Additional Issuer acknowledge that to the extent the regulations of the Comptroller of the Currency or of any other applicable regulatory agency grant the Corporation and each Additional Issuer the right to receive brokerage confirmations of security transactions, the Corporation and each Additional Issuer waive receipt of any such confirmations. The Trustee shall be entitled to rely on all written investment instructions provided by an Authorized Officer of any Issuer under the General Trust Indenture or any Series Trust Indenture and shall have no duty to monitor the compliance thereof with any of the restrictions set forth in the General Trust Indenture, to the extent the Trustee complies with such instructions. The Trustee shall have no responsibility or liability for any depreciation in the value of any investment or for any loss, direct or indirect, resulting from any investment made in accordance with the written instructions of the Corporation and any Additional Issuer. The Trustee may make any and all such investments through its own investment department or that of its affiliates or subsidiaries, and may charge its ordinary and customary fees for such trades, including investment maintenance fees. In the absence of investment instructions from any Additional Issuer, the Trustee shall not be responsible or liable for keeping the related moneys held by it under the General Trust Indenture fully invested in permitted investments.

(f) It shall not be necessary for any Paying Agent to give security for the deposit of any moneys with it held in trust for the payment of principal of or Redemption Price, if any, or interest on any Bonds.

(b) The Corporation shall cause to be prepared an annual report for each Fiscal Year, which shall be filed with the Trustee no later than 120 days after the end of such Fiscal Year, setting forth, in reasonable detail, specific statements concerning:

(iii) Program assets and liabilities at the end of such Fiscal Year, including all Funds and Accounts established by the General Trust Indenture, any Supplemental Issuer Indenture, or any Series

Trust Indenture, and a schedule of all Bonds Outstanding under the General Trust Indenture as of the end of such Fiscal Year, plus all notes and other obligations issued in accordance with Section 5.10 of the General Trust Indenture and Outstanding as of the end of such Fiscal Year.

Notwithstanding the foregoing, the Corporation shall not be considered in violation of Section 7.07 of the General Trust Indenture if any of the information necessary to complete such annual report is not provided by the related Additional Issuer or the applicable Program Administrator for such Additional Issuer.

(c) A copy of each annual report shall be promptly mailed by the Corporation to each Additional Issuer and each Bondholder who has filed their name and address with the Corporation for such purpose.

(b) Each Program Administrator may resign and be discharged of all of the duties and obligations of Program Administrator by delivering a written notice of resignation, specifying the particular date when such resignation will take effect, to the Corporation, each affected Issuer, and the Trustee not less than ninety days before the resignation date specified in such notice. Any resignation will take effect on the date specified in the related notice of resignation, unless a successor Program Administrator has been appointed, in which case such resignation will take effect immediately upon the appointment of such successor Program Administrator; provided, however, that no resignation will take effect until a successor Program Administrator has accepted its duties and obligations as provided in Section 7.08(d) of the General Trust Indenture.

(c) A Program Administrator may be removed, by written notice given by the Holders of at least a majority in principal amount of the applicable Bonds then Outstanding to such Program Administrator, the Corporation, the affected Issuers, and the Trustee, only upon the happening of one or more of the following events:

(i) such Program Administrator shall have failed to perform or observe, in any material respect, any duty or obligation of such Program Administrator set forth or referred to in the General Trust Indenture or the applicable Program Administration Agreement, or any covenant, condition, or agreement to be observed or performed by the Program Administrator under or by reason of the General Trust Indenture, the related Program Administration Agreement, or an applicable Financing Agreement, and such failure shall have continued unremedied for more than sixty days after notice thereof shall have been given to such Program Administrator by the Trustee;

(iii) any information furnished by such Program Administrator shall prove to have been incorrect or misleading, in any material respect, and such Program Administrator knew, or had reason to know or believe, that such information was incorrect or misleading in any material respect and did not disclose the same when such information was furnished;

(iv) such Program Administrator shall have performed or observed any duty or obligation of such Program Administrator relating to any Financing Payment or Optional Prepayment Price in a manner which causes there to be an insufficiency of funds available to pay, when due, any amounts payable under or with respect to the applicable Bonds or with respect to the expenses of the Program;

(v) such Program Administrator shall (A) suffer or permit to be entered a decree or order of a court or agency or supervisory authority having jurisdiction in the premises determining it to be insolvent or providing for the appointment of a conservator, receiver, liquidator, trustee, or any other similar person appointed in connection with any insolvency, readjustment of debt, marshalling of assets and liabilities, bankruptcy, reorganization, or other similar proceedings of, or relating to, such Program Administrator or all, or substantially all, of its property, or for the winding-up or liquidation of its affairs; or (B) suffer or permit to be instituted against it any proceedings under any law relating to bankruptcy, insolvency, or the reorganization or relief of debtors, and any such proceedings remain undismissed or pending and unstayed for a period of forty-five days;

(d) If a Program Administrator shall resign or shall be removed in accordance with the terms of the General Trust Indenture, the Corporation, after consultation with each affected Issuer and the applicable Participants to solicit names of a suitable successor, shall appoint another entity or unincorporated association to act as the successor Program Administrator; provided, however, that if the Corporation or the affected Issuers shall fail or refuse to appoint a successor Program Administrator within sixty days after the resignation or removal of such Program Administrator, the Trustee may appoint, or petition a court, at the Corporation's or the affected Issuers' expense, as applicable, for the appointment of, a successor Program Administrator. Any successor Program Administrator shall signify its acceptance of the duties and obligations of the Program Administrator under the General Trust Indenture and the applicable Program Administration Agreement by a written instrument of acceptance, in accordance with which such successor Program Administrator shall (i) agree to perform and observe the duties and obligations of Program Administrator under the General Trust Indenture (such instrument to be enforceable by the Trustee and to inure to the benefit of the Trustee and the Holders of the Bonds of the affected Issuers) and under the applicable Program Administration Agreement, (ii) acknowledge receipt of copies of the General Trust Indenture and the applicable Financing Agreements, and (iii) specify its address for notices in accordance with the General Trust Indenture and the applicable Financing Agreements.

(e) Subject to the particular terms of the related Program Administration Agreement, each Program Administrator shall perform (i) all duties and obligations of the Corporation or the applicable Issuer under each Financing Agreement, (ii) all duties and obligations of the Corporation or the applicable Issuer, unless otherwise provided in the applicable Supplemental Issuer Indenture or the applicable Program Administration Agreement, under the General Trust Indenture (and the Corporation and each Issuer hereby appoint each applicable Program Administrator as its respective agent and attorney-in-fact for all such purposes), and (iii) such other duties and obligations relating to the Program as are customarily performed or otherwise required in connection with any similar programs.

(f) Without limiting the provisions of paragraph (e) above, each Program Administrator will have the following specific duties and obligations (which may be undertaken with other Program Administrators,

(i) The Program Administrator will originate Financing Agreements as follows:

(A) The Program Administrator will collect, review and, if appropriate, submit applications for Financing Agreements for review. In addition to the foregoing, the Program Administrator will also hold Closings with respect to the Financing Agreements and, further, will approve disbursements from the Participant Disbursement Accounts if, and only if, the applicable conditions to such disbursements set forth in the Financing Agreements and the General Trust Indenture have been fulfilled.

(B) Each Participant shall submit the documents listed below to the Program Administrator in connection with the Closing of a Financing Agreement:

unless the Participant furnishes an Opinion of Bond Counsel as described in the Financing Agreement.

(8) additional certificates, opinions, documents, and other information, including, without limitation, a title insurance policy, in form and substance acceptable to the Program Administrator, as the Program Administrator may require.

(ii) The Program Administrator will service Financing Agreements as follows:

(D) The Program Administrator will receive, from each Participant, a copy of such Participant’s annual audit for each Fiscal Year, and upon request, will furnish copies of the same to the Trustee.

(E) Based on the requests for payment submitted by a Participant, the Program Administrator (1) will monitor the acquisition, construction, installation, and equipping of each Project in accordance with the related Financing Agreement, and (2) will determine, on a timely basis, whether the acquisition, construction, installation, and equipping of each Project is completed on or before the estimated completion date.

(F) On at least a yearly basis, the Program Administrator will monitor the compliance by each Participant with the requirements of its Financing Agreement concerning, if applicable, the maintenance of insurance required by such Financing Agreement; and if any Participant is not in compliance with such requirements, the Program Administrator will take all reasonable steps to cause such compliance.

(G) The Program Administrator will revise the schedules of payments under the Financing Agreements and will bill the Participants for, or notify the Participants of estimates of, additional payments under the Financing Agreements (1) at such times and in such manner as shall be required by the provisions of such Financing Agreements and the General Trust Indenture, and (2) at such other times, in such other manner, and with such effective dates as are necessary or advisable to result in the availability of sufficient Financing Payments to pay, when due, all amounts due or to become due under and with respect to the Bonds and all expenses of the Program.

(H) The Program Administrator will assist Participants in responding to inquiries from the Trustee and in submitting additional documents, statistics, or information to the Trustee.

(I) The Program Administrator will respond, in reasonable detail and in as timely a fashion as may be reasonably possible, to all requests for information from Participants regarding the Program. The Program Administrator will, at all reasonable times, make its

books, records, and papers relating to the Participants, the Financing Agreements, and the Program (including, without limitation, the files to which reference is made herein) available for inspection (and copying) by the Trustee or by any authorized auditors, accountants, and independent financial consultants at the Program Administrator's regular place of business. In addition, the Program Administrator will meet, upon reasonable request and at mutually agreeable times and locations, with any authorized representatives of the Participants, the Corporation, the Issuers, the Trustee, and any such auditors, accountants, and independent financial consultants.

(iii) After each Closing, the Program Administrator will send copies of all of the executed financing documents received by it to the Trustee. The Program Administrator will retain all of the documents it receives at each Closing and will also establish and maintain a file applicable to each Financing Agreement, in which it will retain all documents with respect to each Financing Agreement (including, without limitation, all amendments thereto and written evidence of all monitoring with respect thereto). Each such file will be kept at the Program Administrator's regular place of business and will be available for inspection (and copying) by the Corporation, the Issuers, the Trustee, any auditors, accountants, and independent financial consultants, and the Participant to which such file pertains.

(iv) As soon as possible and, in any event, within ten days following (A) the occurrence of any Event of Default under a Financing Agreement by reason of the failure of the Participant thereunder to pay, when due, any sum payable under such Financing Agreement; (B) the receipt by the Program Administrator of notice from a Participant of its intention to terminate or otherwise discontinue its payments under its Financing Agreement; or (C) the Program Administrator obtaining knowledge of or becoming aware of any Event of Default under any Financing Agreement by reason of an event or condition other than the failure of the Participant under such Financing Agreement to pay, when due, any sum payable thereunder, the Program Administrator will provide the Trustee with a statement setting forth the details thereof or with respect thereto and the recommendation of the Program Administrator as to action to be taken as a consequence thereof. In addition, the Program Administrator will give reports concerning the Program to the Trustee in such detail, about such matters, and at such times as may be reasonably requested by the Trustee.

(v) Promptly after receipt of notice from a Participant of its intention to exercise its right to terminate or discontinue payments under a Financing Agreement by paying the Optional Prepayment Price with respect thereto, the Program Administrator will calculate such Optional Prepayment Price and advise the Participant and the Trustee of the amount and components thereof.

(vi) Upon (A) the payment of all amounts due and to become due under a Financing Agreement by the Participant under such Financing Agreement, or (B) the prepayment of a Financing Agreement by payment in full of the Optional Prepayment Price for such Financing Agreement by the related Participant, the Program Administrator will (1) cancel and release such Financing Agreement, (2) convey the Project under such Financing Agreement to the Participant thereunder, if applicable, and (3) take any other actions required by the terms of such Financing Agreement. Upon receipt by the Program Administrator of a Certificate of the Trustee certifying that the Trust Estate has ceased, terminated, and become void in accordance with Section 12.01 of the General Trust Indenture, the Program Administrator may, in its discretion, forgive the remaining Financing Payments not yet due under all of the Financing Agreements and take the actions described in this paragraph in order to release all of the Financing Agreements.

(vii) The Program Administrator will not take any action or omit to take any action or permit any action within its control to be taken or omitted which would impair the exclusion from gross income for federal income tax purposes of interest on the Bonds.

Section 7.09 – Trustee’s Obligations Under the Program

In addition to the duties and obligations of the Trustee stated elsewhere in the General Trust Indenture (and without limiting any of such duties and obligations), the Trustee will also have the following specific duties and obligations:

(a) The Trustee will receive all of the Financing Payments and will apply the same in accordance with the provisions of the General Trust Indenture. Not later than the 10th day after the end of each calendar month, the Trustee will immediately furnish each Program Administrator with a statement setting forth each related Financing Payment which was payable during such month but which was not received by the Trustee (from the Program Administrator or the Participant obligated with respect thereto).

(b) The Trustee will, at all reasonable times, make its books, records, and papers relating to the Program available for inspection (and copying) by the Program Administrator or any auditors, accountants, and financial consultants (as appointed only by the Issuers) at the Trustee’s regular place of business. The Trustee will also meet, upon reasonable request and at mutually agreeable times and places, with representatives of the Program Administrator or any such auditors, accountants, and financial consultants.

Section 7.14 – General Covenant to Enforce Financing Agreements

Each Issuer generally covenants and agrees to take all actions and perform or cause to be performed all of its rights under the applicable Financing Agreements, all of which shall be instituted and done in a timely and due fashion.

Section 7.16 – Issuance of Additional Obligations

No Issuer shall create, permit the creation of, or issue any obligation or otherwise create any additional indebtedness which will be secured by a superior or equal charge and lien on the revenues and assets pledged under the General Trust Indenture, except that additional Series of Bonds may be issued from time to time, in accordance with the Series Trust Indenture executed in connection with such Series, on a parity with the Bonds then Outstanding and secured by an equal charge and lien on the revenues and assets pledged under the General Trust Indenture and payable equally therefrom.

Article VIII – Supplemental Trust Indentures

Section 8.01 – Supplemental Trust Indentures Effective Without Consent of Bondholders

Notwithstanding any other provision of Article VIII or Article IX of the General Trust Indenture, each Issuer may execute and deliver, at any time and from time to time, (a) Series Trust Indentures for the purposes set forth in Section 2.04 of the General Trust Indenture, (b) with the prior written approval of the Corporation, a Supplemental Issuer Indenture for the purposes set forth in Section 1.04 of the General Trust Indenture, and (c) with the prior written approval of the Corporation, Supplemental Trust Indentures for any one or more of the following purposes:

(i) To add additional covenants and agreements of such Issuer for the purpose of further securing the payment of its Bonds, provided that any such additional covenants and agreements are not contrary to or inconsistent with any of the covenants and agreements of the Issuers contained in the General Trust Indenture;

(ii) To prescribe further limitations and restrictions upon the issuance of Bonds or the incurring of indebtedness by such Issuer which are not contrary to or inconsistent with the limitations and restrictions thereon theretofore in effect;

(iii) To surrender any right, power, or privilege reserved to or conferred upon such Issuer by the terms of the General Trust Indenture, provided that the surrender of any such right, power, or privilege is not contrary to or inconsistent with any of the covenants and agreements of the Issuers contained in the General Trust Indenture;

(iv) To confirm, as further assurance, any pledge under, and the subjection to any lien, claim, or pledge created or to be created by, the General Trust Indenture;

(v) To modify any provisions of the General Trust Indenture, the related Supplemental Issuer Indenture (if any), or any Series Trust Indenture executed by such Issuer in any other respects, provided that such modifications shall not be effective until all Bonds of any Series affected by such modification and Outstanding as of the date of the execution and delivery of such Supplemental Trust Indenture shall cease to be Outstanding, and that all Bonds thereafter issued under the modified General Trust Indenture, Supplemental Issuer Indenture, or Series Trust Indenture, as applicable, shall contain a specific reference to the modifications contained in such subsequent General Trust Indenture, Supplemental Issuer Indenture, or Series Trust Indenture, as the case may be;

(vi) With the consent of the Trustee, to cure an ambiguity, defect, or inconsistent provision in the General Trust Indenture, the related Supplemental Issuer Indenture (if any), or any Series Trust Indenture executed by such Issuer, or to insert provisions to clarify any matters or questions arising under the General Trust Indenture, such Supplemental Issuer Indenture (if any), or any such Series Trust Indenture as are necessary or desirable, provided any such modifications are not contrary to or inconsistent with the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture as theretofore in effect;

(vii) To complete or modify the forms of the Financing Agreements of such Issuer (A) set forth in Annex A hereto, with respect to the Corporation, or (B) set forth in Annex A to the related Supplemental Issuer Indenture, with respect to any Additional Issuer, and in either case, provided that, in the opinion of Bond Counsel, the completion or modification of such Financing Agreements is required in order to comply with federal law, including the Code, or applicable State Law;

(viii) To effect any amendment or modification that does not adversely affect the then-existing rating on any of the Bonds; or

(ix) For any other purpose, provided that any such amendment or modification does not materially and adversely affect the rights of Bondholders affected thereby.

A Supplemental Trust Indenture executed for the purposes described in Section 8.01 of the General Trust Indenture shall be effective, subject to any required approval by the Corporation, upon the execution thereof by the applicable Issuer and the Trustee and delivery thereof to the Trustee. At any time thereafter, notice stating that a Supplemental Trust Indenture (which may be referred to as a Supplemental Trust Indenture executed by the related Issuer on a stated date, a copy of which is on file with the Trustee) has been delivered to the Trustee and is effective in accordance with Section 8.01 of the General Trust Indenture, shall be given to each Bondholder by the applicable Issuer by mailing such notice to the Bondholders.

Section 8.02 – Supplemental Trust Indentures Effective With Consent of Bondholders

In addition to the modifications and amendments permitted under Section 8.01 of the General Trust Indenture, each Issuer may also modify or amend, in any manner, at any time and from time to time, any of the provisions of the General Trust Indenture, the related Supplemental Issuer Indenture (if any), or any Series Trust Indenture executed by such Issuer, by the execution and delivery of a Supplemental Trust Indenture, subject to the prior written approval of the Corporation and the consent of the Bondholders, all in accordance with and subject to the provisions of Article IX of the General Trust Indenture.

Section 8.03 – General Provisions Relating to Supplemental Trust Indentures

The General Trust Indenture, the Supplemental Issuer Indentures, and the Series Trust Indentures shall not be modified or amended, in any respect, except in accordance with and subject to the provisions of Article VIII and Article IX of the General Trust Indenture. Nothing contained in Article VIII or Article IX of the General Trust Indenture shall affect or otherwise limit the rights or obligations of any Issuer to adopt, make, do, execute, or deliver any resolution, act, or other instrument in accordance with the provisions of Section 7.04 of the General Trust Indenture, or the right or obligation of any Issuer to execute and deliver to the Trustee or any Paying Agent any instrument elsewhere in the General Trust Indenture, the related Supplemental Issuer Indenture (if any), or any related Series Trust Indenture provided or permitted to be delivered to the Trustee or any Paying Agent; including the execution and delivery of Series Trust Indentures to provide for the issuance of a Series of Bonds as described in Article II of the General Trust Indenture.

A copy of every Supplemental Trust Indenture executed by any Issuer, when filed with the Trustee, shall be accompanied by an Opinion of Bond Counsel stating that such Supplemental Trust Indenture (a) has been lawfully executed in accordance with the provisions of the General Trust Indenture, (b) is authorized and permitted by the General Trust Indenture and any applicable Series Trust Indenture, and (c) is valid and binding upon the applicable Issuer and enforceable in accordance with its terms.

The Trustee is authorized to accept delivery of a certified copy of any Supplemental Trust Indenture permitted and authorized in accordance with the provisions of the General Trust Indenture and to make all further agreements and stipulations which may be contained therein, and, in taking any such action, the Trustee shall be fully protected in relying on the related Opinion of Bond Counsel stating that such Supplemental Trust Indenture is authorized and permitted by the provisions of the General Trust Indenture.

No Supplemental Trust Indenture changing, amending, or modifying any of the rights or obligations of any Fiduciary under the General Trust Indenture or any other Supplemental Trust Indenture may be adopted without the written consent of each Fiduciary affected thereby.

Article IX – Amendments of General Trust Indenture, Supplemental Issuer Indentures, and Series Trust Indentures

Section 9.01 – Powers of Amendment

Any amendment or other modification of (a) the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture, or (b) the rights and obligations of any Issuer or the Bondholders, in any manner, in accordance with Section 8.02 of the General Trust Indenture, may be made by the execution and delivery of a Supplemental Trust Indenture, subject to the prior written approval of the Corporation and the written consent, given as provided in Section 9.02 of the General Trust Indenture, of (i) the Holders of at least a majority in principal amount of the Bonds Outstanding at the time such consent is given; or (ii) in case less than all of the Series of Bonds then Outstanding will be affected by such modification or amendment, the Holders of at least a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given; provided, however, that if any such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified Series and maturity are Outstanding, the written consent of the Holders of such Bonds shall not be required and the Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under Section 9.01 of the General Trust Indenture; and provided, further, that no such modification or amendment (A) shall permit (1) a change in the terms of the redemption or maturity of the principal of any Outstanding Bond or any installment of interest thereon, or (2) a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon, in either case, without the consent of the Holder of such Bond; (B) shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect such modification or amendment; or (C) shall grant (1) a privilege or priority of any First Series Bond or Bonds over any other First Series Bond or Bonds, (2) a privilege or priority of any Second Series Bond or Bonds over any other Second Series Bond or Bonds or over any First Series Bond or Bonds, or (3) a privilege or priority of any Third Series Bond or

Bonds over any other Third Series Bond or Bonds or over any First Series Bond or Bonds or any Second Series Bond or Bonds. For purposes of Section 9.01 of the General Trust Indenture, a Series of Bonds shall be deemed to be affected by any modification or amendment of the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture if the same adversely affects or diminishes the rights of the Holders of the Bonds of such Series. The Trustee may, in its discretion, determine whether or not, in accordance with the foregoing provisions, the Bonds of a particular Series or maturity would be adversely affected by any modification or amendment of the General Trust Indenture, and any such determination shall be binding and conclusive on all Issuers and all Bondholders. The Trustee may receive an opinion of counsel, including an Opinion of Bond Counsel, as conclusive evidence as to whether the Bonds of any particular Series or maturity would be so affected by such modification or amendment of the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture.

Section 9.02 – Consent of Bondholders

An Issuer may, at any time, execute and deliver a Supplemental Trust Indenture making a modification or amendment permitted by the provisions of Section 8.02 of the General Trust Indenture, which shall take effect when and as provided in Section 9.02 thereof. A copy of such Supplemental Trust Indenture (or a brief summary thereof or reference thereto in form approved by the Trustee), together with a request to the applicable Bondholders for their consent thereto, in form satisfactory to the Trustee, shall, promptly after execution, be mailed by the applicable Issuer to the applicable Bondholders; provided, however, that any failure to mail such copy and request shall not affect the validity of such Supplemental Trust Indenture when consented to as provided in Section 9.02 of the General Trust Indenture). Any such Supplemental Trust Indenture shall not be effective unless and until (a) there shall have been filed with the Trustee (i) the written consents of the Holders of the requisite percentages of the applicable Outstanding Bonds specified in Section 9.01 of the General Trust Indenture; and (ii) an Opinion of Bond Counsel stating that such Supplemental Trust Indenture has been duly and lawfully executed and filed by the applicable Issuer in accordance with the provisions of the General Trust Indenture, is authorized and permitted by the General Trust Indenture, and is valid and binding upon each Issuer and enforceable in accordance with its terms, and (b) a related notice shall have been mailed in accordance with Section 9.02 of the General Trust Indenture. Each such consent shall be effective only if accompanied by proof of the holding, at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 12.02 of the General Trust Indenture. A Certificate of the Trustee that it has examined such proof and that such proof is sufficient in accordance with Section 12.02 of the General Trust Indenture shall be conclusive that such consents have been given by the Holders of the Bonds described in such Certificate of the Trustee. Any such consent shall be binding upon the Holder of the Bonds giving such consent and, notwithstanding anything in Section 12.02 of the General Trust Indenture to the contrary, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Trustee, before the time the written statement of the Trustee provided in Section 9.02 of the General Trust Indenture is filed, such revocation and, if such Bonds are transferable by delivery, proof that such Bonds are held by the signer of such revocation in the manner permitted by Section 12.02 thereof. The fact that a consent has not been revoked may likewise be proved by a Certificate of the Trustee to the effect that no revocation thereof is on file with the Trustee. At any time after the Holders of the required percentages of Bonds shall have filed their consent to the Supplemental Trust Indenture, the Trustee shall make and file with each Issuer a written statement that the Holders of such required percentages of Bonds have filed such consents, and such written statement shall be conclusive evidence that such consents have been so filed. At any time thereafter, notice, stating in substance that the Supplemental Trust Indenture (which may be referred to as a Supplemental Trust Indenture executed on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds and will be effective as provided in Section 9.02 of the General Trust Indenture, shall be given to all Bondholders by the applicable Issuer, by mailing such notice to the Bondholders not more than ninety days after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Trust Indenture with the Trustee and the written statement of the

Trustee provided for in the General Trust Indenture shall have been filed with each Issuer. The applicable Issuer shall also file proof of the mailing of any such notice with the Trustee. A transcript consisting of the papers required or permitted by Section 9.02 of the General Trust Indenture to be filed with the Trustee shall constitute proof of the matters stated therein. Any Supplemental Trust Indenture making any such amendment or modification and approved and consented to as provided in the General Trust Indenture shall be deemed conclusively binding on the Issuers, the Fiduciaries, and the Bondholders at the expiration of thirty days after the making or the filing with the Trustee of the proof of the mailing of such notice.

Article X – Default and Remedies

Section 10.01 – Trustee to Exercise Powers of Statutory Trustee

The Trustee is vested with all rights, powers, and duties of a trustee permitted to be secured under and in accordance with the Act, and any right of the Bondholders to secure the appointment of a trustee is abrogated.

Section 10.02 – Events of Default

In addition to any events declared in any Series Trust Indenture to be an “Event of Default” on the Bonds, each of the following events is an “Event of Default” under the General Trust Indenture:

(a) An Issuer shall default in the payment of a Principal Installment or any Redemption Price, if any, of any Bond as and when the same shall become due, whether at maturity, upon any call for redemption, or otherwise, provided, however, that any failure to pay any Principal Installment or Redemption Price, if any, of (i) any Second Series Bonds or Third Series Bonds shall not constitute an Event of Default with respect to the First Series Bonds; and (ii) any Third Series Bonds shall not constitute an Event of Default with respect to the First Series Bonds or the Second Series Bonds;

(b) Payment of any installment of interest on any Bond shall not be made as and when the same shall become due, provided, however, that any failure to pay any interest on (i) any Second Series Bonds or Third Series Bonds shall not constitute an Event of Default with respect to the First Series Bonds; and (ii) any Third Series Bonds shall not constitute an Event of Default with respect to the First Series Bonds or Second Series Bonds; or

(c) An Issuer shall default in the performance or the observance of any other covenants, agreements, or conditions on its part contained in the General Trust Indenture, any Series Trust Indenture, or any Bonds, and such failure, refusal, or default shall continue for a period of forty-five days after written notice thereof by the Trustee or the Holders of not less than 5% in principal amount of the Bonds then Outstanding.

Section 10.03 – Remedies

(a) Unless otherwise provided in a particular Series Trust Indenture, upon the happening and continuance of any Event of Default specified in paragraph (a) or (b) of Section 10.02 of the General Trust Indenture, the Trustee shall proceed, or upon the happening and continuance of any Event of Default specified in paragraph (c) of Section 10.02 of the General Trust Indenture, the Trustee may proceed, or upon the written request of the Holders of not less than 25% in principal amount of the Outstanding Second Series Bonds plus the Holders of all Outstanding First Series Bonds, the Trustee shall proceed, in its own name, subject to the terms of Section 10.03 of the General Trust Indenture and further subject to its right to be indemnified to its satisfaction, to protect and enforce its rights and the rights of the Bondholders by such of the following remedies as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights:

(i) by mandamus or any other suit, action, or proceeding at law or in equity, to enforce all rights of the Bondholders, including the right to require the defaulting Issuer (A) to enforce Financing Agreements adequate to carry out the covenants and agreements as to, and the pledge of, the Pledged

Receipts, (B) to carry out all other covenants and agreements with the Bondholders with respect to the Bonds then in default, and (C) to perform its duties under the Act;

(ii) by bringing suit upon the Bonds;

(iii) by action or suit in equity, require the Issuers to account as if it were the trustee of an express trust for the Holders of the Bonds;

(iv) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of the Bonds;

(v) by declaring all Bonds to be due and payable, and if all defaults shall be made good, then, with the written consent of the Holders of not less than 25% in principal amount of the Outstanding Bonds, by annulling such declaration and its consequences; or

(vi) if all Bonds are declared due and payable, by selling Investment Obligations and all other assets of the Issuers held under the General Trust Indenture and any Series Trust Indenture (to the extent not theretofore set aside for the redemption of any Bonds for which call for redemption has been made), and by enforcing, in the name of the Issuers, all Financing Agreements to the fullest legal extent, for the use and benefit of the Holders of the Bonds.

(b) In the enforcement of any rights and remedies under the General Trust Indenture or any Series Trust Indenture, the Trustee shall be entitled to sue for, enforce payment on, and receive all amounts then, or during a default becoming, and at any time remaining, due and unpaid from an Issuer for principal, Redemption Price, interest, or otherwise, under any provision of the General Trust Indenture, any Series Trust Indenture executed by such Issuer, or any Bonds of such Issuer, with interest on overdue payments at the rate of interest specified in such Bonds, together with all costs and expenses of collection and of all proceedings under the General Trust Indenture and such Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondholders, and to recover and enforce a judgment or decree against any Issuer for any portion of any such amounts remaining unpaid, with interest, costs, and expenses, and to collect, from any moneys available for such purpose, in any manner provided by law, the moneys adjudged or decreed to be payable.

Section 10.04 – Priority of Payments After Default

If, upon the happening and continuance of any Event of Default, the moneys held by the Fiduciaries shall be insufficient for the payment of any Principal Installment, Redemption Price, and interest then due on the Bonds, such moneys (other than moneys held for the payment or redemption of particular Bonds which have theretofore become due, either at maturity or by call for redemption), plus any other moneys received or collected by the Trustee acting in accordance with the Act and Article X of the General Trust Indenture, after making provision for the payment of any extraordinary Fiduciary Fees and any expenses necessary, in the opinion of the Trustee, to protect the interests of the Holders of the Bonds, and for the payment of the charges, expenses, and liabilities incurred and advances made by the Fiduciaries in the performances of their respective duties under the General Trust Indenture or any Series Trust Indenture, shall be applied as follows:

(a) Unless the principal of all Bonds shall have become or been declared due and payable:

First: To the payment, to the persons entitled thereto, of all installments of interest then due on the First Series Bonds, in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay all of such installments in full, then to the payment thereof ratably, according to the amounts due on such installments, to the persons entitled thereto, without any discrimination or preference; and

Second: To the payment, to the persons entitled thereto, of the unpaid Principal Installment or Redemption Price of any First Series Bonds which shall have become due, whether at maturity or by call for redemption, in order of their due dates and, if the amounts

available shall not be sufficient to pay all First Series Bonds due on any date in full, then to the payment thereof ratably, according to the amounts of the Principal Installment or Redemption Price, if any, due on such date, to the persons entitled thereto, without any discrimination or preference; and

Third: To the payment, to the persons entitled thereto, of all installments of interest then due on the Second Series Bonds, in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay all of such installments in full, then to the payment thereof ratably, according to the amounts due on such installments, to the persons entitled thereto, without any discrimination or preference; and

Fourth: To the payment, to the persons entitled thereto, of the unpaid Principal Installment or Redemption Price of any Second Series Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay all of the Second Series Bonds due on any date in full, then to the payment thereof ratably, according to the amounts of the Principal Installment or the Redemption Price, if any, due on such date, to the persons entitled thereto, without any discrimination or preference.

(b) If the principal of all of the Bonds shall have become or shall have been declared due and payable, (i) first, to the payment of the principal and interest then due and unpaid on the First Series Bonds, without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, or of any First Series Bond over any other First Series Bond, ratably, according to the respective amounts due for principal and interest, to the persons entitled thereto, without any discrimination or preference, except as to any difference in the respective rates of interest specified in the First Series Bonds; and (ii) then, to the payment of the principal and interest then due and unpaid on the Second Series Bonds, without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, or of any Second Series Bond over any other Second Series Bond, ratably, according to the respective amounts due for principal and interest, to the persons entitled thereto, without any discrimination or preference, except as to any difference in the respective rates of interest specified in the Second Series Bonds.

Whenever moneys are to be applied by the Trustee in accordance with the provisions of Section 10.04 of the General Trust Indenture, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee, in its sole discretion, shall determine, having due regard to the amount of such moneys available for such application and the likelihood of additional moneys becoming available for such application in the future. The deposit of any such moneys with the Fiduciaries, or otherwise setting aside such moneys in trust for the proper purpose, shall constitute proper application by the Trustee, and the Trustee shall incur no liability whatsoever to any Issuer, Bondholder, or other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard for the circumstances, and ultimately applies the same in accordance with such provisions of the General Trust Indenture as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an Interest Payment Date, unless the Trustee shall deem another date more suitable) upon which such application is to be made, and upon such date, interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate for the fixing of any such date. The Trustee shall not be required to make payment to the Holder of any unpaid Bond unless such Bond shall be presented to the Trustee for appropriate endorsement or, if fully paid, for cancellation.

Section 10.06 – Bondholders’ Direction of Proceedings

Unless otherwise provided in a Series Trust Indenture, notwithstanding anything in the General Trust Indenture or any Series Trust Indenture to the contrary, and subject to the Trustee’s right to be indemnified to

its satisfaction, the Holders of at least a majority in principal amount of the Bonds then Outstanding shall have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee under the General Trust Indenture; provided that any such direction shall not be otherwise than in accordance with law or the provisions of the General Trust Indenture or any Series Trust Indenture, and provided, further, that the Trustee shall have the right to decline to follow any such direction which, in the opinion of the Trustee, would be unjustly prejudicial to any Bondholders which are not parties to such direction.

Section 10.07 – Limitation on Rights of Bondholders

No Bondholder shall have any right to institute any suit, action, mandamus, or other proceeding, at law or in equity, under the General Trust Indenture or for the protection or enforcement of any right under the General Trust Indenture, any Series Trust Indenture, or the law, unless (a) such Bondholder shall have given the Trustee written notice of the Event of Default or breach of duty on account of which such suit, action, or proceeding will be taken, (b) the Holders of no less than 25% in principal amount of Bonds then Outstanding (i) shall have made written request of the Trustee after the right to exercise such powers or such right of action, as the case may be, shall have occurred, and (ii) shall have afforded the Trustee a reasonable opportunity either (A) to proceed to exercise the powers granted in the General Trust Indenture or by law, or (B) to institute such action, suit, or proceeding in its name, and (c) there shall have been offered to the Trustee reasonable security and indemnity against the cost, expenses, and liabilities to be incurred thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request, and offer of indemnity are all hereby declared, in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under the General Trust Indenture or any Series Trust Indenture or for any other remedy under the General Trust Indenture or applicable law. It is understood and intended (1) that no one or more Bondholders shall have any right, in any way, by their action, to affect, disturb, or prejudice the security of the General Trust Indenture or any Series Trust Indenture, or to enforce any right under the General Trust Indenture or applicable law with respect to the Bonds, the General Trust Indenture, or a Series Trust Indenture, except in the manner provided in the General Trust Indenture, and (2) that all proceedings at law or in equity shall be instituted, had, and maintained in the manner provided in the General Trust Indenture and for the benefit of all Bondholders. Nothing contained in Article X of the General Trust Indenture shall affect or impair the right of any Bondholder to enforce the payment of the principal of and interest on the Bonds held by it, or the obligation of each Issuer to pay the principal of and interest on each Bond issued by it under the General Trust Indenture to the Holder thereof, at the respective times and places stated in such Bonds.

Notwithstanding anything to the contrary contained in Section 10.07 of the General Trust Indenture or in any other provision of the General Trust Indenture or any Series Trust Indenture, each Bondholder, by their acceptance of the Bonds, shall be deemed to have agreed that any court, in its discretion, may require, in any suit for the enforcement of any right or remedy under the General Trust Indenture or any Series Trust Indenture or any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in any such suit of an undertaking to pay the reasonable cost of such suit, and, further, that such court may, in its discretion, assess reasonable costs, including any reasonable attorneys' fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; provided, however, that the provisions set forth in this paragraph shall not apply to any suit instituted by the Trustee, any suit instituted by any Holder, or group of Holders, of at least 25% in principal amount of the Bonds then Outstanding, or any suit instituted by a Bondholder for enforcement of the payment of the principal or Redemption Price, if any, of or interest on any Bond on or after the respective due date of such Bond expressed therein.

Article XI – Concerning the Fiduciaries

Section 11.03 – Responsibility of Fiduciaries

The recitals of fact contained in the General Trust Indenture and in the Bonds shall be taken as the respective statements of the related Issuers, and no Fiduciary assumes any responsibility for the correctness of

the same. No Fiduciary makes any representations as to the validity or sufficiency of the General Trust Indenture, any Supplemental Issuer Indenture, any Series Trust Indenture, or any Bonds issued under the General Trust Indenture or in respect of the security afforded by the General Trust Indenture, a Supplemental Issuer Indenture, or a Series Trust Indenture, and no Fiduciary shall incur any responsibility in respect thereof. The Trustee shall, however, be responsible for its representation contained in the Authentication Certificate executed by it on each of the Bonds. No Fiduciary shall be under any responsibility or duty with respect to the issuance of the Bonds for value or the application of the proceeds thereof or the application of any moneys paid to any Issuer. No Fiduciary shall be under any responsibility or duty with respect to the application of any moneys paid to any other Fiduciary. No Fiduciary shall be under any obligation or duty to perform any act which would involve it in any expense or liability or to institute or defend any suit in respect of the General Trust Indenture, or to advance any of its own moneys, unless properly indemnified. No Fiduciary shall be liable in connection with the performance of any of its duties under the General Trust Indenture, except for its own negligence or willful default. Neither the Trustee nor any Paying Agent shall be under any liability for interest on moneys received under the General Trust Indenture, except as may otherwise be agreed upon. Additionally, no provision of the General Trust Indenture shall require any Fiduciary to expend or risk its own funds or to otherwise incur any financial liability in the performance of its duties thereunder, or in the exercise of any of its rights or powers.

Section 11.04 – Evidence on Which Fiduciaries May Act

Each Fiduciary shall be protected in acting upon any notice, resolution, request, consent, order, report, certificate, opinion, bond, or other paper or document believed by it to be genuine, and to have been signed or presented by the proper parties. Each Fiduciary may consult with counsel, who may or may not be of counsel to any Issuer, and the opinion of such counsel shall constitute full and complete authorization and protection with respect to any action taken or suffered by such Fiduciary under the General Trust Indenture in good faith and in accordance therewith. Whenever any Fiduciary shall deem it necessary or desirable that a matter be proved or established before taking or suffering any action under the General Trust Indenture, including the payment of moneys out of any Fund or Account, then such matter (unless other evidence in respect thereof is specifically prescribed in the General Trust Indenture) may be deemed to be conclusively established and proved by a Certificate signed by an Authorized Officer of the applicable Issuer, and such Certificate shall be full warrant for any action taken or suffered by such Fiduciary in good faith under the provisions of the General Trust Indenture, a Supplemental Issuer Indenture, and a Series Trust Indenture with respect to which such Fiduciary has accepted such trust upon the faith thereof, but, in its discretion, the Fiduciary may, in lieu thereof, accept any other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as expressly provided otherwise in the General Trust Indenture, any request, order, notice, or other direction required or permitted, in accordance with the provisions of the General Trust Indenture, to be furnished to any Fiduciary by an Issuer shall be sufficiently executed if executed in the name of such Issuer by an Authorized Officer thereof.

Before taking any action under Article X of the General Trust Indenture (except for any action under Section 10.11 thereof), the Trustee may require that indemnity satisfactory to the Trustee be furnished to it for the reimbursement of all fees and expenses which it may incur and to protect it against all liability by reason of any action so taken (including any liability arising directly or indirectly under any federal, state, or local statute, rule, law, or ordinance related to the protection of the environment or to any hazardous substances), except for any liability which is adjudicated to have resulted from the gross negligence or willful misconduct of the Trustee. If the Trustee incurs any expenses or renders any services after the occurrence of an Event of Default, such expenses and the compensation for such services shall be paid by the applicable Issuer in accordance with Section 11.05 of the General Trust Indenture, which such expenses and compensation for such services are intended to constitute expenses of administration under any applicable federal or state bankruptcy, insolvency, arrangement, moratorium, reorganization, or other debtor relief law.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default under the General Trust Indenture or a Series Trust Indenture, except any Event of Default described in paragraph (a) or (b) of Section 10.02 of the General Trust Indenture, unless a Responsible Officer

of the Trustee shall be specifically notified of the default or the Event of Default in a written instrument or document delivered to it by the defaulting Issuer or by the Holders of at least 10% in aggregate principal amount of the Bonds then Outstanding; provided, however, that any such notice and all other notices and instruments required to be delivered to the Trustee in accordance with the General Trust Indenture must, in order to be effective, be delivered to the designated corporate trust office of the Trustee. In the absence of the delivery of a notice satisfying such requirements, the Trustee may conclusively assume there is no default or Event of Default, except as noted above.

The permissive right of the Trustee to do any of the things enumerated in the General Trust Indenture, a Supplemental Issuer Indenture, or a Series Trust Indenture shall not be construed as a duty. The Trustee shall have no responsibility with respect to any information, statement, or recital in any official statement, offering memorandum, or other disclosure material prepared or distributed in connection with the Bonds, except for any information therein provided by the Trustee. The Trustee shall not be accountable for the use or application by the Issuer of any of the Bonds or the proceeds thereof or for the use or application of any money paid over by the Trustee in accordance with the terms and provisions of the General Trust Indenture, a Supplemental Issuer Indenture, or a Series Trust Indenture or for the use and application of moneys received by a Paying Agent. The Trustee may perform any of its duties under the General Trust Indenture, a Supplemental Issuer Indenture, or a Series Trust Indenture either directly or through agents or attorneys and shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed by it with reasonable care under the General Trust Indenture.

The Trustee shall be under no obligation to analyze or review any certificates, documents, information, certifications, financial statements, or reports (collectively, the “Documents”) received by it under the General Trust Indenture, a Supplemental Issuer Indenture, a Series Trust Indenture, or a Financing Agreement, but shall hold any such Documents delivered to it solely for the benefit of, and review by, the appropriate Issuers and Bondholders. The Trustee shall have no duty to request copies of any Documents which are required to be furnished to it under the General Trust Indenture.

The Trustee shall have the right to accept and act upon instructions, including any funds transfer instructions (“Instructions”), given under the General Trust Indenture and delivered using Electronic Means, and each Issuer shall provide the Trustee with an incumbency certificate listing the identity of the Authorized Officers of such Issuer with the authority to provide such Instructions and containing specimen signatures of all such Authorized Officers, which incumbency certificate shall be amended by such Issuer whenever a person is to be added or deleted from the listing. If an Issuer elects to give Instructions to the Trustee using Electronic Means and the Trustee, in its discretion, elects to act upon such Instructions, then the Trustee’s understanding of such Instructions shall be deemed to control. Each Issuer understands and agrees that if the Trustee cannot determine the identity of the actual sender of any such Instructions, the Trustee shall conclusively presume that any Instructions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by the Authorized Officer. Each Issuer shall be responsible for ensuring that only its Authorized Officers transmit Instructions to the Trustee and that such Issuer, and all Authorized Officers thereof, are solely responsible to safeguard the use and confidentiality of all applicable user and authorization codes, passwords, or authentication keys upon receipt by such Issuer. The Trustee shall not be liable for any and all losses, costs, or expenses arising directly or indirectly from the Trustee’s reliance upon and compliance with any such Instructions, notwithstanding that such Instructions conflict with or are otherwise inconsistent with a subsequent written instruction. Each Issuer agrees: (a) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including, without limitation, the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (b) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting any such Instructions than the method selected by it; (c) that the security procedures (if any) to be complied with in connection with its transmission of any Instructions provide it with a commercially reasonable degree of protection in light of its particular needs and circumstances; and (d) to notify the Trustee immediately upon learning of any compromise or unauthorized use of any such security procedures.

The Trustee may collect the monthly Financing Payments from the Participants via the Automated Clearing House Network (“ACH”) and shall be protected in acting in accordance with the terms and conditions of the ACH service agreement it enters into with each Participant.

Section 11.05 – Compensation

The Issuers shall pay to each Fiduciary from time to time reasonable compensation for all of the services rendered by such Fiduciary under the General Trust Indenture, a Supplemental Issuer Indenture, or a Series Trust Indenture, plus all reasonable expenses, charges, counsel fees, and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under the General Trust Indenture, a Supplemental Issuer Indenture, or a Series Trust Indenture. To the extent permitted by law, each Issuer has further agreed to indemnify and save each Fiduciary harmless against any liabilities, losses, damages, claims, fines, penalties, and expenses (including any attorneys’ fees and expenses) such Fiduciary may incur in the exercise and performance of its powers and duties under the General Trust Indenture which are not due to its negligence or willful default. The indemnification set forth in the General Trust Indenture shall survive any termination thereof and the resignation or removal of the Trustee thereunder. As security for the performance of the Issuers under Section 11.05 of the General Trust Indenture, the Trustee shall have a lien prior to any Bond issued under the General Trust Indenture upon all property and moneys held or collected by the Trustee as such, except any moneys held in trust for the payment of the principal of or interest or premiums on any Bonds.

Section 11.07 – Resignation of Trustee

The Trustee may, at any time, resign and be discharged of all of its duties and obligations created by the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture, by giving not less than sixty days’ written notice to each Issuer and mailing such notice by regular United States mail, postage prepaid, to each Bondholder, and such resignation shall take effect on the resignation date specified in such notice, unless (a) no successor Trustee shall have been appointed as provided in Section 11.09 of the General Trust Indenture, or (b) a successor Trustee shall have been previously appointed, as provided in Section 11.09 of the General Trust Indenture, in which event the resignation of the Trustee shall take effect immediately upon the appointment of such successor Trustee.

Section 11.08 – Removal of Trustee

The Trustee shall be removed by the Corporation, acting for itself and as the representative of the Additional Issuers (so long as no Event of Default has occurred and is continuing), if, at any time, so requested by an instrument or concurrent instruments in writing filed with the Trustee and each Issuer and signed by the Holders of at least a majority in principal amount of the Bonds then Outstanding, or by their attorneys-in-fact duly authorized, excluding Bonds held by or for the account of an Issuer, by an instrument or concurrent instruments in writing filed with the Trustee and each Issuer and signed by each Issuer or such Bondholders, as appropriate. Notwithstanding the foregoing, no removal will be effective until a successor Trustee has been appointed and has assumed the duties of Trustee as provided in Section 11.09 of the General Trust Indenture.

Section 11.09 – Appointment of Successor Trustee

If, at any time, the Trustee shall resign, be removed, become incapable of acting, or be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, the Corporation, acting for itself and as representative of the Additional Issuers, covenants and agrees that it will appoint a successor Trustee. The Corporation will mail, by regular United States mail, notice of the appointment made by it to each Bondholder and each Additional Issuer within twenty days after such appointment.

If no appointment of a successor Trustee shall be made in accordance with the foregoing provisions of Section 11.09 of the General Trust Indenture within forty-five days after the Trustee shall have given each

Issuer written notice of resignation, as provided in Section 11.07 of the General Trust Indenture, or after a vacancy in the office of the Trustee shall have occurred by reason of its removal or its inability to act, then the Trustee or any Bondholder may apply to a court of competent jurisdiction to appoint a successor Trustee, and such court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any successor Trustee appointed in accordance with the provisions of Section 11.09 of the General Trust Indenture shall be a national banking association, trust company, or bank having the powers of a trust company within or outside the Commonwealth of Kentucky, having a capital and surplus aggregating at least \$50,000,000, if there be such a national banking association, trust company, or bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all of the duties of the Trustee imposed on it by the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture.

Article XII – Miscellaneous

Section 12.01 – Defeasance

(a) If any Issuer shall pay or cause to be paid, or there shall otherwise be paid, (i) to the applicable Bondholders, such amounts as will, taking into account all of the investment earnings therefrom, fully provide for all of the principal, interest, and Redemption Price, if any, to become due on a particular Series of its Bonds, at the times and in the manner stipulated therein and in the General Trust Indenture, the related Supplemental Issuer Indenture (if any), and the related Series Trust Indenture, and (ii) to the related Fiduciaries, all sums of money due or to become due with respect to such Series of Bonds in accordance with the provisions thereof and of the General Trust Indenture, the related Supplemental Issuer Indenture (if any), and the related Series Trust Indenture, then, and in that event, (A) as to that particular Series of Bonds, the General Trust Indenture, the related Supplemental Issuer Indenture (if any), and the related Series Trust Indenture shall cease, determine, and become null and void, and all of the covenants, agreements, and other obligations of such Issuer under the General Trust Indenture, the related Supplemental Issuer Indenture (if any), and the related Series Trust Indenture shall be satisfied and discharged with respect to such Series of Bonds, (B) the Trustee shall, upon the request of such Issuer, execute and deliver to such Issuer all such instruments as may be desirable to evidence such discharge and satisfaction, and (C) each Fiduciary shall pay over or deliver to such Issuer all moneys or securities held by such Fiduciary under the General Trust Indenture, the related Supplemental Issuer Indenture (if any), or the related Series Trust Indenture which are not otherwise required for the payment or redemption of any Bonds not theretofore surrendered for such payment or redemption for that particular Series of Bonds.

(b) Any Bonds, or any installments of interest thereon, of a particular Series of Bonds for the payment or redemption of which moneys shall have been set aside and shall be held in trust by Fiduciaries (through deposit by the applicable Issuer of moneys for such payment or redemption or otherwise) shall, at the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in paragraph (a) above. The Bonds of a particular Series shall, before the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in paragraph (a) above if (i) with respect to any of such Bonds to be redeemed on any date before their maturity, the related Issuer shall have given to the Trustee, in form satisfactory to it, irrevocable instructions to publish or notify by mail, as provided in the related Series Trust Indenture, notice of the redemption of such Bonds on such date; (ii) there shall have been deposited with the Trustee either (A) moneys in an amount which shall be sufficient, or (B) Defeasance Obligations, the principal of and the interest on which, when due, will provide moneys in an amount which, together with any moneys deposited with the Trustee at the same time, shall be sufficient, in either case, to pay, when due, the principal or Redemption Price, if any, and interest due and to become due on such Bonds on and before the Redemption Date or maturity date thereof, as the case may be; (iii) the Trustee shall have received (A) a certificate from a firm of independent certified public accountants to the effect that the amounts so deposited are sufficient, without the need to reinvest principal or interest (other than as set forth in any written instructions related thereto), to make all of the payments that might become due on such Bonds, or (B) an Opinion of Bond Counsel to the effect that all conditions precedent to the defeasance of such Bonds

have been complied with; and (iv) if such Bonds are not subject to redemption within the next sixty days, the applicable Issuer shall have given to the Trustee, in form satisfactory to it, irrevocable instructions to notify the Holders of such Bonds of such redemption in the manner provided in the applicable Series Trust Indenture for giving notice of redemption. Neither Defeasance Obligations nor moneys deposited with the Trustee in accordance with Section 12.01 of the General Trust Indenture nor any principal or interest payments on any such Defeasance Obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if any, of and interest on such Bonds.

(c) Notwithstanding anything in the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture to the contrary, any moneys held by any Fiduciary in trust for the payment and discharge of any of the Bonds which remain unclaimed for six years after (i) the date when all of the Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by such Fiduciary at such date, or (ii) the date of deposit of such moneys, if such moneys were deposited with such Fiduciary after the date when all of the Bonds became due and payable, shall, subject to the provisions of Article VI of the General Trust Indenture, at the written request of the applicable Issuer, be repaid by the Fiduciary to the applicable Issuer, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect to such moneys. In the absence of any such written request, the Fiduciary shall, from time to time, deliver any such unclaimed funds to or as directed by pertinent escheat authority, as identified by the Fiduciary, in its sole discretion, in accordance with applicable unclaimed property laws, rules, or regulations. Any such delivery shall be in accordance with the customary practices and procedures of the Fiduciary and such escheat authority. All moneys held by a Fiduciary and subject to Section 12.01 of the General Trust Indenture shall be held uninvested and without liability for interest thereon.

Section 12.04 – Parties in Interest

Nothing contained in the General Trust Indenture or in any Supplemental Issuer Indenture or any Series Trust Indenture executed in accordance with the provisions of the General Trust Indenture, expressed or implied, is intended or shall be construed to confer upon or give to any person or party, other than the Issuers, the Fiduciaries, and the Holders of the Bonds, any rights, remedies, or claims under or by reason of the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture, or any covenant, condition, stipulation, promise, or agreement therein; and all of the covenants, conditions, stipulations, promises, and agreements by or on behalf of the Issuers in the General Trust Indenture, any Supplemental Issuer Indenture, or any Series Trust Indenture shall be for the sole and exclusive benefit of the Issuers, the Fiduciaries, and the Holders from time to time of the Bonds.

SUMMARY OF THE LOAN AGREEMENTS

Each Tennessee Participant has entered into a Loan Agreement under and in accordance with the Act, which Loan Agreements constitute Financing Agreements under the General Trust Indenture.

The term of each Loan corresponds to the maturity dates of the related issue of Tennessee Bonds and the Loan Repayments, both as to the interest component and principal component, which correspond to the principal and interest payments on the related Tennessee Bonds. Additional Loan Repayments are due under the Loan Agreements to pay any Fiduciary Fees relating to the Program. Each Tennessee Participant has the option to prepay its Loan Agreement at any time by paying the Optional Prepayment Price thereunder. The Loan Repayments and the Optional Prepayment Price are each paid directly to the Trustee by the Tennessee Participants.

Each Loan Agreement provides that title to the Project will remain with the Tennessee Participant, and that the Tennessee Participant is obligated to complete the construction of the Project. Amounts will be disbursed to a Tennessee Participant from its Participant Disbursement Account as the Costs of its Project become due and payable. Each Tennessee Participant assumes all risk of loss or damage to its Project and is required to continue payments under the Loan Agreement regardless of any loss or damage to the Project. Each

Tennessee Participant is required to carry insurance policies with respect to the Project insuring against such casualties and contingencies of such types (including public liability insurance) and in such amounts as are customary in the case of any persons engaged in the same or any similar activity and similarly situated. No Tennessee Participant may create any lien against its Project.

Each Loan Agreement is assigned to the Trustee, and each Tennessee Participant acknowledges that the Loan Agreement is a part of the Program and that the Loan Repayments will be applied to payments on the related Tennessee Bonds and payments of the costs and expenses of the Program.

Under certain Loan Agreements, the obligation of the related Tennessee Participant is a full general obligation for the payment of the Loan Repayments and the full faith, credit, and revenue of the Participant is pledged for the prompt payment thereof. During the period of the Loan Agreement, there will be levied on all taxable property of the Tennessee Participant, in addition to all other taxes, without limitation as to rate, a direct tax annually in an amount sufficient to pay the Loan Repayments as and when due; provided, however, that in each year, to the extent that other taxes of the Tennessee Participant are available for the payment of the Loan Repayments and are appropriated for such purpose, the amount of such direct tax upon all taxable property of the Tennessee Participant shall be reduced by the amount of such other taxes so available and appropriated.

In addition to or in lieu of a general obligation pledge, the Tennessee Participants may also pledge a specific source of revenue to its obligation to make Loan Repayments under a Loan Agreement.

Upon the occurrence of an Event of Default under a Loan Agreement, the Authority may (i) declare all of the Loan Repayments and all other amounts due under the Loan Agreement to be immediately due and payable, and upon notice to the Tennessee Participant, the same shall become immediately due and payable by the Tennessee Participant, without any further notice or demand, and (ii) take whatever action at law or in equity may appear necessary or desirable (a) to collect the amounts then due and thereafter to become due under the Loan Agreement or (b) to enforce the performance and observance of any obligation, agreement, or covenant of the Tennessee Participant thereunder.

Re: \$2,595,000* The Public Building Authority of the City of Clarksville, Tennessee Financing
Program Revenue Bonds, 2025 First Series A, dated December 17, 2025

Ladies and Gentlemen:

We have examined the transcript of proceedings relating to the issue of \$2,595,000* Financing Program Revenue Bonds, 2025 First Series A, of The Public Building Authority of the City of Clarksville, Tennessee (the “Issuer”), dated December 17, 2025 (the “2025 First Series A Bonds”), numbered from R-1 upward, and of denominations of \$5,000 and any integral multiple thereof. The 2025 First Series A Bonds are initially being issued as fully registered bonds, bearing interest, maturing, and subject to [mandatory and] optional redemption upon the terms set forth therein and as provided by the Amended and Restated General Trust Indenture dated as of May 15, 2024, by and among (i) the Kentucky Bond Corporation, (ii) the Issuer, as an Additional Issuer thereunder, (iii) the other Additional Issuers that become parties thereto from time to time, as provided therein, and (iv) U.S. Bank Trust Company, National Association, as the successor-in-interest to The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”), as supplemented by (a) the Tennessee Supplemental Issuer Indenture dated as of May 15, 2024, and (b) the Series Trust Indenture, 2025 First Series A dated as of December 1, 2025, each by and between the Issuer and the Trustee (collectively, the “Indenture”).

The issuance of the 2025 First Series A Bonds is authorized by virtue of (i) the Constitution and laws of the State of Tennessee, including, particularly, Title 12, Chapter 10 of the Tennessee Code Annotated, as amended, and (ii) a resolution duly adopted by the Board of Directors of the Issuer on February 13, 2024. The 2025 First Series A Bonds are being issued for the purposes of (a) providing funds to make a loan to the City of Hohenwald, Tennessee (the “Tennessee Participant”) under a Loan Agreement (the “Loan Agreement”) entered into by and between the Tennessee Participant and the Issuer to finance the costs of various public projects of the Tennessee Participant, and (b) paying the costs of issuance of the 2025 First Series A Bonds.

In addition to our review of the transcript of proceedings for the 2025 First Series A Bonds, including the Indenture and the Loan Agreement, we have also examined laws we have deemed relevant and a specimen 2025 First Series A Bond of this issue and approve its form.

Reference is hereby made to the opinion of Spencer Fane LLP, as Co-Bond Counsel, with respect to the state tax-exempt status of the interest payable on the 2025 First Series A Bonds and certain other state tax consequences relating to the 2025 First Series A Bonds. Our firm, as Co-Bond Counsel, has not given any state tax opinion with respect to the 2025 First Series A Bonds, and without limiting the generality of the foregoing,

* Preliminary, subject to change.

we give no opinion on the exclusion of interest on the 2025 First Series A Bonds from the gross income of the holders thereof for purposes of Tennessee income taxation.

Based on the foregoing, we are of the opinion that:

1. The Issuer is a public instrumentality, duly organized and existing under and by virtue of the provisions of Title 12, Chapter 10 of the Tennessee Code Annotated, as amended.
2. The 2025 First Series A Bonds and the Indenture have been duly authorized, executed, and delivered by the Issuer and constitute valid, binding, and enforceable obligations of the Issuer in accordance with their respective terms.
3. The 2025 First Series A Bonds constitute special obligations of the Issuer, and the principal of and premium, if any, and interest on the 2025 First Series A Bonds (collectively, the “debt service”), are payable solely from the revenues and other moneys pledged and assigned by the Indenture to secure such payment. The 2025 First Series A Bonds and the payment of the debt service thereon are not secured by an obligation or pledge of any moneys raised by taxation, other than as provided in the Loan Agreement, and the 2025 First Series A Bonds do not represent or constitute an indebtedness of the Issuer or a pledge of the full faith and credit of the Issuer. The Issuer has no taxing power.
4. In accordance with the laws, regulations, rulings, and judicial decisions in effect as of the date hereof, interest on the 2025 First Series A Bonds, including any original issue discount thereon, is excludable from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”). In addition, the interest on the 2025 First Series A Bonds will not be treated as a specific item of tax preference in computing the federal alternative minimum tax imposed on individuals. In rendering the opinions set forth in this paragraph, we have assumed continuing compliance with certain covenants designed to meet the requirements of Section 103 of the Code. We express no other opinion with respect to the federal or state tax consequences of purchasing, holding, or disposing of the 2025 First Series A Bonds.

The Issuer and the Tennessee Participant have designated the 2025 First Series A Bonds as “qualified tax-exempt obligations” under Section 265 of the Code.

This opinion is based upon laws, regulations, rulings, and decisions in effect as of the date hereof. In rendering this opinion, we have relied upon covenants and certifications of facts, estimates, and expectations made by the Issuer, the Participant, and others in the transcript of proceedings for the 2025 First Series A Bonds and upon the matters in the legal opinion of counsel to the Issuer and the approving legal opinion of Spencer Fane LLP, Co-Bond Counsel, each dated the date hereof; provided, however, that we have not undertaken to independently verify any of the foregoing covenants, certifications, or matters. It is to be understood that the enforceability of the 2025 First Series A Bonds and the Indenture may be subject to bankruptcy, insolvency, reorganization, moratorium, and other laws in effect from time to time affecting creditors’ rights generally, and to the exercise of judicial discretion in accordance with general principles of equity.

Very truly yours,

Based on the foregoing, we are of the opinion that:

4. The 2025 First Series A Bonds and the interest thereon are exempt from all state, county, and municipal taxation in the State of Tennessee, except to the extent that interest on the 2025 First Series A Bonds are included within the measure of certain franchise and excise taxes imposed under Tennessee law. The 2025 First Series A Bonds and the interest thereon may or may not be subject to state or local income taxation in jurisdiction other than the State of Tennessee, but we express no opinion regarding taxation of the 2025 First Series A Bonds or the interest thereon in any state other than the State of Tennessee.

The Issuer and the Tennessee Participant have designated the 2025 First Series A Bonds as “qualified tax-exempt obligations” under Section 265 of the Code.

This opinion is based upon laws, regulations, rulings, and decisions in effect as of the date hereof. In rendering this opinion, we have relied upon covenants and certifications of facts, estimates, and expectations made by the Issuer, the Participant, and others in the transcript of proceedings for the 2025 First Series A Bonds and upon the matters stated in the legal opinion of counsel to the Issuer and in the legal approving opinion of Dinsmore & Shohl LLP, Co-Bond Counsel, each dated the date hereof; provided, however, that we have not independently verified any of the foregoing covenants, certifications, or matters. It is to be understood that the enforceability of the 2025 First Series A Bonds and the Indenture may be subject to bankruptcy, insolvency, reorganization, moratorium, and other laws in effect from time to time affecting creditors’ rights generally, and to the exercise of judicial discretion in accordance with general principles of equity.

Very truly yours,

APPENDIX E

Book-Entry Only System

The 2025 First Series A Bonds will initially be issued solely in book-entry form, to be held in the book-entry system maintained by The Depository Trust Company (“DTC”), New York, New York. So long as such book-entry system is used, only DTC will receive or have the right to receive physical delivery of the 2025 First Series A Bonds and, except as otherwise provided herein with respect to the Beneficial Owners of any beneficial ownership interests, the Beneficial Owners of the 2025 First Series A Bonds will not be or be considered to be, and will not have any rights as, owners or holders of the 2025 First Series A Bonds under the Indenture.

The following information about the book-entry only system applicable to the 2025 First Series A Bonds has been supplied by DTC. None of the Issuer, the Trustee, the Participant, or the Underwriter makes any representations, warranties, or guarantees with respect to its accuracy or completeness.

DTC will act as securities depository for the 2025 First Series A Bonds. The 2025 First Series A Bonds will be issued in fully registered form, registered in the name of Cede & Co. (DTC’s partnership nominee) or registered in any other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for each maturity of the 2025 First Series A Bonds, each in the aggregate principal amount of the respective maturity of the 2025 First Series A Bonds, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company duly organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate, and municipal debt issues, and for money market instruments from over 100 countries that DTC’s participants (the “Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among the Direct Participants of sales and other securities transactions for deposited securities, through electronic computerized book-entry transfers and pledges between the Direct Participants’ accounts, which eliminates the need for physical movement of securities certificates. The Direct Participants include both U.S. and non-U.S. securities brokers, dealers, broker-dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers, dealers, broker-dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with any Direct Participant, either directly or indirectly (the “Indirect Participants”). DTC has rating from S&P Global Ratings of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2025 First Series A Bonds under DTC’s book-entry system must be made by or through the Direct Participants, which will receive a credit for such 2025 First Series A Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2025 First Series A Bond deposited with DTC (each, a “Beneficial Owner”) will be recorded on the Direct Participants’ and Indirect Participants’ respective records. The Beneficial Owners will not receive any written confirmation from DTC of their purchase. However, the Beneficial Owners are expected to receive written confirmations providing the details of the transaction, plus periodic statements of their holdings, from the Direct Participant or the Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of any ownership interests in the 2025 First Series A Bonds are to be accomplished by entries made on the books of the Direct Participants and Indirect Participants acting on behalf of the Beneficial Owners. The Beneficial Owners will not receive certificates representing

their ownership interests in the 2025 First Series A Bonds, except in the event that the use of the book-entry system for the 2025 First Series A Bonds is discontinued.

To facilitate subsequent transfers, all 2025 First Series A Bonds deposited by the Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2025 First Series A Bonds with DTC and the registration of the 2025 First Series A Bonds in the name of Cede & Co., or other DTC nominee, do not affect any change in beneficial ownership of the 2025 First Series A Bonds. DTC has no knowledge of the actual Beneficial Owners of the 2025 First Series A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2025 First Series A Bonds are credited, which may or may not be the Beneficial Owners of such 2025 First Series A Bonds. The Direct Participants and the Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

The conveyance of any notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among such parties, subject to any statutory or regulatory requirements as may be in effect from time to time. The Beneficial Owners of the 2025 First Series A Bonds may wish to take certain steps to augment the transmission to them of any notices of significant events with respect to the 2025 First Series A Bonds, such as any redemptions, tenders, defaults, and proposed amendments to the 2025 First Series A Bond documents. For example, the Beneficial Owners of the 2025 First Series A Bonds may wish to ascertain that the nominee holding such 2025 First Series A Bonds for their benefit has agreed to obtain and transmit such notices to the Beneficial Owners. In the alternative, the Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of such notices be provided to them directly.

All redemption notices with respect to the 2025 First Series A Bonds shall be sent to DTC. If less than all of the 2025 First Series A Bonds are being redeemed, DTC's practice is to determine, by lot, the amount of the interest of each Direct Participant in the 2025 First Series A Bonds to be redeemed.

Neither DTC, Cede & Co., nor any other DTC nominee will consent or vote with respect to the 2025 First Series A Bonds unless such party is authorized to do so by a Direct Participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Trustee as soon as possible after the record date. The Omnibus Proxy then assigns Cede & Co.'s consenting or voting rights to the Direct Participants to whose accounts any 2025 First Series A Bonds are credited on the record date (as identified in a listing attached to the Omnibus Proxy).

The payment of the principal of and premium (if any) and interest on the 2025 First Series A Bonds will be made to Cede & Co. or to such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit the Direct Participants' accounts for such payments upon DTC's receipt of funds and corresponding detailed information from the Trustee, on the payable date in accordance with their respective holdings, as shown on DTC's records. Payments by the Direct Participants and Indirect Participants to the Beneficial Owners will be governed by standing instructions and customary practices, as is the case with any 2025 First Series A Bonds held for the accounts of customers in bearer form or any 2025 First Series A Bonds registered in "street name," and such payments will be the responsibility of the Direct Participants and the Indirect Participants and not of DTC, DTC's nominee, the Trustee, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of the principal of and premium (if any) and interest on the 2025 First Series A Bonds to Cede & Co. (or to such other nominee as may be requested by an authorized representative of DTC) will be the responsibility of the Issuer or the Trustee, the disbursement of such payments to the Direct Participants will be the responsibility of DTC, and the disbursement of such payments to the Beneficial Owners will be the responsibility of the Direct Participants and Indirect Participants.

DTC may discontinue providing its services as securities depository for the 2025 First Series A Bonds at any time by giving reasonable notice to the Issuer or the Trustee. Under any such circumstances, in the event

that a successor securities depository is not obtained, 2025 First Series A Bond certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry only transfers of the 2025 First Series A Bonds through DTC (or a successor securities depository). In that event, the 2025 First Series A Bonds will be printed and delivered to DTC.

The information contained in this Appendix concerning DTC and DTC's book-entry system has been obtained from sources the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

(b) **Minimum Bid.** Bids shall be for the entire issue of 2025 First Series A Bonds, at a price of not less than \$2,569,050 (99% of par), excluding any original issue discount, if applicable, PAYABLE IN IMMEDIATELY AVAILABLE FEDERAL FUNDS.

The interest rates must be on an ascending scale, such that the interest rate stipulated in any year may not be less than the interest rate stipulated for any preceding maturity. There is no limit on the number of different interest rates.

(d) Award; Adjustment. Determination of the best bid for the purchase of the 2025 First Series A Bonds will be made on the basis of lowest true interest rate, which will be calculated as that rate (or yield) that, when used to compute the present worth of all payments of principal of and interest on the 2025 First Series A Bonds (compounded semiannually from the date of the issuance and delivery of the 2025 First Series A Bonds), produces an amount equal to the purchase price of the 2025 First Series A Bonds, as set forth in the Official Bid Form, for exactly \$2,595,000 principal amount of 2025 First Series A Bonds offered for sale under the terms and conditions specified herein; provided, however, that upon determination of the lowest true interest rate, the Authority shall increase or decrease the total principal amount of the 2025 First Series A Bonds sold to the best bidder, by an amount of up to \$55,000, with such increase or decrease made in any maturity or all maturities, so that the total amount of 2025 First Series A Bonds awarded to such bidder will be a minimum of \$2,540,000 and a maximum of \$2,650,000. Upon any such adjustment, no rebidding or recalculation of any submitted bid will be required or permitted. The price at which such adjusted principal amount of 2025 First Series A Bonds will be sold will be at the same price per \$1,000 of 2025 First Series A Bonds as the price per \$1,000 for the \$2,595,000 of 2025 First Series A Bonds bid. If two or more bidders offer to purchase the 2025 First Series A Bonds at the same lowest true interest cost, then the Program Administrator, with the advice of the Municipal Advisor, shall determine which of the bidders shall be awarded the 2025 First Series A Bonds.

(e) Good Faith Deposit. The successful bidder for the 2025 First Series A Bonds will be required (without any further advice from the Authority) to wire transfer a good faith deposit, in an amount equal to 2% of the principal amount of 2025 First Series A Bonds awarded, to the Trustee by the close of business on the day following the award of the 2025 First Series A Bonds. Upon the delivery of the 2025 First Series A Bonds, the good faith deposit will be applied (without interest) to the purchase price of the 2025 First Series A Bonds; provided, however, that such good faith deposit will be forfeited if such purchaser fails to take delivery of the 2025 First Series A Bonds.

(h) CUSIP Numbers. The successful bidder will be required to pay the cost of obtaining CUSIP identification numbers for the 2025 First Series A Bonds. Neither the failure to print the CUSIP numbers on any 2025 First Series A Bond nor any error with respect to the CUSIP numbers shall constitute cause for the failure or refusal by the purchaser to accept delivery of and pay for the 2025 First Series A Bonds in accordance with the terms of its bid. No CUSIP number shall be deemed to be a part of any 2025 First Series A Bond or a part of the contract evidenced thereby, and no liability shall hereafter attach to the Authority or any of its officers or agents because or on account of such CUSIP numbers.

(i) DTC. The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the 2025 First Series A Bonds. The 2025 First Series A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee). One fully-registered bond certificate will be issued for each maturity of the 2025 First Series A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. Purchases of the 2025 First Series A Bonds under the DTC system must be made by securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations (the “Direct Participants”), which will each receive a credit for the 2025 First

Series A Bonds on DTC's records. The ownership interest of the actual purchaser of each 2025 First Series A Bond (each, a "Beneficial Owner") is, in turn, to be recorded on the records of the Direct Participants or any securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant (the "Indirect Participants"). The Beneficial Owners of the 2025 First Series A Bonds will not receive written confirmation from DTC of their purchase, but such Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2025 First Series A Bonds are to be accomplished by entries made on the books of the Direct Participants and Indirect Participants acting on behalf of the Beneficial Owners. The Beneficial Owners will not receive certificates representing their ownership interests in the 2025 First Series A Bonds, except in the event that use of the book-entry system for the 2025 First Series A Bonds is discontinued. The successful bidder may elect to notify the Municipal Advisor, within twenty-four hours of the award of the 2025 First Series A Bonds, that standard bond certificates be issued. If certificated 2025 First Series A Bonds are to be issued at the election of the successful bidder, the costs of printing such bond certificates shall be borne by such bidder. If no such election is made, then the 2025 First Series A Bonds will be delivered using the book-entry system administered by DTC.

(j) Acceptance of Bid. The Authority will accept a bid or reject all bids on December 3, 2025.

(k) Right to Reject Bids. The right to reject bids for any reason deemed advisable by the Authority and the right to waive any possible informalities or irregularities in any bid which, in the sole judgment of the Authority, are minor or immaterial are each expressly reserved to the Authority. In addition to the foregoing, the Authority also reserves the right to postpone the sale date of the 2025 First Series A Bonds, upon at least twenty-four hours advance notice before the sale date, given through the BiDCOMP™/PARITY™ system.

(l) Official Statement. The Authority will provide the successful purchaser of the 2025 First Series A Bonds with a final Official Statement in accordance with Rule 15c2-12 of the Securities and Exchange Commission ("SEC"). The final Official Statement will be provided to the purchaser in electronic form, in sufficient time to allow the purchaser to comply with the requirements for the delivery of such final Official Statement under the applicable rules and regulations of the SEC and the Municipal Securities Rulemaking Board. The successful bidder shall be required to pay for the printing of the final Official Statement.

(m) Purchaser Certification. The winning bidder shall assist the Authority in establishing the issue price of the 2025 First Series A Bonds by delivering an "issue price" certificate (the "Certificate") dated the date of delivery of the 2025 First Series A Bonds, in substantially the applicable form set forth in the Exhibits attached hereto (depending on whether at least three bids are received), to the Authority. If less than three bids are received for the 2025 First Series A Bonds, the winning bidder will be required to certify that it "held-the-price" for the 2025 First Series A Bonds during the Holding Period (as defined in the Certificate), at the prices identified on the Sale Date (as defined in the Certificate). The Authority may, in its sole discretion, permit the winning bidder to certify that it will, immediately upon the sale of any of the 2025 First Series A Bonds, notify the Authority (and the Municipal Advisor) of each subsequent offering price of such 2025 First Series A Bonds until the end of the Holding Period, all as set forth in the Certificate. All actions to be taken by the Authority to establish the issue price of the 2025 First Series A Bonds hereunder may be taken on behalf of the Authority by the Municipal Advisor, and any notice or report required to be provided to the Authority hereunder shall also be provided to the Municipal Advisor.

The Authority intends that the provisions of Treas. Reg. § 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the 2025 First Series A Bonds) will apply to the initial sale of each of the 2025 First Series A Bonds (the "competitive sale requirements") because:

(1) the Authority will disseminate these Official Terms and Conditions of Bond Sale to the potential underwriters in a manner that is reasonably designed to reach the potential underwriters;

- (2) all bidders will have an equal opportunity to bid;
- (3) the Authority may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (4) the Authority anticipates that it will award the 2025 First Series A Bonds to the bidder who submits a firm offer to purchase the 2025 First Series A Bonds at the lowest true interest cost, as set forth in these Official Terms and Conditions of Bond Sale.

Any bid for the 2025 First Series A Bonds submitted in accordance with these Official Terms and Conditions of Bond Sale shall be considered a firm offer for the purchase of the 2025 First Series A Bonds, as specified in the bid.

CONTINUING DISCLOSURE

In accordance with Securities and Exchange Commission Rule 15c2-12, the Authority has agreed, in the Continuing Disclosure Agreement to be entered into with the Tennessee Participant, to provide or to cause to be provided certain annual financial information regarding the Tennessee Participant and notices of material events relating to the 2025 First Series A Bonds, all as more particularly described in the Preliminary Official Statement.

CONDITIONS TO DELIVERY

The 2025 First Series A Bonds are being offered and are to be issued subject to, and the Authority will furnish to the purchaser upon delivery, the approving legal opinions of Dinsmore & Shohl LLP, Louisville, Kentucky, and of Spencer Fane LLP, Nashville, Tennessee, as Co-Bond Counsel for the 2025 First Series A Bonds, as to the due and proper authorization, validity, and tax-exempt status of the 2025 First Series A Bonds and interest thereon, as more particularly described in the Preliminary Official Statement. The Authority will also furnish, at no expense to the purchaser, the printed 2025 First Series A Bonds, together with customary closing documents, including a no-litigation certificate.

The 2025 First Series A Bonds are being offered for sale on the basis of the interest on the 2025 First Series A Bonds being excludable from gross income for federal income tax purposes and the income therefrom being exempt from all state, county, and municipal taxation in the State of Tennessee, except for any Tennessee franchise and excise taxes on the date of their delivery to the successful bidder therefor, subject to the further exceptions, assumptions, and provisions set forth in the Preliminary Official Statement. The Authority and the Tennessee Participant have designated the 2025 First Series A Bonds as “qualified tax-exempt obligations” under and within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. If, prior to the delivery of the 2025 First Series A Bonds, any event occurs that alters the tax-exempt status or any other status thereof, then the purchaser will have the privilege of avoiding the purchase contract by giving immediate written notice to the Program Administrator, whereupon the good faith deposit made by the purchaser will be returned, and all respective obligations of the parties will be terminated.

FORM OF ISSUE PRICE CERTIFICATE

[In case of receipt of at least three qualified bids for the 2025 First Series A Bonds]

Dated December 17, 2025

Re: \$2,595,000* The Public Building Authority of the City of Clarksville, Tennessee Financing Program Revenue Bonds, 2025 First Series A, dated December 17, 2025

The undersigned, on behalf of [Underwriter Name] (the “Underwriter”), hereby certifies as set forth below with respect to the sale and issuance of the above-captioned bonds (the “Bonds”).

1. Reasonably Expected Initial Offering Price.

(a) As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public by the Underwriter are the prices listed in Schedule I attached hereto (the “Expected Offering Prices”). The Expected Offering Prices are the prices for the Maturities of the Bonds that were used by the Underwriter in formulating its bid to purchase the Bonds. A true and correct copy of the bid provided by the Underwriter to purchase the Bonds is attached hereto as Schedule II.

(b) The Underwriter was not given the opportunity to review any other bids prior to submitting its bid.

(c) The bid submitted by the Underwriter constituted a firm offer to purchase the Bonds.

2. Yield on the Bonds. It computed the yield on the Bonds, [Yield]%, as that yield (determined on the basis of semiannual compounding) which, when used in computing the present worth of all payments of principal and interest to be made with respect to particular obligations, produces an amount equal to their purchase price, which, in the case of the Bonds, is the Expected Offering Prices, determined without taking into account issuance expenses and Underwriter’s discount.

3. Weighted Average Maturity. The weighted average maturity of the Bonds has been calculated to be [WAM] years. The weighted average maturity is the sum of the products of the respective Expected Offering Price of each Maturity and the number of years to maturity (determined separately for each Maturity and by taking into account mandatory redemptions), divided by the aggregate Expected Offering Prices of the Bonds as of the date hereof.

4. Defined Terms.

(a) *Issuer* means The Public Building Authority of the City of Clarksville, Tennessee.

FORM OF ISSUE PRICE CERTIFICATE

[In case of receipt of less than three qualified bids for the 2025 First Series A Bonds]

Dated December 17, 2025

Re: \$2,595,000* The Public Building Authority of the City of Clarksville, Tennessee Financing Program Revenue Bonds, 2025 First Series A, dated December 17, 2025

The undersigned, [Underwriter Name] (the “Transaction Underwriter”), hereby certifies as set forth below with respect to the sale of the above-captioned bonds (the “Bonds”).

1. Issue Price.

(a) As of the date of this Certificate, for each Maturity of the General Rule Maturities, the first price at which at least 10% of such Maturity of the Bonds was sold to the Public is the respective price listed in Schedule I attached hereto (the “Sale Price,” as applicable to each Maturity of the General Rule Maturities).

(b) The Transaction Underwriter offered the Hold-the-Offering-Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule I attached hereto (the “Initial Offering Prices”) on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule II.

(c) As set forth in the Official Terms and Conditions of Bond Sale, the Transaction Underwriter has agreed in writing that (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the “hold-the-offering-price rule”), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any third-party distribution agreement shall contain the agreement of each broker-dealer who is a party to the third-party distribution agreement, to comply with the hold-the-offering-price rule. Under the Official Terms and Conditions of Bond Sale or any selling group agreement or third-party distribution agreement, no Underwriter (as defined herein) has offered or sold any Maturity of the Hold-the-Offering-Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

(d) The aggregate of the Sale Prices of the General Rule Maturities and the Initial Offering Prices of the Hold-the-Offering-Price Maturities is \$[Issue Price] (the “Issue Price”).

2. Yield on the Bonds. It computed the yield on the Bonds, [Yield]%, as that yield (determined on the basis of semiannual compounding) which, when used in computing the present worth of all payments of principal and interest to be made with respect to particular obligations, produces an amount equal to their purchase price, which, in the case of the Bonds, is the Issue Price, determined without taking into account issuance expenses and Underwriter’s discount.

3. Weighted Average Maturity. The weighted average maturity of the Bonds has been calculated to be [WAM] years. The weighted average maturity is the sum of the products of the respective Sale Price of each Maturity and the number of years to maturity (determined separately for each Maturity and by taking into account mandatory redemptions), divided by the aggregate Sale Price of the Bonds as of the date hereof.

4. Defined Terms.

(a) *General Rule Maturities* means the Maturities of the Bonds listed as “General Rule Maturities” in Schedule I attached hereto.

(b) *Hold-the-Offering-Price Maturities* means the Maturities of the Bonds listed as the “Hold-the-Offering Price Maturities” in Schedule I attached hereto.

(c) *Holding Period* means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending upon the earlier of (i) the close of the fifth business day following the Sale Date (December 10, 2025), or (ii) the date on which the Transaction Underwriter has sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices which are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) *Issuer* means The Public Building Authority of the City of Clarksville, Tennessee.

(e) *Maturity* means any Bonds with the same credit and payment terms. Any Bonds with different maturity dates, or Bonds with the same maturity dates but different stated interest rates, are treated as separate Maturities.

(f) *Official Terms and Conditions of Bond Sale* means the Official Terms and Conditions of Bond Sale for the Bonds dated November 20, 2025.

(g) *Public* means a person (including an individual, a trust, an estate, a company, a partnership, an association, or a corporation) other than any Underwriter or any related party to an Underwriter. The term “related party,” for purposes of this Certificate, generally means any two or more persons who have greater than 50% common ownership, directly or indirectly.

(h) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is December 3, 2025.

(i) *Underwriter* means (i) any person that agrees, pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate), to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees, pursuant to a written contract, directly or indirectly, with any person described in clause (i) of this paragraph, to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing contained in this certificate represents the Transaction Underwriter’s interpretation of any laws, including, specifically, Section 103 and Section 148 of the Internal Revenue Code of 1986, as amended, and the applicable Treasury Regulations issued thereunder. The Transaction Underwriter understands that the information in this certificate will be relied upon by (i) the Issuer with respect to certain representations set forth in the Memorandum of Instructions Regarding Use of Proceeds and Arbitrage Compliance, the No Arbitrage Certificate, and the Tax Compliance Agreement, and with respect to compliance with the federal income tax rules affecting the Bonds, (ii) Spencer Fane LLP in connection with rendering its opinion that the Bonds and interest thereon are excluded from all state, county, and municipal taxation in the State of Tennessee, except for any inheritance, transfer, and estate taxes and except to the extent that interest on the Bonds is included in the measure of certain franchise and excise taxes imposed under Tennessee law, and (iii) Dinsmore & Shohl LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of Internal Revenue Service Form 8038-G, and any other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.
